JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-SEVENTH DAY, FRIDAY, MAY 18, 2018

The House met pursuant to adjournment.

Speaker Richardson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Now let Thy servant depart in peace. (Luke 2:29)

O God of us all, who is all that is good and true and beautiful, create in our hearts a place where You can live on this last day of session. May the long emotional hours ahead be an opportunity for political cooperation for us and may we, until the conclusion, be prepared in body and spirit for the many tasks and votes that lie before us.

Now as we end this regular session keep us healthy and strong, ever ready to serve our beloved state and always being about Your business in the People's House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the seventy-sixth day was approved as printed by the following vote:

354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of providers to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating providers, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating providers to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating provider, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care providers in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity, and legal authority of its providers to furnish all contracted benefits to enrollees. The provisions of this subdivision shall not be construed to require any health care provider to submit copies of such health care provider's income tax returns to a health carrier. A health carrier may require a health care provider to obtain audited financial statements if such health care provider received ten percent or more of the total medical expenditures made by the health carrier.

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, financial institutions and professional registration, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the health carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The health carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

- (1) The health carrier's network;
- (2) The health carrier's procedures for making referrals within and outside its network;
- (3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;
- (4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;
- (5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to the plan's grievance procedures, its process for choosing and changing providers, and its procedures for providing and approving emergency and specialty care;
- (6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;
- (7) The health carrier's process for enabling enrollees to change primary care professionals;
- (8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating providers, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other health care professionals in a timely manner; and
- (9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

3. In reviewing an access plan filed pursuant to subsection 2 of this section, the director shall deem a managed care plan's network to be adequate if it meets one or more of the following criteria:

- (1) The managed care plan is a Medicare + Choice coordinated care plan offered by the health carrier pursuant to a contract with the federal Centers for Medicare and Medicaid Services;
- (2) The managed care plan is being offered by a health carrier that has been accredited by the National Committee for Quality Assurance at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed;
- (3) The managed care plan's network has been accredited by the Joint Commission on the Accreditation of Health Organizations for Network Adequacy, and such accreditation is in effect at the time the access plan is filed. If the accreditation applies to only a portion of the managed care plan's network, only the accredited portion will be deemed adequate; ~~or~~
- (4) The managed care plan is being offered by a health carrier that has been accredited by the Utilization Review Accreditation Commission at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed; **or**
- (5) The managed care plan is being offered by a health carrier that has been accredited by the Accreditation Association for Ambulatory Health Care, and such accreditation is in effect at the time the access plan is filed.**

"376.690. 1. As used in this section, the following terms shall mean:

(1) "Emergency medical condition", the same meaning given to such term in section 376.1350;

(2) "Facility", the same meaning given to such term in section 376.1350;

(3) "Health care professional", the same meaning given to such term in section 376.1350;

(4) "Health carrier", the same meaning given to such term in section 376.1350;

(5) "Unanticipated out-of-network care", health care services received by a patient in an in-network facility from an out-of-network health care professional from the time the patient presents with an emergency medical condition until the time the patient is discharged;

2. Health care professionals may send any claim for charges incurred for unanticipated out-of-network care to the patient's health carrier within one hundred and eighty days of the delivery of the unanticipated out-of-network care on a U.S. Centers of Medicare and Medicaid Services Form 1500, or its successor form, or electronically using the 837 HIPAA format, or its successor.

(1) Within forty-five processing days, as defined in 376.383, of receiving the health care professional's claim, the health carrier shall offer to pay the health care professional a reasonable reimbursement for unanticipated out-of-network care based on the health care professional's services. If the

health care professional participates in one or more of the carrier's commercial networks, the offer of reimbursement for unanticipated out-of-network care shall be the amount from the network which has the highest reimbursement.

(2) If the health care professional declines the health carrier's initial offer of reimbursement, the health carrier and health care professional shall have sixty days from the date of the initial offer of reimbursement to negotiate in good faith to attempt to determine the reimbursement for the unanticipated out-of-network care.

(3) If the health carrier and health care professional do not agree to a reimbursement amount by the end of the sixty day negotiation period, the dispute shall be resolved through an arbitration process as specified in subsection 4 of this section.

(4) To initiate arbitration proceedings, either the health carrier or health care professional must provide written notification to the director and the other party within 120 days of the end of the negotiation period, indicating their intent to arbitrate the matter and notifying the director of the billed amount and the date and amount of the final offer by each party. A claim for unanticipated out of network care may be resolved between the parties at any point prior to the commencement of the arbitration proceedings. Claims may be combined for purposes of arbitration, but only to the extent the claims represent similar circumstances and services provided by the same health care professional, and the parties attempted to resolve the dispute in accordance with subdivisions (2) through (4) of this subsection.

(5) No health care professional who sends a claim to a health carrier under subsection 2 of this section shall send a bill to the patient for any difference between the reimbursement rate as determined under this subsection and the health care professional's billed charge.

3. When unanticipated out-of-network care is provided, the health care professional who sends a claim to a health carrier under subsection 2 of this section may bill a patient for no more than the cost-sharing requirements described under this section.

(1) Cost-sharing requirements shall be based on the reimbursement amount as determined under subsection 2 of this section.

(2) The patient's health carrier shall inform the health care professional of its enrollee's cost-sharing requirements within forty-five processing days of receiving a claim from the health care professional for services provided.

(3) The in-network deductible and out-of-pocket maximum cost-sharing requirements shall apply to the claim for the unanticipated out-of-network care.

4. The director shall ensure access to an external arbitration process when a health care professional and health carrier cannot agree to a reimbursement under subdivision (2) of subsection 2 of this section. In order to ensure access, when notified of a parties' intent to arbitrate, the director shall randomly select an arbitrator for each case from the department's approved list of arbitrators or entities that provide binding arbitration. The director shall specify the criteria for an approved arbitrator or entity by rule. The costs of arbitration shall be shared equally between and will be directly billed to the health care professional and health carrier. These costs will include, but are not limited to, reasonable time necessary for the arbitrator to review materials in preparation for the arbitration, travel expenses and reasonable time following the arbitration for drafting of the final decision.

5. At the conclusion of such arbitration process, the arbitrator shall issue a final decision, which shall be binding on all parties. The arbitrator shall provide a copy of the final decision to the director. The initial request for arbitration, all correspondence and documents received by the Department and the final arbitration decision shall be considered a closed record under section 374.071. However, the director may release aggregated summary data regarding the arbitration process. The decision of the arbitrator shall not be considered an agency decision nor shall it be considered a contested case within the meaning of 536.010.

6. The arbitrator shall determine a dollar amount due under subsection 2 of this section between one hundred twenty percent of the Medicare allowed amount and the seventieth percentile of the usual and customary rate for the unanticipated out-of-network care, as determined by benchmarks from independent nonprofit organizations that are not affiliated with insurance carriers or provider organizations.

7. When determining a reasonable reimbursement rate, the arbitrator shall consider the following factors if the health care professional believes the payment offered for the unanticipated out-of-network care does not properly recognize:

- (1) The health care professional's training, education, or experience;
 - (2) The nature of the service provided;
 - (3) The health care professional's usual charge for comparable services provided;
 - (4) The circumstances and complexity of the particular case, including the time and place the services were provided; and
 - (5) The average contracted rate for comparable services provided in the same geographic area.
8. The enrollee shall not be required to participate in the arbitration process. The health care professional and health carrier shall execute a nondisclosure agreement prior to engaging in an arbitration under this section.

9. This section shall take effect on January 1, 2019.

10. The department of insurance, financial institutions and professional registration may promulgate rules and fees as necessary to implement the provisions of this section, including but not limited to, procedural requirements for arbitration. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

376.1065. 1. As used in this section, the following terms shall mean:

- (1) "Contracting entity", any health carrier, as such term is defined in section 376.1350, subject to the jurisdiction of the department engaged in the act of contracting with providers for the delivery of dental services, or the selling or assigning of dental network plans to other entities under the jurisdiction of the department;

Further amend said bill, Page 5, Section 376.1063, Lines 1 through 16, by removing all of said section from the bill; and

Further amend said bill, Page 10, Section 376.1367, Line 15, by inserting after the word "forty-five" the word "processing"; and

Further amend said page and section, Line 34, by inserting after all of said line the following:

- (3) Notwithstanding subdivision (1) of this section, an insurer may terminate an enrolled customer's enrollment under a portable electronics insurance policy upon fifteen days' notice for discovery of fraud or material misrepresentation in obtaining coverage or in the presentation of a claim thereunder;

(4) Notwithstanding subdivision (1) of this section, an insurer may immediately terminate an enrolled customer's enrollment under a portable electronics insurance policy:

(a) For nonpayment of premium;

However, if the notice is not timely sent, enrollment and coverage shall continue notwithstanding the aggregate limit of liability until the insurer sends notice of termination to the enrolled customer;

(5) Where a portable electronics insurance policy is terminated by a policyholder, the policyholder shall mail or deliver written notice to each enrolled customer advising the customer of the termination of the policy and the effective date of termination. The written notice shall be mailed or delivered to the customer at least thirty days prior to the termination;

(6) Whenever notice is required under this section, it shall be in writing and may be mailed or delivered to the vendor at the vendor's mailing address and to its affected enrolled customers' last known mailing addresses on file with the insurer. If notice is mailed, the insurer or vendor, as the case may be, shall maintain proof of mailing in a form authorized or accepted by the U.S. Postal Service or other commercial mail delivery service. Alternatively, an insurer or vendor policyholder may comply with any notice required by this section by providing electronic notice to a vendor or its affected enrolled customers, as the case may be, by electronic means. **For purposes of this subdivision, agreement to receive notices and correspondence by electronic means shall be determined in accordance with section 432.220.** Additionally, if an insurer or vendor policyholder provides electronic notice to an affected enrolled customer and such delivery by electronic means is not available or is undeliverable, the insurer or vendor policyholder shall provide written notice to the enrolled customer by mail in accordance with this section. If notice is accomplished through electronic means, the insurer or vendor of portable electronics, as the case may be, shall maintain proof that the notice was sent.

Representative Ross offered **House Amendment No. 2.**

House Amendment No. 2

AMEND Senate Joint Resolution No. 27, Page 1, Line 5, by deleting the word "amendment" and inserting in lieu thereof the word "amendments"; and

Further amend said bill, Page 2, Line 13, by inserting after all of said line the following:

"Section B. Section 10, article III, Constitution of Missouri, is repealed and three new sections adopted in lieu thereof, to be known as sections 2(a), 10, and 10(a), to read as follows:

Section 2(a). Only citizens of the United States of America shall be counted as part of the population of this state in making apportionments of the districts of the house of representatives and senate under sections 2, 5, 7, and 10 of this article. If the decennial census of the United States of America fails to provide an enumeration of the Missouri population of citizens, then a reliable estimate or estimated range provided by the United States Census Bureau or its successor or assigns, even if such estimate is not made as part of the

decennial census, shall be used. If neither of these sources are available, the total population of the state as reported by the decennial census of the United States shall be the population of this state in making apportionments of the districts of the house of representatives and senate under sections 2, 5, 7, and 10 of this article.

Section 10. Subject to the provisions of section 2(a) of this article, the last decennial census of the United States shall be used in apportioning representatives and determining the population of senatorial and representative districts. Such districts may be altered from time to time as public convenience may require.

Section 10(a). A reapportionment official shall accept no compensation or other thing of value for the performance of his or her official duties from any political committee, candidate, corporation, labor union, or private or public source other than the official compensation that is appropriated by the general assembly, as set forth in the remainder of this section. If funds are appropriated, all officials appointed as partisans shall be entitled to the compensation and expenses otherwise set forth in this constitution, and all officials appointed as nonpartisans, if any, shall be entitled to a compensation of double the rate for officials appointed as partisans, and expenses. If the general assembly has failed to make an appropriation of the full measure of funds allowed by this constitution, expressly identifying in the appropriation each reapportionment office to be funded and duties to be performed by each office, before the reapportionment start date, then the commissions for the reapportionment of the house of representatives and senate shall each meet and prepare plans of reapportionment in the manner and using the legal criteria set forth in the text of this article that was in effect on January 1, 2018, except as provided in sections 2(a) and 10 of this article, and the general assembly may make other provisions for compensation and costs of the members of each of the two commissions.

For purposes of this section, a reapportionment official is any person appointed under this article to reapportion districts in the senate or house of representatives, including but not limited to members of commissions and any other person whose official duty under this article requires that person to prepare a plan of reapportionment. A reapportionment office is each office held by a reapportionment official. The reapportionment start date is the date on which the population of this state is reported to the President for each decennial census of the United States, or in the event that a reapportionment has been invalidated by a court of competent jurisdiction, the date that such a ruling has been made. The provisions of this section and sections 2(a) and 10 of this article are self-executing. All of the provisions of this section, section 2(a), and section 10 are severable. If any provision of this this section, section 2(a), and section 10 is found by a court of competent jurisdiction to be unconstitutional or unconstitutionally enacted, the remaining provisions of this section, section 2(a), and section 10 shall be and remain valid.

Section C. Pursuant to chapter 116, and other applicable constitutional provisions and laws of this state allowing the general assembly to adopt ballot language for the submission of this joint resolution to the voters of this state, the official summary statement of this resolution shall be as follows:

"Shall the Missouri Constitution be amended to:

- Require that only citizens of the United States of America be counted for apportioning general assembly districts;
- Control reapportionment officials' compensation; and
- Require officials to use certain reapportionment procedures and criteria in effect January 1, 2018, unless the legislature follows certain appropriations guidelines
- Require that no person shall be elected to serve more than 16 years total in the General Assembly, regardless of which house, except for those individuals serving as a result of an election occurring prior to December, 2018.
- Limit the amount of time that a person may serve in as Speaker of the House, President Pro Tem of the Senate, or majority or minority floor leader of the House or Senate to 4 years in each position ?"."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Vescovo moved the previous question.

The Benediction was given by Reverend Monsignor Robert A. Kurwicky, Chaplain.

O God of Hosts, be with us as this session has drawn to its conclusion. While the day has been long, our years together here now seem to be too short. Bless us, as we depart, bless our families, bless our staff and our citizens, and give us a source of satisfaction that our time, treasures and talents were not wasted but were used to build up the Show-Me State.

We have some members who are leaving the People's House, some by term limits, some by personal choice, some by political decision and others by a desire for new opportunities. You have been a part of something special this year. You are a part of history and will be missed. Never regret being here but praise God you did all you could to be a good citizen legislator.

And the House says, "Amen!"

ADJOURNMENT

On motion of Representative Vescovo, the House adjourned until 1:00 p.m., Wednesday, May 30, 2018.

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-EIGHTH DAY, MONDAY, MAY 7, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Representative Charlie Davis.

Gracious God and creator of all that is good, I thank You for loving us, even though we don't deserve it. I thank You for caring for us, even though we don't deserve it. I thank You for allowing us to take part in heaven, again, even though we don't deserve it. It's not because of who we are but because of what You've done; it's not because of what we've done but because of who You are that gives us hope. I pray, O God, Your blessing to be poured out upon this nation and the great state. Give our leaders wisdom and strength to make decisions that make us a stronger, more caring people. May You give us endurance for these last two weeks of this legislative session, that we will leave this place knowing we have done our best to do what is right for our people, for Your people.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Brandon Fisher, Lillian Rose Parker, and Jacob Coleman Parker.

The Journal of the sixty-sixth day was approved as printed by the following vote:

"168.133. 1. The school district shall ensure that a criminal background check is conducted on any person employed after January 1, 2005, authorized to have contact with pupils and prior to the individual having contact with any pupil. Such persons include, but are not limited to, administrators, teachers, aides, paraprofessionals, assistants, secretaries, custodians, cooks, and nurses. The school district shall also ensure that a criminal background check is conducted for school bus drivers. The district may allow such drivers to operate buses pending the result of the criminal background check. For bus drivers, the school district shall be responsible for conducting the criminal background check on drivers employed by the school district. For drivers employed by a pupil transportation company, **a municipality, or any other entity** under contract with the school district, the criminal background check shall be conducted pursuant to section 43.540 and conform to the requirements established in the National Child Protection Act of 1993, as amended by the Volunteers for Children Act. Personnel who have successfully undergone a criminal background check and a check of the family care safety registry as part of the professional license application process under section 168.021 and who have received clearance on the checks within one prior year of employment shall be considered to have completed the background check requirement. A criminal background check under this section shall include a search of any information publicly available in an electronic format through a public index or single case display.

2. In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The fingerprints shall be used by the highway patrol to search the criminal history repository and shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files.

3. The applicant shall pay the fee for the state criminal history record information pursuant to section 43.530 and sections 210.900 to 210.936 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record when he or she applies for a position authorized to have contact with pupils pursuant to this section. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

4. The department of elementary and secondary education shall facilitate an annual check of employed persons holding current active certificates under section 168.021 against criminal history records in the central repository under section 43.530, the sexual offender registry under sections 589.400 to ~~589.475~~ **589.426**, and child abuse central registry under sections 210.109 to 210.183. The department of elementary and secondary education

shall facilitate procedures for school districts to submit personnel information annually for persons employed by the school districts who do not hold a current valid certificate who are required by subsection 1 of this section to undergo a criminal background check, sexual offender registry check, and child abuse central registry check. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

5. The school district may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

If, as a result of the criminal history background check mandated by this section, it is determined that the holder of a certificate issued pursuant to section 168.021 has pled guilty or nolo contendere to, or been found guilty of a crime or offense listed in section 168.071, or a similar crime or offense committed in another state, the United States, or any other country, regardless of imposition of sentence, such information shall be reported to the department of elementary and secondary education.

7. Any school official making a report to the department of elementary and secondary education in conformity with this section shall not be subject to civil liability for such action.

8. For any teacher who is employed by a school district on a substitute or part-time basis within one year of such teacher's retirement from a Missouri school, the state of Missouri shall not require such teacher to be subject to any additional background checks prior to having contact with pupils. Nothing in this subsection shall be construed as prohibiting or otherwise restricting a school district from requiring additional background checks for such teachers employed by the school district.

9. A criminal background check and fingerprint collection conducted under subsections 1 and 2 of this section shall be valid for at least a period of one year and transferrable from one school district to another district. A school district may, in its discretion, conduct a new criminal background check and fingerprint collection under subsections 1 and 2 for a newly hired employee at the district's expense. A teacher's change in type of certification shall have no effect on the transferability or validity of such records.

10. Nothing in this section shall be construed to alter the standards for suspension, denial, or revocation of a certificate issued pursuant to this chapter.

11. The state board of education may promulgate rules for criminal history background checks made pursuant to this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void."; and

At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

(1) **At the time the petition is filed**, it has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;

(2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

- (3) The person has satisfied all obligations relating to any such disposition, including the payment of any fines or restitution;
- (4) The person does not have charges pending;
- (5) The petitioner's habits and conduct demonstrate that the petitioner is not a threat to the public safety of the state; and
- (6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

- (1) A license, certificate, or permit issued by this state to practice such individual's profession;
- (2) Any license issued under chapter 313 or permit issued under chapter 571;
- (3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;
- (4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;
- (5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or
- (6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection.

Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer “no” to an employer’s inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

- (1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and
- (2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency, prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: “I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief.”

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law.”; and

COMMUNICATIONS

May 3, 2018

Mr. Adam Crumbliss
Chief Clerk
Missouri House of Representatives
Missouri State Capitol, Room 317A
Jefferson City, MO 65101

Dear Mr. Crumbliss:

It has come to my attention that in the Journal of the House for Wednesday, May 2, 2018, on page 2314, Representative Clem Smith is listed as voting “no” on the third reading of HCS SS SCS SBs 894 & 921.

Since Representative Clem Smith was absent with leave from the House, and participated in no other votes on May 2 before or after the vote on HCS SS SCS SBs 894 & 921, I believe Representative Smith’s vote on this bill was registered in error. Please take whatever corrective steps you deem appropriate.

Sincerely,

/s/ Gail McCann Beatty

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-NINTH DAY, TUESDAY, MAY 8, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I therefore beg you to live a life worthy of the calling to which you have been called. (Ephesians 4:1)

Eternal God, who in Your word has revealed to us the way, the truth, and the life, lead us, we pray, to walk in Your way, help us to believe Your truth, and give us courage to live Your life. Strengthen our hearts that in the midst of doubts within and disturbances without we may hold fast to those things we believe to be right and good for all people.

Grant Your blessings to all who work under the dome of this capitol and to all who serve our State. May all of us be made strong to do what ought to be done and what must be done if law and order is to prevail, if justice is to be done, and if people are to live together in peace.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Max Politte.

The Journal of the sixty-eighth day was approved as printed by the following vote:

Representative Rhoads offered **House Amendment No. 2.**

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 743, Page 1, Section A, Line 2, by inserting immediately after said line the following:

"160.430. 1. For purposes of this section and sections 160.432 and 160.435, "school of innovation" means a program approved by the school board of a school district with a curriculum, delivery method, or instructional model different from the traditional school model. A program qualifies as a school of innovation even if it does not have a building or facility that is separate from other district grade-level school buildings.

2. Students may attend a school of innovation and still be considered enrolled in a traditional school building for the purposes of cocurricular activities, extracurricular activities, and general courses available to both students in the school of innovation and students in the traditional public school setting.

3. The board of education of a school district may, by a majority vote of the entire board, establish a school of innovation. Before the vote, the board members shall prepare and distribute to all members a written description of the educational mission of the school of innovation, the research that supports that mission, the educational goals for the school of innovation, and the process the district intends to use to determine if the school of innovation is meeting those goals.

4. The school day, school hours, and school term of a school of innovation may be different from other schools in the district. Schools of innovation shall be required to meet the minimum school day or school term requirements in sections 160.011, 160.041, 171.031, and 171.033.

5. For purposes of calculation and distribution of state school funding, attendance of a student enrolled in a school of innovation shall equal, upon completion of the school year, one hundred five percent of the hours of attendance possible for the same or similar program delivered in the traditional school setting offered in the district. State funding shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of the program, with distribution of state funding to a school district at each increment equal to fifty-two and one-half percent of hours of attendance possible for the same or similar program delivered in the traditional program in the district.

6. For the first three years a school of innovation exists, the graduation rates, attendance rates, and scores on the statewide assessments established under section 160.518 of the students enrolled in the school of innovation shall not be considered when determining a district's accreditation status, unless the district chooses for those scores and rates to be considered.

7. The board of a school district that has established a school of innovation shall annually review the overall academic performance of the school of innovation and the progress the school of innovation has made toward achieving the educational goals set when the school was established. The board may, by a majority vote of the entire board, alter, amend, extend, or change the goals or educational mission of the school of innovation. The board may at any time vote to revoke the school's status as a school of innovation.

8. A superintendent of a school district with a school of innovation, or his or her designee, may assign specific teachers and district employees to a school of innovation, regardless of existing policies, practices, or collective bargaining agreements.

9. (1) The board of a school district that has established a school of innovation may, at its discretion, pay a teacher assigned to and teaching in the school of innovation more than what the teacher would otherwise receive on the teacher salary schedule in order to compensate for the additional training, alternative lesson plans, extended hours, and additional duties associated with the position.

(2) Teachers assigned to a school of innovation may earn tenure in the district, but the teachers have no right or entitlement to continue to work in a school of innovation.

(3) Teaching contracts for teachers assigned to a school of innovation shall not include a set number of days, months, or working hours. A teacher assigned to a school of innovation shall receive a school calendar outlining general attendance expectations.

(4) If a district reassigns a teacher from a school of innovation and then pays the teacher on the teacher salary schedule for the district, the reassignment shall not be considered a demotion under sections 168.102 to 168.130, even if the teacher's compensation is reduced.

10. Notwithstanding any provision of chapter 169 or any other provision of law, a teacher receiving retirement benefits under chapter 169 may, without losing his or her retirement benefits, teach on a full-time or part-time basis in a school of innovation if the teacher is certificated and has teaching experience in a subject that is essential to the mission of the school of innovation and the district can demonstrate that it has been unsuccessful in employing a teacher with the same certification and relevant experience in the subject area. A retired teacher who is employed to work at a school of innovation under this subsection shall not be eligible to earn tenure.

11. A school district that establishes a school of innovation may allow students who are not residents of the district to attend the school of innovation upon payment of tuition by the student, parents, or the student's resident school district or charter school. The school district that establishes the school of innovation shall not be responsible for the transportation of nonresident students. A school district may enter into an agreement with the district that has established the school of innovation to share staff, facilities, or other resources in lieu of or in addition to tuition.

12. (1) The board of a school district that has established or that seeks to establish a school of innovation may apply to the state board of education for a waiver of a state statute or regulation that impedes the establishment of a school of innovation or that is otherwise a barrier to the innovative educational mission.

(2) The state board of education shall hold a public hearing to determine if a waiver should be granted. The state board of education may, by a majority vote of the entire state board, waive a state statute or regulation for the limited purpose of operating the school of innovation. Such waiver shall last three years and may be extended by the state board of education for three-year terms upon evidence that the waiver has resulted in the desired educational innovation and opportunity.

13. The department of elementary and secondary education shall review all existing laws, regulations, and processes and take action to remove any identified barriers to school districts using innovative education models. The department of elementary and secondary education shall report to the governor before December 1, 2018, any state or federal statutes or regulations that could impede the establishment of schools of innovation.

14. Subject to appropriation, the governor, or a task force appointed by the governor, shall annually award ten competitive grants to school districts for the establishment, implementation, or expansion of schools of innovation.

160.432. A school district may enter into an agreement with one or more other school districts to provide students access to courses or schools, including schools of innovation. School districts may enter into agreements to share staff, facilities, or other resources in lieu of or in addition to tuition paid by a district for its students to access the courses or schools, including schools of innovation. The school district sponsoring the course or school, including the school of innovation, shall retain financial and legal responsibility unless determined otherwise in the agreement.

160.435. 1. A school district may enter into an agreement with one or more other school districts to cooperatively provide schools to educate resident students of all participating districts. Such schools shall be known as "cooperative schools". Cooperative school services may be provided in the facilities of any of the cooperating districts or in facilities leased by the cooperating districts or through a third-party vendor. The agreement shall describe the nature of the services to be provided. Services may include full-day instruction, individual courses, a specialized program of studies, or the establishment of a shared school of innovation.

2. Districts participating in a cooperative school shall equally share financial and legal responsibility for the school, courses, and employees assigned to such schools and courses, unless otherwise determined in the agreement. Participating districts shall contribute funds, facilities, staff, or other resources to operate the cooperative school as determined in the agreement.

3. A cooperative school shall be governed by a committee, with one appointed representative from each participating school district. The committee shall have the legal authority to create and oversee a budget, enter into contracts, employ staff, and pay bills associated with the cooperative school. The financial resources devoted to the cooperative school by the participating districts shall be kept in a separate account, shall be solely devoted to the cooperative school, and shall carry over from year to year to the benefit of the cooperative school.

4. If an agreement under this section expires and no new agreement is reached, a cooperative school may be dissolved by a unanimous vote of the representatives on the committee governing the cooperative school or by a vote of the boards of education of all the participating school districts. If dissolved, all resources, debt, or legal liability incurred shall be divided in accordance with the agreement.

5. Eligible students from participating districts shall have an equal opportunity to attend the cooperative school, as determined by the agreement. Any student enrolled in a participating district shall be reported by the sending participating district for state aid purposes. The cooperative school shall share information and student records with the school districts in which students are enrolled.

6. The committee governing the cooperative school shall employ teachers and other staff necessary to operate the cooperative school. The teaching or administrative contracts shall be with the committee governing the cooperative school rather than with the participating school districts. Teachers teaching at a cooperative school may earn tenure in the cooperative school in accordance with sections 168.102 to 168.130 but shall not earn tenure with any participating district based on employment in the cooperative school.

7. However, the teacher shall not continue to earn years toward tenure in the participating district during his or her employment with the cooperative school.

8. If the committee governing the cooperative school determines that the school needs to reduce or rearrange staff due to a decrease in student enrollment, reorganization of the program, or financial conditions, teaching staff shall be placed on leaves of absence from the cooperative school in accordance with section 168.124. If a teacher is placed on leave of absence from the cooperative school but has previously earned tenure in a participating district immediately before his or her employment in the cooperative school, the participating district may reemploy the tenured teacher, and the teacher shall be considered tenured upon reemployment. If a teacher is placed on leave of absence from the cooperative school but was a probationary teacher in a participating district immediately before his or her employment with the cooperative school, and the participating district reemploys the teacher, the teacher shall not have lost years toward tenure previously earned with the participating district.

160.545. 1. There is hereby established [~~within the department of elementary and secondary education~~] the “A+ Schools Program” to be administered by the commissioner of education. The program shall consist of grant awards made to public secondary schools that demonstrate a commitment to ensure that:

- (1) All students be graduated from school;
- (2) All students complete a selection of high school studies that is challenging and for which there are identified learning expectations; and
- (3) All students proceed from high school graduation to a college or postsecondary vocational or technical school or high-wage job with work place skill development opportunities.

2. The state board of education shall promulgate rules and regulations for the approval of grants made under the program to schools that:

- (1) Establish measurable districtwide performance standards for the goals of the program outlined in subsection 1 of this section; and
- (2) Specify the knowledge, skills and competencies, in measurable terms, that students must demonstrate to successfully complete any individual course offered by the school, and any course of studies which will qualify a student for graduation from the school; and
- (3) [~~Do not offer a general track of courses that, upon completion, can lead to a high school diploma; and~~]
~~—————~~ (4) Require rigorous coursework with standards of competency in basic academic subjects for students pursuing vocational and technical education as prescribed by rule and regulation of the state board of education; and
- [(5)] (4) Have a partnership plan developed in cooperation and with the advice of local business persons, labor leaders, parents, and representatives of college and postsecondary vocational and technical school representatives, with the plan then approved by the local board of education. The plan shall specify a mechanism to receive information on an annual basis from those who developed the plan in addition to senior citizens, community leaders, and teachers to update the plan in order to best meet the goals of the program as provided in subsection 1 of this section. Further, the plan shall detail the procedures used in the school to identify students that may drop out of school and the intervention services to be used to meet the needs of such students. The plan shall outline counseling and mentoring services provided to students who will enter the work force upon graduation from high school, address apprenticeship and intern programs, and shall contain procedures for the recruitment of volunteers from the community of the school to serve in schools receiving program grants.

3. Any nonpublic school in this state may apply to the state board of education for certification that it meets the requirements of this section subject to the same criteria as public high schools. Every nonpublic school that applies and has met the requirements of this section shall have its students eligible for reimbursement of postsecondary

education under subsection 8 of this section on an equal basis to students who graduate from public schools that meet the requirements of this section. Any nonpublic school that applies shall not be eligible for any grants under this section. Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary education under subsection 8 of this section so long as they meet the other requirements of such subsection. For purposes of subdivision ~~[(5)]~~ (4) of subsection 2 of this section, the nonpublic school shall be included in the partnership plan developed by the public school district in which the nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the nonpublic school shall establish measurable performance standards for the goals of the program for every school and grade level over which the nonpublic school maintains control.

4. A school district may participate in the program irrespective of its accreditation classification by the state board of education, provided it meets all other requirements.

5. By rule and regulation, the state board of education may determine a local school district variable fund match requirement in order for a school or schools in the district to receive a grant under the program. However, no school in any district shall receive a grant under the program unless the district designates a salaried employee to serve as the program coordinator, with the district assuming a minimum of one-half the cost of the salary and other benefits provided to the coordinator. Further, no school in any district shall receive a grant under the program unless the district makes available facilities and services for adult literacy training as specified by rule of the state board of education.

6. For any school that meets the requirements for the approval of the grants authorized by this section and specified in subsection 2 of this section for three successive school years, by August first following the third such school year, the commissioner of education shall present a plan to the superintendent of the school district in which such school is located for the waiver of rules and regulations to promote flexibility in the operations of the school and to enhance and encourage efficiency in the delivery of instructional services in the school. The provisions of other law to the contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver, with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092 and such other rules and regulations as determined by the commissioner of education, except such waivers shall be confined to the school and not other schools in the school district unless such other schools meet the requirements of this subsection. However, any waiver provided to any school as outlined in this subsection shall be void on June thirtieth of any school year in which the school fails to meet the requirements for the approval of the grants authorized by this section as specified in subsection 2 of this section.

7. For any school year, grants authorized by subsections 1, 2, and 5 of this section shall be funded with the amount appropriated for this program, less those funds necessary to reimburse eligible students pursuant to subsection 8 of this section.

8. The department of higher education shall, by rule, establish a procedure for the reimbursement of the cost of tuition, books and fees to any public community college or vocational or technical school or within the limits established in subsection ~~[40]~~ 11 of this section for any two-year private vocational or technical school for any student:

(1) Who has attended a high school in the state for at least ~~[three]~~ two years ~~[immediately prior to graduation]~~ that meets the requirements of subsection 2 of this section; except that, students who are active duty military dependents, and students who are ~~[dependants]~~ **dependents** of retired military who relocate to Missouri within one year of the date of the parent's retirement from active duty, who ~~[in the school year immediately preceding graduation]~~ meet all other requirements of this subsection and are attending a school that meets the requirements of subsection 2 of this section shall be exempt from the ~~[three-year]~~ **two-year** attendance requirement of this subdivision; and

(2) Who has made a good faith effort to first secure all available federal sources of funding that could be applied to the reimbursement described in this subsection; and

(3) Who has earned a minimal grade average while in high school **or through the semester immediately before taking the course for which he or she seeks reimbursement** as determined by rule of the department of higher education, and other requirements for the reimbursement authorized by this subsection as determined by rule and regulation of the department; and

(4) Who is a citizen or permanent resident of the United States.

9. **A student who meets the requirements established in subsection 8 of this section immediately before taking the course for which he or she seeks reimbursement shall receive reimbursement of the cost of tuition, books, and fees for any dual credit or dual enrollment course offered in a high school in association with a public community college or vocational or technical school, subject to the requirements of subsection 11 of this section. Eligible students who qualify for reimbursement under this subsection shall also receive reimbursement for the costs associated with an advanced placement course or test.**

10. The commissioner of education shall develop a procedure for evaluating the effectiveness of the program described in this section. Such evaluation shall be conducted annually with the results of the evaluation provided to the governor, speaker of the house, and president pro tempore of the senate.

~~[10-]~~ **11.** For a two-year private vocational or technical school to obtain reimbursements under subsection 8 of this section, the following requirements shall be satisfied:

(4) The reimbursements provided to any two-year private vocational or technical school shall not violate the provisions of Article IX, Section 8, or Article I, Section 7, of the Missouri Constitution or the first amendment of the United States Constitution."; and

The school district may offer instruction in a virtual setting using technology, intranet, and internet methods of communications that could take place outside of the regular school district facility. The school district may develop a virtual program for any grade level, kindergarten through twelfth grade, with the courses available in accordance with district policy to any resident student of the district who is enrolled in the school district. Nothing in this section shall preclude a private, parochial, or home school student residing within a school district offering virtual courses or virtual programs from enrolling in the school district in accordance with the combined enrollment provisions of section 167.031 for the purposes of participating in the virtual courses or virtual programs.

2. Course completion shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of defined assignments and assessments, with distribution of state funding to a school district or charter school at each increment equal to forty-seven **and one-half** percent of hours of attendance possible for such course delivered in the nonvirtual program in a student's school district of residence or charter school.

4. When courses are purchased from an outside vendor, the district or charter school shall ensure that they are aligned with the ~~[show me curriculum]~~ **state learning** standards and comply with state requirements for teacher certification. The state board of education reserves the right to request information and materials sufficient to evaluate the online course. Online classes should be considered like any other class offered by the school district or charter school.

5. Any school district or charter school that offers instruction in a virtual setting, develops a virtual course or courses, or develops a virtual program of instruction shall ensure that the following standards are satisfied:

- (1) The virtual course or virtual program utilizes appropriate content-specific tools and software;
- (2) Orientation training is available for teachers, instructors, and students as needed;

(11) The virtual course or virtual program demonstrates the ability to effectively use and incorporate subject-specific and developmentally appropriate software in an online learning module; and

(12) The virtual course or virtual program arranges media and content to help transfer knowledge most effectively in the online environment.

6. Any special school district shall count any student's completion of a virtual course or program in the same manner as the district counts completion of any other course or program for credit.

7. A school district or charter school may contract with multiple providers of virtual courses or virtual programs, provided they meet the criteria for virtual courses or virtual programs under this section.

162.1251. 1. Any individual, organization, company, or charter school that offers a virtual course in Missouri, other than a school district, may request certification of the course by the department of elementary and secondary education. The department shall certify only courses that meet the following requirements as well as other factors determined relevant by the department to verify quality:

(1) The course is aligned with the state learning standards;

(2) The course is taught by a teacher who is certificated to teach in the state of Missouri;

(3) The course and its delivery method meet federal accessibility requirements to accommodate those who are disabled;

(4) The course complies with state and federal privacy requirements for student records;

(5) The course meets the same requirements imposed on virtual courses under section 162.1250;

(6) The course provider does not discriminate on the basis of race, color, religion, sex, national origin, ancestry, disability, English language learner status, or income level; and

(7) If the department requires that school districts administer a statewide assessment or end-of-course assessment in relation to the course, the course provider pays for and administers the assessment to students enrolled in the course.

2. The department of elementary and secondary education may charge a fee to all virtual course providers to pay for the costs of certification and recertification of virtual courses. The department may at any time request information and materials or interview staff or students to evaluate or reevaluate the virtual course or to verify continuing compliance with the requirements established by the department. The department shall investigate any complaint made against a virtual course provider. The department may revoke certification of a course or refuse to recertify a course if the course does not meet the requirements of this section or other relevant laws, the course provider does not comply with requests for information, or the department has articulable concerns regarding the quality of the course or the instruction provided in the course.

3. Each virtual course provider offering a course certified under this section shall annually report to the department of elementary and secondary education and post on the provider's website a report card detailing the number of students who have enrolled in the course and the number of students who have completed the course with a passing grade. If there is a statewide assessment or end-of-course assessment related to the course, the report card shall include the aggregate assessment scores of the students who took the assessment.

4. A virtual course provider offering a course certified under this section shall immediately transfer records upon the request of the parent, the student, or the school district or charter school that has paid for part or all of the virtual course for which the records are requested, regardless of whether additional tuition

or fees are owed for the course. School districts and charter schools are required to accept transferred credit from any virtual course certified by the department of elementary and secondary education upon receipt of adequate records verifying completion of the course by the student.

5. The department of elementary and secondary education may promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

162.1252. 1. (1) If a school district or charter school does not offer a particular course a student wishes to take or a course substantially similar to the course a student wishes to take in the school the student attends and the school the student attends gives instruction in a grade or grades not lower than the sixth nor higher than the twelfth grade, the student or his or her parent may submit a written request to the superintendent or his or her designee or the principal of the charter school for the district or charter school to provide the course to the student virtually or otherwise. The written request shall explain why the district or charter school should provide the course to the student. The superintendent or his or her designee or the principal of the charter school shall notify the student or parent of his or her decision with respect to the request within forty-five days of receipt.

(2) If the superintendent or his or her designee or the principal of the charter school declines to offer the course virtually or otherwise, the parent or student may submit a written request to the school board or the governing board of the charter school to provide the course to the student. The school board or the governing board of the charter school shall act on the request within forty-five days of receipt. If the request is denied or not acted upon, and there is a certified virtual course offered in accordance with section 162.1251, the district or charter school shall pay the tuition for the student to take the course if the student meets the requirements of subsection 2 of this section; except that, the district or charter school is required to pay for only one virtual course each semester for a student.

2. To qualify for payment of a virtual course by the district or charter school, the student shall be currently enrolled in the school district or charter school and shall have been enrolled in and regularly attending the school district or charter school for at least one school year. If the student is receiving special educational services, as defined in section 162.675, the student's individualized education program team shall approve the course as appropriate for the student. The district or charter school is not required to pay the tuition for a student to take a virtual course if the student has dropped out of or failed to complete a virtual course within the past three years.

3. No school district or charter school shall pay, for any one course for a student, more than fourteen percent of the state adequacy target, as defined in section 163.011. The virtual course provider shall bill the school district or charter school on a monthly basis. If a student discontinues enrollment in the district or charter school, drops out of the course, or fails to adequately participate in the course, the district or charter school may stop making monthly payments to the virtual course provider.

4. If a school district or charter school pays for a virtual course as required in this section, the district or charter school may collect state aid for the course. For purposes of calculation and distribution of state school funding, attendance of a student enrolled in a virtual course shall equal, upon course completion, ninety-five percent of the hours of attendance possible for a similar course delivered in the nonvirtual program in the student's resident district or charter school. Course completion shall be calculated in two increments, fifty percent completion and one hundred percent completion, based on the student's completion of defined assignments and assessments, with distribution of state funding to a school district or charter school at each increment equal to forty-seven and one-half percent of hours of attendance possible for such course delivered in the nonvirtual program in the student's school district of residence or charter school.

5. The virtual course provider shall provide the school district or charter school all student records and progress reports regarding the performance and attendance of the district or charter school students taking the course.

6. Nothing in this section shall require any school district, any charter school, or the state to provide computers, equipment, or internet access to any student.

7. For purposes of this section, "charter school" shall mean a charter school that has declared itself a local educational agency."; and

Further amend said bill, Page 2, Section 163.018, Line 39, by inserting immediately after said line the following:

"167.231. 1. Within all school districts except metropolitan districts the board of education shall provide transportation to and from school for all pupils living more than three and one-half miles from school and may provide transportation for all pupils. State aid for transportation shall be paid as provided in section 163.161 only on the basis of the cost of pupil transportation for those pupils living one mile or more from school, including transportation provided to and from publicly operated university laboratory schools. The board of education may provide transportation for pupils living less than one mile from school at the expense of the district and may prescribe reasonable rules and regulations as to eligibility of pupils for transportation, and, notwithstanding any other provision of law, no such district shall be subject to an administrative penalty when the district demonstrates pursuant to rule established by the state board of education that such students are required to cross a state highway or county arterial in the absence of sidewalks, traffic signals, or a crossing guard and that no existing bus stop location has been changed to permit a district to evade such penalty. If no increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from the school, the board may transport said pupils. If an increase in the tax levy of the school district is required to provide transportation for pupils living less than one mile from school, the board shall submit the question at a public election. If a two-thirds majority of the voters voting on the question at the election are in favor of providing the transportation, the board shall arrange and provide therefor.

2. The proposal and the ballots may be in substantially the following form:

Shall the board of education of the school district provide transportation at the expense of the district for pupils living less than one mile from school and be authorized to levy an additional tax of cents on the one hundred dollars assessed valuation to provide funds to pay for such transportation service?

☐ YES ☐ NO

(If you are in favor of the proposition (or question), place an X in the box opposite "YES". If you are opposed to the proposition (or question), place an X in the box opposite "NO".)

3. The board of education of any school district may provide transportation to and from school for any public school pupil not otherwise eligible for transportation under the provisions of state law, and may prescribe reasonable rules and regulations as to eligibility for transportation, if the parents or guardian of the pupil agree in writing to pay the actual cost of transporting the pupil. The minimum charge would be the actual cost of transporting the pupil for ninety school days, which actual cost is to be determined by the average per-pupil cost of transporting children in the school district during the preceding school year. The full actual cost shall be paid by the parent or guardian of the pupil and shall not be paid out of any state school aid funds or out of any other revenues of the school district. The cost of transportation may be paid in installments, and the board of education shall establish the cost of the transportation and the time or times and method of payment.

4. A school district or charter school may arrange to have students transported using alternative methods such as existing public transportation or vehicles other than a school bus, as long as the district or charter school pays the cost of the transportation or provides for the transportation without cost to the student.

168.011. 1. No person shall be employed to teach in any position in a public school until he **or she** has received a valid certificate of license entitling him **or her** to teach in that position.

Holders of certificates granted under this subdivision shall be exempt from the teacher tenure act under sections 168.102 to 168.130 and each school district shall have the decision-making authority on whether to hire the holders of such certificates; [✗]

When such certificates are required to be renewed, the state board or its designee shall grant to each holder of such a certificate the certificate most nearly equivalent to the one so held. Anyone who holds, as of August 28, 2003, a valid PC-I, PC-II, or continuous professional certificate shall, upon expiration of his or her current certificate, be issued the appropriate level of certificate based upon the classification system established pursuant to subsection 3 of this section.

3. Certificates of license to teach in the public schools of the state shall be based upon minimum requirements prescribed by the state board of education which shall include completion of a background check as prescribed in section 168.133. The state board shall provide for the following levels of professional certification: an initial professional certificate and a career continuous professional certificate.

(1) The initial professional certificate shall be issued upon completion of requirements established by the state board of education and shall be valid based upon verification of actual teaching within a specified time period established by the state board of education. The state board shall require holders of the four-year initial professional certificate to:

- (a) Participate in a mentoring program approved and provided by the district for a minimum of two years;
- (b) Complete thirty contact hours of professional development, which may include hours spent in class in an appropriate college curriculum, or for holders of a certificate under subdivision (4) of subsection 1 of this section, an amount of professional development in proportion to the certificate holder's hours in the classroom, if the certificate holder is employed less than full time; and

- (c) Participate in a beginning teacher assistance program.

(2) (a) The career continuous professional certificate shall be issued upon verification of completion of four years of teaching under the initial professional certificate and upon verification of the completion of the requirements articulated in paragraphs (a), (b), and (c) of subdivision (1) of this subsection or paragraphs (a), (b), (c), and (d) of subdivision (5) of subsection 1 of this section.

(b) The career continuous professional certificate shall be continuous based upon verification of actual employment in an educational position as provided for in state board guidelines and completion of fifteen contact hours of professional development per year which may include hours spent in class in an appropriate college curriculum. Should the possessor of a valid career continuous professional certificate fail, in any given year, to meet the fifteen-hour professional development requirement, the possessor may, within two years, make up the missing hours. In order to make up for missing hours, the possessor shall first complete the fifteen-hour requirement for the current year and then may count hours in excess of the current year requirement as make-up hours. Should the possessor fail to make up the missing hours within two years, the certificate shall become inactive. In order to reactivate the certificate, the possessor shall complete twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate. The requirements of this paragraph shall be monitored and verified by the local school district which employs the holder of the career continuous professional certificate.

(c) A holder of a career continuous professional certificate shall be exempt from the professional development contact hour requirements of paragraph (b) of this subdivision if such teacher has a local professional development plan in place within such teacher's school district and meets two of the three following criteria:

- a. Has ten years of teaching experience as defined by the state board of education;
- b. Possesses a master's degree; or
- c. Obtains a rigorous national certification as approved by the state board of education.

4. Policies and procedures shall be established by which a teacher who was not retained due to a reduction in force may retain the current level of certification. There shall also be established policies and procedures allowing a teacher who has not been employed in an educational position for three years or more to reactivate his or her last level of certification by completing twenty-four contact hours of professional development which may include hours spent in the classroom in an appropriate college curriculum within the six months prior to or after reactivating his or her certificate.

5. The state board shall, upon completion of a background check as prescribed in section 168.133, issue a professional certificate classification in the areas most closely aligned with an applicant's current areas of certification, commensurate with the years of teaching experience of the applicant, to any person who is hired to teach in a public school in this state and who possesses a valid teaching certificate from another state or certification under subdivision (4) of subsection 1 of this section, provided that the certificate holder shall annually complete the state board's requirements for such level of certification, and shall establish policies by which residents of states other than the state of Missouri may be assessed a fee for a certificate of license to teach in the public schools of Missouri. Such fee shall be in an amount sufficient to recover any or all costs associated with the issuing of a certificate of license to teach. The board shall promulgate rules to authorize the issuance of a provisional certificate of license, which shall allow the holder to assume classroom duties pending the completion of a criminal background check under section 168.133, for any applicant who:

continuous professional certificate. However, such fee shall not exceed the combined costs of issuance and any criminal background check required as a condition of issuance. Applicants for the initial ABCTE certificate shall be responsible for any fees associated with the program leading to the issuance of the certificate, but nothing in this section shall prohibit a district from developing a policy that permits fee reimbursement.

7. Any member of the public school retirement system of Missouri who entered covered employment with ten or more years of educational experience in another state or states and held a certificate issued by another state and subsequently worked in a school district covered by the public school retirement system of Missouri for ten or more years who later became certificated in Missouri shall have that certificate dated back to his or her original date of employment in a Missouri public school.

170.039. 1. (1) School districts and charter schools sponsored by local boards of education may award an enrolled student credit for a high school course if the student is able to demonstrate proficiency in the knowledge, skills, and competencies in the subject area to the satisfaction of the district or charter school sponsored by a local board of education, regardless of whether the student has enrolled in the course with the district or charter school sponsored by a local board of education or completed the course.

2. A student who earns proficiency-based credits shall not be required to graduate earlier than his or her age-related cohorts even if the student earns more credits than necessary to graduate. However, if a student graduates from high school earlier than his or her age-related cohorts due to proficiency-based credits earned by the student, the district may continue to collect state aid for the student until the student's age-related cohorts graduate. The state aid earned in this manner shall be used to provide services to students who are at risk of not graduating on time or at all or to increase the number of students attending a career center from the number of students who attended in the 2017-18 school year.

3. If a student graduates early due to proficiency-based credits earned by the student, the district's collection of state aid for the student as described in subsection 2 of this section shall be determined by counting each course for which the student earned proficiency-based credit as equaling ninety-five percent of the hours of attendance possible for such course even though the student never actually attended the course. The district shall count only those courses necessary for the district to claim full-time status for the student until the student's age-related cohorts graduate."; and

A civil investigative demand issued under this section shall only be quashed or modified on the same basis as a subpoena duces tecum issued by a court of this state.

5. If any person fails to comply with any portion of a civil investigative demand served under this section, the attorney general may file a petition for an order to enforce the civil investigative demand. The attorney general may file such petition in the circuit court of Cole County or in any circuit court where such person has his or her principal place of business or residence. 7. No publication or other expression of matter by students in the exercise of rights under this section shall be deemed to be an expression of a school district's policy. No school district, member of the board of education, student-media advisor, or employee of a school district shall be held liable in any civil or criminal action for any publication or other expression of matter by student journalists in the exercise of rights under this section except to the extent that such persons or entities have interfered with or altered the content of the student speech or expression, and then only to the extent of the interference or alteration of the speech or expression.

3. Subject to subsection 4 of this section, a student journalist is responsible for determining the news, opinion, feature, and advertising content of school-sponsored media. This subsection shall not be construed to prevent a student-media advisor from teaching professional standards of English and journalism to student journalists.

4. This section does not authorize or protect expression by a student that:

House Amendment No. 15

AMEND House Committee Substitute for Senate Bill No. 743, Page 1, Section A, Line 2, by inserting immediately after all of said section and line the following:

"160.410. 1. A charter school shall enroll:

(1) All pupils resident in the district in which it operates;
(2) Nonresident pupils eligible to attend a district's school under an urban voluntary transfer program;
(3) Nonresident pupils who transfer from an unaccredited district under section 167.131, provided that the charter school is an approved charter school, as defined in section 167.131, and subject to all other provisions of section 167.131;

(4) In the case of a charter school whose mission includes student drop-out prevention or recovery, any nonresident pupil from the same or an adjacent county who resides in a residential care facility, a transitional living group home, or an independent living program whose last school of enrollment is in the school district where the charter school is established, who submits a timely application; and

(5) In the case of a workplace charter school, any student eligible to attend under subdivision (1) or (2) of this subsection whose parent is employed in the business district, who submits a timely application, unless the number of applications exceeds the capacity of a program, class, grade level or building. The configuration of a business district shall be set forth in the charter and shall not be construed to create an undue advantage for a single employer or small number of employers.

2. If capacity is insufficient to enroll all pupils who submit a timely application, the charter school shall have an admissions process that assures all applicants of an equal chance of gaining admission and does not discriminate based on parents' ability to pay fees or tuition except that:

(1) A charter school may establish a geographical area around the school whose residents will receive a preference for enrolling in the school, provided that such preferences do not result in the establishment of racially or socioeconomically isolated schools and provided such preferences conform to policies and guidelines established by the state board of education;

(2) A charter school may also give a preference for admission of children whose siblings attend the school or whose parents are employed at the school or in the case of a workplace charter school, a child whose parent is employed in the business district or at the business site of such school; and

(3) Charter ~~[alternative and special purpose]~~ schools may also give a preference for admission to high-risk students, as defined in subdivision (5) of subsection 2 of section 160.405, when the school targets these students through its proposed mission, curriculum, teaching methods, and services.

3. A charter school shall not limit admission based on race, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability, but may limit admission to pupils within a given age group or grade level. Charter schools may limit admission based on gender only when the school is a single-gender school. Students of a charter school who have been enrolled for a full academic year shall be counted in the performance of the charter school on the statewide assessments in that calendar year, unless otherwise exempted as English language learners. For purposes of this subsection, "full academic year" means the last Wednesday in September through the administration of the Missouri assessment program test without transferring out of the school and re-enrolling.

4. A charter school shall make available for public inspection, and provide upon request, to the parent, guardian, or other custodian of any school-age pupil resident in the district in which the school is located the following information:

- (1) The school's charter;
- (2) The school's most recent annual report card published according to section 160.522;
- (3) The results of background checks on the charter school's board members; and

5. When a student attending a charter school who is a resident of the school district in which the charter school is located moves out of the boundaries of such school district, the student may complete the current semester and shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

6. If a change in school district boundary lines occurs under section 162.223, 162.431, 162.441, or 162.451, or by action of the state board of education under section 162.081, including attachment of a school district's territory to another district or dissolution, such that a student attending a charter school prior to such change no longer resides in a school district in which the charter school is located, then the student may complete the current academic year at the charter school. The student shall be considered a resident student. The student's parent or legal guardian shall be responsible for the student's transportation to and from the charter school.

7. The provisions of sections 167.018 and 167.019 concerning foster children's educational rights are applicable to charter schools."; and

On motion of Representative Swan, **House Amendment No. 16** was adopted.

Representative Korman offered **House Amendment No. 17**.

House Amendment No. 17

AMEND House Committee Substitute for Senate Bill No. 743, Page 2, Section 163.018, Line 39, by inserting immediately after all of said section and line the following:

"178.931. 1. Beginning July 1, 2018, and thereafter, the department of elementary and secondary education shall pay monthly, out of the funds appropriated to it for that purpose, to each sheltered workshop a sum equal to the amount calculated under subsection 2 of this section but at least the amount necessary to ensure that at least twenty-one dollars is paid for each six-hour or longer day worked by a handicapped employee.

2. In order to calculate the monthly amount due to each sheltered workshop, the department shall:

- (1) Determine the quotient obtained by dividing the appropriation for the fiscal year by twelve; and**
- (2) Divide the amount calculated under subdivision (1) of this subsection among the sheltered**

workshops in proportion to each sheltered workshop's number of hours submitted to the department for the preceding calendar month.

3. The department shall accept, as prima facie proof of payment due to a sheltered workshop, information as designated by the department, either in paper or electronic format. A statement signed by the president, secretary, and manager of the sheltered workshop, setting forth the dates worked and the number of hours worked each day by each handicapped person employed by that sheltered workshop during the preceding calendar month, together with any other information required by the rules or regulations of the department, shall be maintained at the workshop location.

~~[178.930. 1. (1) Beginning July 1, 2009, and until June 30, 2010, the department of elementary and secondary education shall pay monthly, out of the funds appropriated to it for that purpose, to each sheltered workshop a sum equal to ninety dollars for each standard workweek (Monday through Friday) of up to and including thirty hours worked during the preceding calendar month. Eighteen dollars shall be paid for each six hour or longer day worked by a handicapped employee on Saturdays or Sundays. For each handicapped worker employed by a sheltered workshop for less than a thirty hour week or a six hour day on Saturdays or Sundays, the workshop shall receive a percentage of the corresponding amount normally paid based on the percentage of time worked by the handicapped employee.~~

~~(2) Beginning July 1, 2010, and thereafter, the department of elementary and secondary education shall pay monthly, out of the funds appropriated to it for that purpose, to each sheltered workshop a sum equal to ninety five dollars for each standard workweek (Monday through Friday) of up to and including thirty hours worked during the preceding calendar month. Nineteen dollars shall be paid for each six hour or longer day worked by a handicapped employee on Saturdays or Sundays. For each handicapped worker employed by a sheltered workshop for less than a thirty hour week~~

or a six hour day on Saturdays or Sundays, the workshop shall receive a percentage of the corresponding amount normally paid based on the percentage of time worked by the handicapped employee.

~~2. The department shall accept, as prima facie proof of payment due to a sheltered workshop, information as designated by the department, either in paper or electronic format. A statement signed by the president, secretary, and manager of the sheltered workshop, setting forth the dates worked and the number of hours worked each day by each handicapped person employed by that sheltered workshop during the preceding calendar month, together with any other information required by the rules or regulations of the department, shall be maintained at the workshop location.~~

~~3. There is hereby created in the state treasury the "Sheltered Workshop Per Diem Revolving Fund" which shall be administered by the commissioner of the department of elementary and secondary education. All moneys appropriated pursuant to subsection 1 of this section shall be deposited in the fund and expended as described in subsection 1 of this section.~~

~~4. The balance of the sheltered workshop per diem revolving fund shall not exceed five hundred thousand dollars at the end of each fiscal year and shall be exempt from the provisions of section 33.080 relating to the transfer of unexpended balances to the general revenue fund. Any unexpended balance in the sheltered workshop per diem revolving fund at the end of each fiscal year exceeding five hundred thousand dollars shall be deposited in the general revenue fund.]~~

Section B. Because immediate action is necessary to ensure that as many people can be employed in sheltered workshops as possible, and that the employment of people can occur as soon as possible, the repeal of section 178.930 and the enactment of section 178.931 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal of section 178.930 and the enactment of section 178.931 of this act shall be in full force and effect on July 1, 2018, or upon its passage and approval, whichever occurs later."; and

Further amend said bill, Page 2, Section 163.018, Line 39, by inserting after all of said section and line the following:

"163.021. 1. A school district shall receive state aid for its education program only if it:

(1) Provides for a minimum of one hundred seventy-four days and one thousand forty-four hours of actual pupil attendance in a term scheduled by the board pursuant to section 160.041 for each pupil or group of pupils, except that the board shall provide a minimum of one hundred seventy-four days and five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils. If any school is dismissed because of inclement weather after school has been in session for three hours, that day shall count as a school day including afternoon session kindergarten students. When the aggregate hours lost in a term due to inclement weather decreases the total hours of the school term below the required minimum number of hours by more than twelve hours for all-day students or six hours for one-half-day kindergarten students, all such hours below the minimum must be made up in one-half day or full day additions to the term, except as provided in section 171.033. **In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance with no minimum number of school days shall be required for each pupil or group of pupils; except that, the board shall provide a minimum of five hundred twenty-two hours of actual pupil attendance in a term for kindergarten pupils with no minimum number of school days;**

(2) Maintains adequate and accurate records of attendance, personnel and finances, as required by the state board of education, which shall include the preparation of a financial statement which shall be submitted to the state board of education the same as required by the provisions of section 165.111 for districts;

(3) Levies an operating levy for school purposes of not less than one dollar and twenty-five cents after all adjustments and reductions on each one hundred dollars assessed valuation of the district; **and**

(4) Computes average daily attendance as defined in subdivision (2) of section 163.011 as modified by section 171.031. Whenever there has existed within the district an infectious disease, contagion, epidemic, plague or similar condition whereby the school attendance is substantially reduced for an extended period in any school year, the apportionment of school funds and all other distribution of school moneys shall be made on the basis of the school year next preceding the year in which such condition existed.

2. For the 2006-07 school year and thereafter, no school district shall receive more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an operating levy for school purposes, as determined pursuant to section 163.011, of not less than two dollars and seventy-five cents after all adjustments and reductions. Any district which is required, pursuant to Article X, Section 22 of the Missouri Constitution, to reduce its operating levy below the minimum tax rate otherwise required under this subsection shall not be construed to be in violation of this subsection for making such tax rate reduction. Pursuant to Section 10(c) of Article X of the state constitution, a school district may levy the operating levy for school purposes required by this subsection less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. Nothing in this section shall be construed to mean that a school district is guaranteed to receive an amount not less than the amount the school district received per eligible pupil for the school year 1990-91. The provisions of this subsection shall not apply to any school district located in a county of the second classification which has a nuclear power plant located in such district or to any school district located in a county of the third classification which has

an electric power generation unit with a rated generating capacity of more than one hundred fifty megawatts which is owned or operated or both by a rural electric cooperative except that such school districts may levy for current school purposes and capital projects an operating levy not to exceed two dollars and seventy-five cents less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution.

3. No school district shall receive more state aid, as calculated in section 163.031, for its education program, exclusive of categorical add-ons, than it received per eligible pupil for the school year 1993-94, if the state board of education determines that the district was not in compliance in the preceding school year with the requirements of section 163.172, until such time as the board determines that the district is again in compliance with the requirements of section 163.172.

4. No school district shall receive state aid, pursuant to section 163.031, if such district was not in compliance, during the preceding school year, with the requirement, established pursuant to section 160.530 to allocate revenue to the professional development committee of the district.

5. No school district shall receive more state aid, as calculated in subsections 1 and 2 of section 163.031, for its education program, exclusive of categorical add-ons, than it received per weighted average daily attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and free textbook payment amounts, if the district did not comply in the preceding school year with the requirements of subsection 5 of section 163.031.

6. Any school district that levies an operating levy for school purposes that is less than the performance levy, as such term is defined in section 163.011, shall provide written notice to the department of elementary and secondary education asserting that the district is providing an adequate education to the students of such district. If a school district asserts that it is not providing an adequate education to its students, such inadequacy shall be deemed to be a result of insufficient local effort. The provisions of this subsection shall not apply to any special district established under sections 162.815 to 162.940.

163.073. 1. When an education program, as approved under section 219.056, is provided for pupils by the division of youth services in one of the facilities operated by the division for children who have been assigned there by the courts, the division of youth services shall be entitled to state aid for pupils being educated by the division of youth services in an amount to be determined as follows: the total amount apportioned to the division of youth services shall be an amount equal to the average per weighted average daily attendance amount apportioned for the preceding school year under section 163.031, multiplied by the number of full-time equivalent students served by facilities operated by the division of youth services. The number of full-time equivalent students shall be determined by dividing by one hundred seventy-four days the number of student-days of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts and who have been determined as inappropriate for attendance in a local public school. A student day shall mean one day of education services provided for one student. **In school year 2019-20 and subsequent years, the number of full-time equivalent students shall be the quotient of the number of student-hours of education service provided by the division of youth services to elementary and secondary students who have been assigned to the division by the courts, and who have been determined as inappropriate for attendance in a local public school, divided by one thousand forty-four hours. A student hour shall mean one hour of education services provided for one student.** In addition, other provisions of law notwithstanding, the division of youth services shall be entitled to funds under section 163.087. The number of full-time equivalent students as defined in this section shall be considered as "September membership" and as "average daily attendance" for the apportioning of funds under section 163.087.

2. The educational program approved under section 219.056 as provided for pupils by the division of youth services shall qualify for funding for those services provided to handicapped or severely handicapped children. The department of elementary and secondary education shall cooperate with the division of youth services in arriving at an equitable funding for the services provided to handicapped children in the facilities operated by the division of youth services.

3. Each local school district or special school district constituting the domicile of a child placed in programs or facilities operated by the division of youth services or residing in another district pursuant to assignment by the division of youth services shall pay toward the per pupil cost of educational services provided by the serving district or agency an amount equal to the average sum produced per child by the local tax effort of that district. A special school district shall pay the average sum produced per child by the local tax efforts of the component districts. This amount paid by the local school district or the special school district shall be on the basis of full-time equivalence as determined in section 163.011, not to exceed the actual per pupil local tax effort.

171.031. 1. Each school board shall prepare annually a calendar for the school term, specifying the opening date, **days of planned attendance**, and providing a minimum term of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week, and one thousand forty-four hours of actual pupil attendance. **In school year 2019-20 and subsequent years, one thousand forty-four hours of actual pupil attendance shall be required for the school term with no minimum number of school days.** In addition, such calendar shall include six make-up days for possible loss of attendance due to inclement weather as defined in subsection 1 of section 171.033. **In school year 2019-20 and subsequent years, such calendar shall include thirty-six make-up hours for possible loss of attendance due to inclement weather, as defined in subsection 1 of section 171.033, with no minimum number of make-up days.**

2. Each local school district may set its opening date each year, which date shall be no earlier than ten calendar days prior to the first Monday in September. No public school district shall select an earlier start date unless the district follows the procedure set forth in subsection 3 of this section.

3. A district may set an opening date that is more than ten calendar days prior to the first Monday in September only if the local school board first gives public notice of a public meeting to discuss the proposal of opening school on a date more than ten days prior to the first Monday in September, and the local school board holds said meeting and, at the same public meeting, a majority of the board votes to allow an earlier opening date. If all of the previous conditions are met, the district may set its opening date more than ten calendar days prior to the first Monday in September. The condition provided in this subsection must be satisfied by the local school board each year that the board proposes an opening date more than ten days before the first Monday in September.

4. If any local district violates the provisions of this section, the department of elementary and secondary education shall withhold an amount equal to one quarter of the state funding the district generated under section 163.031 for each date the district was in violation of this section.

5. The provisions of subsections 2 to 4 of this section shall not apply to school districts in which school is in session for twelve months of each calendar year.

6. The state board of education may grant an exemption from this section to a school district that demonstrates highly unusual and extenuating circumstances justifying exemption from the provisions of subsections 2 to 4 of this section. Any exemption granted by the state board of education shall be valid for one academic year only.

~~[7. No school day for schools with a five day school week shall be longer than seven hours except for vocational schools which may adopt an eight hour day in a metropolitan school district and a school district in a first class county adjacent to a city not within a county, and any school that adopts a four day school week in accordance with section 171.029.]~~

171.033. 1. "Inclement weather", for purposes of this section, shall be defined as ice, snow, extreme cold, flooding, or a tornado, but such term shall not include excessive heat.

2. (1) A district shall be required to make up the first six days of school lost or cancelled due to inclement weather and half the number of days lost or cancelled in excess of six days if the makeup of the days is necessary to ensure that the district's students will attend a minimum of one hundred forty-two days and a minimum of one thousand forty-four hours for the school year except as otherwise provided in this section. Schools with a four-day school week may schedule such make-up days on Fridays.

(2) **Notwithstanding subdivision (1) of this subsection, in school year 2019-20 and subsequent years, a district shall be required to make up the first thirty-six hours of school lost or cancelled due to inclement weather and half the number of hours lost or cancelled in excess of thirty-six if the makeup of the hours is necessary to ensure that the district's students attend a minimum of one thousand forty-four hours for the school year, except as otherwise provided under subsections 3 and 4 of this section.**

3. (1) In the 2009-10 school year and subsequent years, a school district may be exempt from the requirement to make up days of school lost or cancelled due to inclement weather in the school district when the school district has made up the six days required under subsection 2 of this section and half the number of additional lost or cancelled days up to eight days, resulting in no more than ten total make-up days required by this section.

(2) **In school year 2019-20 and subsequent years, a school district may be exempt from the requirement to make up school lost or cancelled due to inclement weather in the school district when the school district has made up the thirty-six hours required under subsection 2 of this section and half the number of additional lost or cancelled hours up to forty-eight, resulting in no more than sixty total make-up hours required by this section.**

4. The commissioner of education may provide, for any school district ~~[in which schools are in session for twelve months of each calendar year]~~ that cannot meet the minimum school calendar requirement of at least one hundred seventy-four days for schools with a five-day school week or one hundred forty-two days for schools with a four-day school week and one thousand forty-four hours of actual pupil attendance **or, in school year 2019-20 and**

subsequent years, one thousand forty-four hours of actual pupil attendance, upon request, a waiver to be excused from such requirement. This waiver shall be requested from the commissioner of education and may be granted if the school was closed due to circumstances beyond school district control, including inclement weather[~~- flooding~~] or fire.

~~[171.029. 1. The school board of any school district in the state, upon adoption of a resolution by the vote of a majority of all its members to authorize such action, may establish a four-day school week or other calendar consisting of less than one hundred seventy-four days in lieu of a five-day school week. Upon adoption of a four-day school week or other calendar consisting of less than one hundred seventy-four days, the school shall file a calendar with the department of elementary and secondary education in accordance with section 171.031. Such calendar shall include, but not be limited to, a minimum term of one hundred forty-two days and one thousand forty-four hours of actual pupil attendance.—~~

~~2. If a school district that attends less than one hundred seventy-four days meets at least two fewer performance standards on two successive annual performance reports than it met on its last annual performance report received prior to implementing a calendar year of less than one hundred seventy-four days, it shall be required to revert to a one hundred seventy-four day school year in the school year following the report of the drop in the number of performance standards met.— When the number of performance standards met reaches the earlier number, the district may return to the four-day week or other calendar consisting of less than one hundred seventy-four days in the next school year.]~~

Section B. The repeal of section 171.029 of this act shall become effective July 1, 2019."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Lauer, **House Amendment No. 22** was adopted.

Representative Matthiesen offered **House Amendment No. 23**.

House Amendment No. 23

AMEND House Committee Substitute for Senate Bill No. 743, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"160.261. 1. The local board of education of each school district shall clearly establish a written policy of discipline, including the district's determination on the use of corporal punishment and the procedures in which punishment will be applied. A written copy of the district's discipline policy and corporal punishment procedures, if applicable, shall be provided to the pupil and parent or legal guardian of every pupil enrolled in the district at the beginning of each school year and also made available in the office of the superintendent of such district, during normal business hours, for public inspection. **The district may satisfy this notice requirement by posting a copy of the policy and procedures on the district's website.** All employees of the district shall annually receive instruction related to the specific contents of the policy of discipline and any interpretations necessary to implement the provisions of the policy in the course of their duties, including but not limited to approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

2. The policy shall require school administrators to report acts of school violence to all teachers at the attendance center and, in addition, to other school district employees with a need to know. For the purposes of this chapter or chapter 167, "need to know" is defined as school personnel who are directly responsible for the student's education or who otherwise interact with the student on a professional basis while acting within the scope of their

assigned duties. The policy shall at a minimum require school administrators to report, as soon as reasonably practical, to the appropriate law enforcement agency any of the following crimes, or any act which if committed by an adult would be one of the following crimes:

- (1) First degree murder under section 565.020;
- (2) Second degree murder under section 565.021;

- (13) Voluntary manslaughter under section 565.023;
- (14) Involuntary manslaughter under section 565.024 as it existed prior to January 1, 2017, involuntary manslaughter in the first degree under section 565.024, or involuntary manslaughter in the second degree under section 565.027;
- (15) Second degree assault under section 565.060 as it existed prior to January 1, 2017, or second degree assault under section 565.052;

- (21) Sodomy in the second degree pursuant to section 566.061;

committed on school property, including but not limited to actions on any school bus in service on behalf of the district or while involved in school activities. The policy shall require that any portion of a student's individualized education program that is related to demonstrated or potentially violent behavior shall be provided to any teacher and other school district employees who are directly responsible for the student's education or who otherwise interact with the student on an educational basis while acting within the scope of their assigned duties. The policy shall also contain the consequences of failure to obey standards of conduct set by the local board of education, and the importance of the standards to the maintenance of an atmosphere where orderly learning is possible and encouraged.

3. The policy shall provide that any student who is on suspension for any of the offenses listed in subsection 2 of this section or any act of violence or drug-related activity defined by school district policy as a serious violation of school discipline pursuant to subsection 9 of this section shall have as a condition of his or her

suspension the requirement that such student is not allowed, while on such suspension, to be within one thousand feet of any school property in the school district where such student attended school or any activity of that district, regardless of whether or not the activity takes place on district property unless:

(1) Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the superintendent or the superintendent's designee has authorized the student to be on school property;

(2) Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the superintendent or the superintendent's designee has authorized the student to be on school property;

(3) Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the school district where such student attended school; or

(4) Such student resides within one thousand feet of any public school in the school district where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

4. Any student who violates the condition of suspension required pursuant to subsection 3 of this section may be subject to expulsion or further suspension pursuant to the provisions of sections 167.161, 167.164, and 167.171. In making this determination consideration shall be given to whether the student poses a threat to the safety of any child or school employee and whether such student's unsupervised presence within one thousand feet of the school is disruptive to the educational process or undermines the effectiveness of the school's disciplinary policy. Removal of any pupil who is a student with a disability is subject to state and federal procedural rights. This section shall not limit a school district's ability to:

(1) Prohibit all students who are suspended from being on school property or attending an activity while on suspension;

(2) Discipline students for off-campus conduct that negatively affects the educational environment to the extent allowed by law.

5. The policy shall provide for a suspension for a period of not less than one year, or expulsion, for a student who is determined to have brought a weapon to school, including but not limited to the school playground or the school parking lot, brought a weapon on a school bus or brought a weapon to a school activity whether on or off of the school property in violation of district policy, except that:

(1) The superintendent or, in a school district with no high school, the principal of the school which such child attends may modify such suspension on a case-by-case basis; and

(2) This section shall not prevent the school district from providing educational services in an alternative setting to a student suspended under the provisions of this section.

6. For the purpose of this section, the term "weapon" shall mean a firearm as defined under 18 U.S.C. Section 921 and the following items, as defined in section 571.010: a blackjack, a concealable firearm, an explosive weapon, a firearm, a firearm silencer, a gas gun, a knife, knuckles, a machine gun, a projectile weapon, a rifle, a shotgun, a spring gun or a switchblade knife; except that this section shall not be construed to prohibit a school board from adopting a policy to allow a Civil War reenactor to carry a Civil War era weapon on school property for educational purposes so long as the firearm is unloaded. The local board of education shall define weapon in the discipline policy. Such definition shall include the weapons defined in this subsection but may also include other weapons.

7. All school district personnel responsible for the care and supervision of students are authorized to hold every pupil strictly accountable for any disorderly conduct in school or on any property of the school, on any school bus going to or returning from school, during school-sponsored activities, or during intermission or recess periods.

8. Teachers and other authorized district personnel in public schools responsible for the care, supervision, and discipline of schoolchildren, including volunteers selected with reasonable care by the school district, shall not be civilly liable when acting in conformity with the established policies developed by each board, including but not limited to policies of student discipline or when reporting to his or her supervisor or other person as mandated by state law acts of school violence or threatened acts of school violence, within the course and scope of the duties of the teacher, authorized district personnel or volunteer, when such individual is acting in conformity with the established policies developed by the board. Nothing in this section shall be construed to create a new cause of action against such school district, or to relieve the school district from liability for the negligent acts of such persons.

9. Each school board shall define in its discipline policy acts of violence and any other acts that constitute a serious violation of that policy. "Acts of violence" as defined by school boards shall include but not be limited to exertion of physical force by a student with the intent to do serious bodily harm to another person while on school property, including a school bus in service on behalf of the district, or while involved in school activities. School districts shall for each student enrolled in the school district compile and maintain records of any serious violation of

the district's discipline policy. Such records shall be made available to teachers and other school district employees with a need to know while acting within the scope of their assigned duties, and shall be provided as required in section 167.020 to any school district in which the student subsequently attempts to enroll.

10. Spanking, when administered by certificated personnel and in the presence of a witness who is an employee of the school district, or the use of reasonable force to protect persons or property, when administered by personnel of a school district in a reasonable manner in accordance with the local board of education's written policy of discipline, is not abuse within the meaning of chapter 210. The provisions of sections 210.110 to 210.165 notwithstanding, the children's division shall not have jurisdiction over or investigate any report of alleged child abuse arising out of or related to the use of reasonable force to protect persons or property when administered by personnel of a school district or any spanking administered in a reasonable manner by any certificated school personnel in the presence of a witness who is an employee of the school district pursuant to a written policy of discipline established by the board of education of the school district, as long as no allegation of sexual misconduct arises from the spanking or use of force.

11. If a student reports alleged sexual misconduct on the part of a teacher or other school employee to a person employed in a school facility who is required to report such misconduct to the children's division under section 210.115, such person and the superintendent of the school district shall report the allegation to the children's division as set forth in section 210.115. Reports made to the children's division under this subsection shall be investigated by the division in accordance with the provisions of sections 210.145 to 210.153 and shall not be investigated by the school district under subsections 12 to 20 of this section for purposes of determining whether the allegations should or should not be substantiated. The district may investigate the allegations for the purpose of making any decision regarding the employment of the accused employee.

12. Upon receipt of any reports of child abuse by the children's division other than reports provided under subsection 11 of this section, pursuant to sections 210.110 to 210.165 which allegedly involve personnel of a school district, the children's division shall notify the superintendent of schools of the district or, if the person named in the alleged incident is the superintendent of schools, the president of the school board of the school district where the alleged incident occurred.

13. If, after an initial investigation, the superintendent of schools or the president of the school board finds that the report involves an alleged incident of child abuse other than the administration of a spanking by certificated school personnel or the use of reasonable force to protect persons or property when administered by school personnel pursuant to a written policy of discipline or that the report was made for the sole purpose of harassing a public school employee, the superintendent of schools or the president of the school board shall immediately refer the matter back to the children's division and take no further action. In all matters referred back to the children's division, the division shall treat the report in the same manner as other reports of alleged child abuse received by the division.

14. If the report pertains to an alleged incident which arose out of or is related to a spanking administered by certificated personnel or the use of reasonable force to protect persons or property when administered by personnel of a school district pursuant to a written policy of discipline or a report made for the sole purpose of harassing a public school employee, a notification of the reported child abuse shall be sent by the superintendent of schools or the president of the school board to the law enforcement in the county in which the alleged incident occurred.

15. The report shall be jointly investigated by the law enforcement officer and the superintendent of schools or, if the subject of the report is the superintendent of schools, by a law enforcement officer and the president of the school board or such president's designee.

16. The investigation shall begin no later than forty-eight hours after notification from the children's division is received, and shall consist of, but need not be limited to, interviewing and recording statements of the child and the child's parents or guardian within two working days after the start of the investigation, of the school district personnel allegedly involved in the report, and of any witnesses to the alleged incident.

17. The law enforcement officer and the investigating school district personnel shall issue separate reports of their findings and recommendations after the conclusion of the investigation to the school board of the school district within seven days after receiving notice from the children's division.

18. The reports shall contain a statement of conclusion as to whether the report of alleged child abuse is substantiated or is unsubstantiated.

19. The school board shall consider the separate reports referred to in subsection 17 of this section and shall issue its findings and conclusions and the action to be taken, if any, within seven days after receiving the last of the two reports. The findings and conclusions shall be made in substantially the following form:

(1) The report of the alleged child abuse is unsubstantiated. The law enforcement officer and the investigating school board personnel agree that there was not a preponderance of evidence to substantiate that abuse occurred;

(2) The report of the alleged child abuse is substantiated. The law enforcement officer and the investigating school district personnel agree that the preponderance of evidence is sufficient to support a finding that the alleged incident of child abuse did occur;

(3) The issue involved in the alleged incident of child abuse is unresolved. The law enforcement officer and the investigating school personnel are unable to agree on their findings and conclusions on the alleged incident.

20. The findings and conclusions of the school board under subsection 19 of this section shall be sent to the children's division. If the findings and conclusions of the school board are that the report of the alleged child abuse is unsubstantiated, the investigation shall be terminated, the case closed, and no record shall be entered in the children's division central registry. If the findings and conclusions of the school board are that the report of the alleged child abuse is substantiated, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school district and shall include the information in the division's central registry. If the findings and conclusions of the school board are that the issue involved in the alleged incident of child abuse is unresolved, the children's division shall report the incident to the prosecuting attorney of the appropriate county along with the findings and conclusions of the school board, however, the incident and the names of the parties allegedly involved shall not be entered into the central registry of the children's division unless and until the alleged child abuse is substantiated by a court of competent jurisdiction.

21. Any superintendent of schools, president of a school board or such person's designee or law enforcement officer who knowingly falsifies any report of any matter pursuant to this section or who knowingly withholds any information relative to any investigation or report pursuant to this section is guilty of a class A misdemeanor.

22. In order to ensure the safety of all students, should a student be expelled for bringing a weapon to school, violent behavior, or for an act of school violence, that student shall not, for the purposes of the accreditation process of the Missouri school improvement plan, be considered a dropout or be included in the calculation of that district's educational persistence ratio."; and

Further amend said bill, Page 2, Section 163.018, Line 39, by inserting after all of said section and line the following:

3. ~~[In any instance when a teacher becomes aware of an assault as set forth in subsection 1 of this section or finds a pupil in possession of a weapon or controlled substances as set forth in subsection 2 of this section, the teacher shall immediately report such incident to the principal.] In any instance when a pupil is believed to have committed an act listed in subdivisions (1) to (24) of subsection 2 of section 160.261 on school premises, the principal shall as soon as reasonably practical report such incident to the appropriate law enforcement~~

5. Any school official responsible for reporting pursuant to this section or section 160.261 who willfully neglects or refuses to perform this duty shall be subject to the penalty established pursuant to section 162.091."; and

"167.128. 1. If a school district contains a facility that serves neglected or delinquent children residing in a court-ordered group home, an institution for neglected children, or an institution for delinquent children, the department of elementary and secondary education shall be prohibited from creating any report or publication related to the Missouri school improvement program, or any successor program, in which data from the district's regularly enrolled pupils is aggregated with data from the children residing in such facilities.

2. Nothing in this section shall exempt the district in which a facility described in this section is located from providing educational services according to federal law. However, for accountability purposes under state and federal law, the department of elementary and secondary education shall not count the students residing in any such facility as part of the school district in which the facility is located, but shall instead aggregate all neglected and delinquent children residing in facilities described in this section and issue any reports as if the students and facilities were their own separate local educational agency."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Rowland (155), **House Amendment No. 24** was adopted.

Representative Sommer offered **House Amendment No. 25**.

House Amendment No. 25

2. 5. **The department of elementary and secondary education may promulgate rules to implement the provisions of this section. "34.040. 1. All purchases in excess of ~~[three]~~ **ten** thousand dollars shall be based on competitive bids, except as otherwise provided in this chapter.

2. On any purchase where the estimated expenditure shall be ~~[twenty-five]~~ **one hundred** thousand dollars or over, except as provided in subsection 6 of this section, the commissioner of administration shall:

(1) Advertise for bids in at least two daily newspapers of general circulation in such places as are most likely to reach prospective bidders and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before bids for such purchases are to be opened. Other methods of advertisement, which may include minority business purchase councils, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post a notice of the proposed purchase in his or her office; and
 (3) Solicit bids by mail or other reasonable method generally available to the public from prospective suppliers. All bids for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening bids.

3. The contract shall be let to the lowest and best bidder. The commissioner of administration shall have the right to reject any or all bids and advertise for new bids, or purchase the required supplies on the open market if they can be so purchased at a better price. When bids received pursuant to this section are unreasonable or unacceptable as to terms and conditions, noncompetitive, or the low bid exceeds available funds and it is determined in writing by the commissioner of administration that time or other circumstances will not permit the delay required to resolicit competitive bids, a contract may be negotiated pursuant to this section, provided that each responsible bidder who submitted such bid under the original solicitation is notified of the determination and is given a reasonable opportunity to modify their bid and submit a best and final bid to the state. In cases where the bids received are noncompetitive or the low bid exceeds available funds, the negotiated price shall be lower than the lowest rejected bid of any responsible bidder under the original solicitation.

4. The director of the department of revenue shall follow bidding procedures as contained in this chapter and may promulgate rules necessary to establish such procedures. No points shall be awarded on a request for proposal for a contract license office to a bidder for a return-to-the-state provision offer.

5. All bids shall be based on standard specifications wherever such specifications have been approved by the commissioner of administration. The commissioner of administration shall make rules governing the delivery, inspection, storage and distribution of all supplies so purchased and governing the manner in which all claims for supplies delivered shall be submitted, examined, approved and paid. The commissioner shall determine the amount of bond or deposit and the character thereof which shall accompany bids or contracts.

6. The department of natural resources may, without the approval of the commissioner of administration required pursuant to this section, enter into contracts of up to five hundred thousand dollars to abate illegal waste tire sites pursuant to section 260.276 when the director of the department determines that urgent action is needed to protect public health, safety, natural resources or the environment. The department shall follow bidding procedures pursuant to this section and may promulgate rules necessary to establish such procedures. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

7. The commissioner of administration and other agencies to which the state purchasing law applies shall not contract for goods or services with a vendor if the vendor or an affiliate of the vendor makes sales at retail of tangible personal property or for the purpose of storage, use, or consumption in this state but fails to collect and properly pay the tax as provided in chapter 144. For the purposes of this section, "affiliate of the vendor" shall mean any person or entity that is controlled by or is under common control with the vendor, whether through stock ownership or otherwise.

8. The commissioner of administration shall be authorized to hold a reverse auction to procure merchandise, supplies, raw materials, or finished goods if price is the primary factor in evaluating bids. The office of administration shall promulgate rules regarding the handling of the reverse auction process. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2018, shall be invalid and void.

34.042. 1. When the commissioner of administration determines that the use of competitive bidding is either not practicable or not advantageous to the state, supplies may be procured by competitive proposals. The commissioner shall state the reasons for such determination, and a report containing those reasons shall be maintained with the vouchers or files pertaining to such purchases. All purchases in excess of ~~[five]~~ **ten** thousand dollars to be made under this section shall be based on competitive proposals.

2. On any purchase where the estimated expenditure shall be ~~[twenty-five]~~ **one hundred** thousand dollars or over, the commissioner of administration shall:

(1) Advertise for proposals in at least two daily newspapers of general circulation in such places as are most likely to reach prospective offerors and may advertise in at least two weekly minority newspapers and may provide such information through an electronic medium available to the general public at least five days before proposals for such purchases are to be opened. Other methods of advertisement, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased;

(2) Post notice of the proposed purchase; and

(3) Solicit proposals by mail or other reasonable method generally available to the public from prospective offerors.

All proposals for such supplies shall be mailed or delivered to the office of the commissioner of administration so as to reach such office before the time set for opening proposals. Proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation.

3. The contract shall be let to the lowest and best offeror as determined by the evaluation criteria established in the request for proposal and any subsequent negotiations conducted pursuant to this subsection. In determining the lowest and best offeror, as provided in the request for proposals and under rules promulgated by the commissioner of administration, negotiations may be conducted with responsible offerors who submit proposals selected by the commissioner of administration on the basis of reasonable criteria for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for negotiation and subsequent revision of proposals; **however, a request for a proposal may set forth the manner for determining which offerors are eligible for negotiation including, but not limited to, the use of shortlisting.** Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting negotiations there shall be no disclosure of any information derived from proposals submitted by competing offerors. The commissioner of administration shall have the right to reject any or all proposals and advertise for new proposals or purchase the required supplies on the open market if they can be so purchased at a better price.

4. The commissioner shall make available, upon request, to any members of the general assembly, information pertaining to competitive proposals, including the names of bidders and the amount of each bidder's offering for each contract.

34.044. 1. The commissioner of administration may waive the requirement of competitive bids or proposals for supplies when the commissioner has determined in writing that there is only a single feasible source for the supplies. Immediately upon discovering that other feasible sources exist, the commissioner shall rescind the waiver and proceed to procure the supplies through the competitive processes as described in this chapter. A single feasible source exists when:

(1) Supplies are proprietary and only available from the manufacturer or a single distributor; or

(2) Based on past procurement experience, it is determined that only one distributor services the region in which the supplies are needed; or

(3) Supplies are available at a discount from a single distributor for a limited period of time.

2. On any single feasible source purchase where the estimated expenditure shall be ~~[five]~~ **ten** thousand dollars or over, the commissioner of administration shall post notice of the proposed purchase. Where the estimated expenditure is ~~[twenty-five]~~ **one hundred** thousand dollars or over, the commissioner of administration shall also advertise the commissioner's intent to make such purchase in at least two daily newspapers of general circulation in such places as are most likely to reach prospective bidders or offerors and may provide such information through an electronic medium available to the general public at least five days before the contract is to be let. Other methods of advertisement, however, may be adopted by the commissioner of administration when such other methods are deemed more advantageous for the supplies to be purchased. The requirement for advertising may be waived, if not feasible, due to the supplies being available at a discount for only a limited period of time.

34.047. Notwithstanding any provision in section 34.040, section 34.100, or any other law to the contrary, departments shall have the authority to purchase products and services related to information technology when the estimated expenditure of such purchase shall not exceed ~~[seventy-five]~~ **one hundred fifty** thousand dollars, the length of any contract or agreement does not exceed twelve months, the department complies with the informal methods of procurement established in section 34.040, and 1 CSR 40-1.050(1) for expenditures of less than ~~[twenty-five]~~ **one hundred** thousand dollars, and the department posts notice of such proposed purchase on the online bidding/vendor registration system maintained by the office of administration. For the purposes of this section,

"information technology" shall mean any computer or electronic information equipment or interconnected system that is used in the acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of information, including audio, graphic, and text.

34.353. 1. Each contract for the purchase or lease of manufactured goods or commodities by any public agency, and each contract made by a public agency for construction, alteration, repair, or maintenance of any public works shall contain a provision that any manufactured goods or commodities used or supplied in the performance of that contract or any subcontract thereto shall be manufactured or produced in the United States.

2. This section shall not apply where the purchase, lease, or contract involves an expenditure of less than ~~[twenty-five]~~ **one hundred** thousand dollars. This section shall not apply when only one line of a particular good or product is manufactured or produced in the United States.

3. This section shall not apply where the executive head of the public agency certifies in writing that:

(1) The specified products are not manufactured or produced in the United States in sufficient quantities to meet the agency's requirements or cannot be manufactured or produced in the United States within the necessary time in sufficient quantities to meet the agency's requirements;

(2) Obtaining the specified products manufactured or produced in the United States would increase the cost of the contract by more than ten percent;

(3) The specified products are to be purchased or leased by a state-supported four-year institute of higher education and such certification as required by subdivision (1) or (2) of this subsection has been made within the last three years;

(4) The specified products are to be purchased or leased by a publicly supported institution and such certification as required by subdivision (1) or (2) of this subsection has been made within the last three years; or

(5) The political subdivision has adopted a formal written policy to encourage the purchase of products manufactured or produced in the United States.

4. The certificate required by this section shall specify the nature of the contract, the product being purchased or leased, the names and addresses of the United States manufacturers and producers contacted by the public agency or the project architect or engineer, and an indication that such manufacturers or producers could not supply sufficient quantities or that the price of the products would increase the cost of the contract by more than ten percent.

5. Certificates required by this section shall be maintained by the public agency for a period of three years."; and

The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care or for the removal of custody of a child from the parent without a specific showing that there is a causal relation between the disability or disease and harm to the child.

211.032. 1. Except as otherwise provided in a circuit participating in a pilot project established by the Missouri supreme court, when a child ~~[or person seventeen years of age]~~, alleged to be in need of care and treatment pursuant to subdivision (1) of subsection 1 of section 211.031, is taken into custody, the juvenile or family court shall notify the parties of the right to have a protective custody hearing. Such notification shall be in writing.

2. Upon request from any party, the court shall hold a protective custody hearing. Such hearing shall be held within three days of the request for a hearing, excluding Saturdays, Sundays and legal holidays. For circuits participating in a pilot project established by the Missouri supreme court, the parties shall be notified at the status conference of their right to request a protective custody hearing.

3. No later than February 1, 2005, the Missouri supreme court shall require a mandatory court proceeding to be held within three days, excluding Saturdays, Sundays, and legal holidays, in all cases under subdivision (1) of subsection 1 of section 211.031. The Missouri supreme court shall promulgate rules for the implementation of such mandatory court proceedings and may consider recommendations from any pilot projects established by the Missouri supreme court regarding such proceedings. Nothing in this subsection shall prevent the Missouri supreme court from expanding pilot projects prior to the implementation of this subsection.

4. The court shall hold an adjudication hearing no later than sixty days after the child has been taken into custody. The court shall notify the parties in writing of the specific date, time, and place of such hearing. If at such hearing the court determines that sufficient cause exists for the child to remain in the custody of the state, the court shall conduct a dispositional hearing no later than ninety days after the child has been taken into custody and shall conduct review hearings regarding the reunification efforts made by the division every ninety to one hundred twenty days for the first year the child is in the custody of the division. After the first year, review hearings shall be held as necessary, but in no event less than once every six months for as long as the child is in the custody of the division.

5. At all hearings held pursuant to this section the court may receive testimony and other evidence relevant to the necessity of detaining the child out of the custody of the parents, guardian or custodian.

6. By January 1, 2005, the supreme court shall develop rules regarding the effect of untimely hearings.

7. If the placement of any child in the custody of the children's division will result in the child attending a school other than the school the child was attending when taken into custody:

(1) The child's records from such school shall automatically be forwarded to the school that the child is transferring to upon notification within two business days by the division; or

(2) Upon request of the foster family, the guardian ad litem, or the volunteer advocate and whenever possible, the child shall be permitted to continue to attend the same school that the child was enrolled in and attending at the time the child was taken into custody by the division. The division, in consultation with the department of elementary and secondary education, shall establish the necessary procedures to implement the provisions of this subsection.

211.033. 1. No person under the age of ~~[seventeen]~~ **eighteen** years, except those transferred to the court of general jurisdiction under the provisions of section 211.071 shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. A traffic court judge may request the juvenile court to order the commitment of a person under the age of ~~[seventeen]~~ **eighteen** to a juvenile detention facility.

2. Nothing in this section shall be construed as creating any civil or criminal liability for any law enforcement officer, juvenile officer, school personnel, or court personnel for any action taken or failure to take any action involving a minor child who remains under the jurisdiction of the juvenile court under this section if such action or failure to take action is based on a good faith belief by such officer or personnel that the minor child is not under the jurisdiction of the juvenile court.

~~[3. The amendments to subsection 2 of this section, as provided for in this act, shall not take effect until such time as the provisions of section 211.021 shall take effect in accordance with subsection 2 of section 211.021.]~~

211.041. When jurisdiction over the person of a child has been acquired by the juvenile court under the provisions of this chapter in proceedings coming within the applicable provisions of section 211.031, the jurisdiction of the child may be retained for the purpose of this chapter until he or she has attained the age of twenty-one years, except in cases where he or she is committed to and received by the division of youth services, unless jurisdiction has been returned to the committing court by provisions of chapter 219 through requests of the court to the division of youth services and except in any case where he or she has not paid an assessment imposed in accordance with

section 211.181 or in cases where the judgment for restitution entered in accordance with section 211.185 has not been satisfied. Every child over whose person the juvenile court retains jurisdiction shall be prosecuted under the general law for any violation of a state law or of a municipal ordinance which he or she commits after he or she becomes ~~[seventeen]~~ **eighteen** years of age. The juvenile court shall have no jurisdiction with respect to any such violation and, so long as it retains jurisdiction of the child, shall not exercise its jurisdiction in such a manner as to conflict with any other court's jurisdiction as to any such violation.

211.061. 1. When a child is taken into custody with or without warrant for an offense, the child, together with any information concerning the child and the personal property found in the child's possession, shall be taken immediately and directly before the juvenile court or delivered to the juvenile officer or person acting for ~~[him]~~ **the child**.

2. If any person is taken before a circuit or associate circuit judge not assigned to juvenile court or a municipal judge, and it is then, or at any time thereafter, ascertained that he or she was under the age of ~~[seventeen]~~ **eighteen** years at the time he or she is alleged to have committed the offense, or that he or she is subject to the jurisdiction of the juvenile court as provided by this chapter, it is the duty of the judge forthwith to transfer the case or refer the matter to the juvenile court, and direct the delivery of such person, together with information concerning him or her and the personal property found in his or her possession, to the juvenile officer or person acting as such.

3. When the juvenile court is informed that a child is in detention it shall examine the reasons therefor and shall immediately:

(1) Order the child released; or

(2) Order the child continued in detention until a detention hearing is held. An order to continue the child in detention shall only be entered upon the filing of a petition or motion to modify and a determination by the court that probable cause exists to believe that the child has committed acts specified in the petition or motion that bring the child within the jurisdiction of the court under subdivision (2) or (3) of subsection 1 of section 211.031.

4. A juvenile shall not remain in detention for a period greater than twenty-four hours unless the court orders a detention hearing. If such hearing is not held within three days, excluding Saturdays, Sundays and legal holidays, the juvenile shall be released from detention unless the court for good cause orders the hearing continued. The detention hearing shall be held within the judicial circuit at a date, time and place convenient to the court. Notice of the date, time and place of a detention hearing, and of the right to counsel, shall be given to the juvenile and his or her custodian in person, by telephone, or by such other expeditious method as is available.

211.071. 1. If a petition alleges that a child between the ages of twelve and ~~[seventeen]~~ **eighteen** has committed an offense which would be considered a felony if committed by an adult, the court may, upon its own motion or upon motion by the juvenile officer, the child or the child's custodian, order a hearing and may, in its discretion, dismiss the petition and such child may be transferred to the court of general jurisdiction and prosecuted under the general law; except that if a petition alleges that any child has committed an offense which would be considered first degree murder under section 565.020, second degree murder under section 565.021, first degree assault under section 565.050, forcible rape under section 566.030 as it existed prior to August 28, 2013, rape in the first degree under section 566.030, forcible sodomy under section 566.060 as it existed prior to August 28, 2013, sodomy in the first degree under section 566.060, first degree robbery under section 569.020 **as it existed prior to January 1, 2017, or first degree robbery under section 570.023, [or] distribution of drugs under section 195.211 as it existed prior to January 1, 2017, or the manufacturing of a controlled substance under section 579.055,** or has committed two or more prior unrelated offenses which would be felonies if committed by an adult, the court shall order a hearing, and may in its discretion, dismiss the petition and transfer the child to a court of general jurisdiction for prosecution under the general law.

2. Upon apprehension and arrest, jurisdiction over the criminal offense allegedly committed by any person between ~~[seventeen]~~ **eighteen** and twenty-one years of age over whom the juvenile court has retained continuing jurisdiction shall automatically terminate and that offense shall be dealt with in the court of general jurisdiction as provided in section 211.041.

3. Knowing and willful age misrepresentation by a juvenile subject shall not affect any action or proceeding which occurs based upon the misrepresentation. Any evidence obtained during the period of time in which a child misrepresents his or her age may be used against the child and will be subject only to rules of evidence applicable in adult proceedings.

4. Written notification of a transfer hearing shall be given to the juvenile and his or her custodian in the same manner as provided in sections 211.101 and 211.111. Notice of the hearing may be waived by the custodian. Notice shall contain a statement that the purpose of the hearing is to determine whether the child is a proper subject

to be dealt with under the provisions of this chapter, and that if the court finds that the child is not a proper subject to be dealt with under the provisions of this chapter, the petition will be dismissed to allow for prosecution of the child under the general law.

5. The juvenile officer may consult with the office of prosecuting attorney concerning any offense for which the child could be certified as an adult under this section. The prosecuting or circuit attorney shall have access to police reports, reports of the juvenile or deputy juvenile officer, statements of witnesses and all other records or reports relating to the offense alleged to have been committed by the child. The prosecuting or circuit attorney shall have access to the disposition records of the child when the child has been adjudicated pursuant to subdivision (3) of subsection 1 of section 211.031. The prosecuting attorney shall not divulge any information regarding the child and the offense until the juvenile court at a judicial hearing has determined that the child is not a proper subject to be dealt with under the provisions of this chapter.

6. A written report shall be prepared in accordance with this chapter developing fully all available information relevant to the criteria which shall be considered by the court in determining whether the child is a proper subject to be dealt with under the provisions of this chapter and whether there are reasonable prospects of rehabilitation within the juvenile justice system. These criteria shall include but not be limited to:

- (1) The seriousness of the offense alleged and whether the protection of the community requires transfer to the court of general jurisdiction;
- (2) Whether the offense alleged involved viciousness, force and violence;
- (3) Whether the offense alleged was against persons or property with greater weight being given to the offense against persons, especially if personal injury resulted;
- (4) Whether the offense alleged is a part of a repetitive pattern of offenses which indicates that the child may be beyond rehabilitation under the juvenile code;
- (5) The record and history of the child, including experience with the juvenile justice system, other courts, supervision, commitments to juvenile institutions and other placements;
- (6) The sophistication and maturity of the child as determined by consideration of his **or her** home and environmental situation, emotional condition and pattern of living;
- (7) The age of the child;
- (8) The program and facilities available to the juvenile court in considering disposition;
- (9) Whether or not the child can benefit from the treatment or rehabilitative programs available to the juvenile court; and
- (10) Racial disparity in certification.

7. If the court dismisses the petition to permit the child to be prosecuted under the general law, the court shall enter a dismissal order containing:

- (1) Findings showing that the court had jurisdiction of the cause and of the parties;
- (2) Findings showing that the child was represented by counsel;
- (3) Findings showing that the hearing was held in the presence of the child and his **or her** counsel; and
- (4) Findings showing the reasons underlying the court's decision to transfer jurisdiction.

8. A copy of the petition and order of the dismissal shall be sent to the prosecuting attorney.

9. When a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the prosecution of the child results in a conviction, the jurisdiction of the juvenile court over that child is forever terminated, except as provided in subsection 10 of this section, for an act that would be a violation of a state law or municipal ordinance.

10. If a petition has been dismissed thereby permitting a child to be prosecuted under the general law and the child is found not guilty by a court of general jurisdiction, the juvenile court shall have jurisdiction over any later offense committed by that child which would be considered a misdemeanor or felony if committed by an adult, subject to the certification provisions of this section.

11. If the court does not dismiss the petition to permit the child to be prosecuted under the general law, it shall set a date for the hearing upon the petition as provided in section 211.171.

211.073. 1. The court shall, in a case when the offender is under ~~[seventeen]~~ **eighteen** years ~~[and six months]~~ of age and has been transferred to a court of general jurisdiction pursuant to section 211.071, and whose prosecution results in a conviction or a plea of guilty, consider dual jurisdiction of both the criminal and juvenile codes, as set forth in this section. The court is authorized to impose a juvenile disposition under this chapter and simultaneously impose an adult criminal sentence, the execution of which shall be suspended pursuant to the provisions of this section. Successful completion of the juvenile disposition ordered shall be a condition of the suspended adult criminal sentence. The court may order an offender into the custody of the division of youth services pursuant to this section:

(1) Upon agreement of the division of youth services; and
 (2) If the division of youth services determines that there is space available in a facility designed to serve offenders sentenced under this section. If the division of youth services agrees to accept a youth and the court does not impose a juvenile disposition, the court shall make findings on the record as to why the division of youth services was not appropriate for the offender prior to imposing the adult criminal sentence.

2. If there is probable cause to believe that the offender has violated a condition of the suspended sentence or committed a new offense, the court shall conduct a hearing on the violation charged, unless the offender waives such hearing. If the violation is established and found the court may continue or revoke the juvenile disposition, impose the adult criminal sentence, or enter such other order as it may see fit.

3. When an offender has received a suspended sentence pursuant to this section and the division determines the child is beyond the scope of its treatment programs, the division of youth services may petition the court for a transfer of custody of the offender. The court shall hold a hearing and shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

4. When an offender who has received a suspended sentence reaches the age of ~~[seventeen]~~ **eighteen**, the court shall hold a hearing. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections;

(2) Direct that the offender be placed on probation; or

(3) Direct that the offender remain in the custody of the division of youth services if the division agrees to such placement.

5. The division of youth services shall petition the court for a hearing before it releases an offender who comes within subsection 1 of this section at any time before the offender reaches the age of twenty-one years. The court shall:

(1) Revoke the suspension and direct that the offender be taken into immediate custody of the department of corrections; or

(2) Direct that the offender be placed on probation.

6. If the suspension of the adult criminal sentence is revoked, all time served by the offender under the juvenile disposition shall be credited toward the adult criminal sentence imposed.

211.081. 1. Whenever any person informs the juvenile officer in writing that a child appears to be within the purview of applicable provisions of section 211.031 ~~[or that a person seventeen years of age appears to be within the purview of the provisions of subdivision (1) of subsection 1 of section 211.031]~~, the juvenile officer shall make or cause to be made a preliminary inquiry to determine the facts and to determine whether or not the interests of the public or of the child ~~[or person seventeen years of age]~~ require that further action be taken. On the basis of this inquiry, the juvenile officer may make such informal adjustment as is practicable without a petition or file a petition. Any other provision of this chapter to the contrary notwithstanding, the juvenile court shall not make any order for disposition of a child ~~[or person seventeen years of age]~~ which would place or commit the child ~~[or person seventeen years of age]~~ to any location outside the state of Missouri without first receiving the approval of the children's division.

2. Placement in any institutional setting shall represent the least restrictive appropriate placement for the child ~~[or person seventeen years of age]~~ and shall be recommended based upon a psychological or psychiatric evaluation or both. Prior to entering any order for disposition of a child ~~[or person seventeen years of age]~~ which would order residential treatment or other services inside the state of Missouri, the juvenile court shall enter findings which include the recommendation of the psychological or psychiatric evaluation or both; and certification from the division director or designee as to whether a provider or funds or both are available, including a projection of their future availability. If the children's division indicates that funding is not available, the division shall recommend and make available for placement by the court an alternative placement for the child ~~[or person seventeen years of age]~~. The division shall have the burden of demonstrating that they have exercised due diligence in utilizing all available services to carry out the recommendation of the evaluation team and serve the best interest of the child ~~[or person seventeen years of age]~~. The judge shall not order placement or an alternative placement with a specific provider but may reasonably designate the scope and type of the services which shall be provided by the department to the child ~~[or person seventeen years of age]~~.

3. Obligations of the state incurred under the provisions of section 211.181 shall not exceed, in any fiscal year, the amount appropriated for this purpose.

211.091. 1. The petition shall be entitled "In the interest of, a child under ~~[seventeen]~~ **eighteen** years of age" ~~[or "In the interest of, a child seventeen years of age" or "In the interest of, a person seventeen years of age" as appropriate to the subsection of section 211.031 that provides the basis for the filing of the petition].~~

2. The petition shall set forth plainly:

- (1) The facts which bring the child ~~[or person seventeen years of age]~~ within the jurisdiction of the court;
- (2) The full name, birth date, and residence of the child ~~[or person seventeen years of age]~~;
- (3) The names and residence of his or her parents, if living;
- (4) The name and residence of his or her legal guardian if there be one, of the person having custody of the child ~~[or person seventeen years of age]~~ or of the nearest known relative if no parent or guardian can be found; and
- (5) Any other pertinent data or information.

3. If any facts required in subsection 2 of this section are not known by the petitioner, the petition shall so state.

4. Prior to the voluntary dismissal of a petition filed under this section, the juvenile officer shall assess the impact of such dismissal on the best interests of the child, and shall take all actions practicable to minimize any negative impact."; and

Further amend said bill, Page 2, Section 211.093, Line 46, by inserting after said section and line the following:

"211.101. 1. After a petition has been filed, unless the parties appear voluntarily, the juvenile court shall issue a summons in the name of the state of Missouri requiring the person who has custody of the child ~~[or person seventeen years of age]~~ to appear personally and, unless the court orders otherwise, to bring the child ~~[or person seventeen years of age]~~ before the court, at the time and place stated.

2. If the person so summoned is other than a parent or guardian of the child ~~[or person seventeen years of age]~~, then the parent or guardian or both shall also be notified of the pendency of the case and of the time and place appointed.

3. If it appears that the child ~~[or person seventeen years of age]~~ is in such condition or surroundings that his or her welfare requires that his or her custody be immediately assumed by the court, the judge may order, by endorsement upon the summons, the officer serving it to take the child ~~[or person seventeen years of age]~~ into custody at once.

4. Subpoena may be issued requiring the appearance of any other person whose presence, in the opinion of the judge, is necessary.

211.161. 1. The court may cause any child ~~[or person seventeen years of age]~~ within its jurisdiction to be examined by a physician, psychiatrist or psychologist appointed by the court in order that the condition of the child ~~[or person seventeen years of age]~~ may be given consideration in the disposition of his **or her** case. The expenses of the examination when approved by the court shall be paid by the county, except that the county shall not be liable for the costs of examinations conducted by the department of mental health either directly or through contract.

2. The services of a state, county or municipally maintained hospital, institution, or psychiatric or health clinic may be used for the purpose of this examination and treatment.

3. A county may establish medical, psychiatric and other facilities, upon request of the juvenile court, to provide proper services for the court in the diagnosis and treatment of children ~~[or persons seventeen years of age]~~ coming before it and these facilities shall be under the administration and control of the juvenile court. The juvenile court may appoint and fix the compensation of such professional and other personnel as it deems necessary to provide the court proper diagnostic, clinical and treatment services for children ~~[or persons seventeen years of age]~~ under its jurisdiction.

211.181. 1. When a child ~~[or person seventeen years of age]~~ is found by the court to come within the applicable provisions of subdivision (1) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child ~~[or person seventeen years of age]~~, and the court may, by order duly entered, proceed as follows:

(1) Place the child ~~[or person seventeen years of age]~~ under supervision in his **or her** own home or in the custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child ~~[or person seventeen years of age]~~ to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes; except that, such child ~~[or person seventeen years of age]~~ may not be committed to the department of social services, division of youth services;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive the child ~~[or person seventeen years of age]~~ in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child ~~[or person seventeen years of age]~~ in a family home;

(4) Cause the child ~~[or person seventeen years of age]~~ to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child ~~[or person seventeen years of age]~~ requires it, cause the child ~~[or person seventeen years of age]~~ to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child ~~[or person seventeen years of age]~~ whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) The court may order, pursuant to subsection 2 of section 211.081, that the child receive the necessary services in the least restrictive appropriate environment including home and community-based services, treatment and support, based on a coordinated, individualized treatment plan. The individualized treatment plan shall be approved by the court and developed by the applicable state agencies responsible for providing or paying for any and all appropriate and necessary services, subject to appropriation, and shall include which agencies are going to pay for and provide such services. Such plan must be submitted to the court within thirty days and the child's family shall actively participate in designing the service plan for the child ~~[or person seventeen years of age]~~;

(6) The department of social services, in conjunction with the department of mental health, shall apply to the United States Department of Health and Human Services for such federal waivers as required to provide services for such children, including the acquisition of community-based services waivers.

2. When a child is found by the court to come within the provisions of subdivision (2) of subsection 1 of section 211.031, the court shall so decree and upon making a finding of fact upon which it exercises its jurisdiction over the child, the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his **or her** own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or place them in family homes; except that, a child may be committed to the department of social services, division of youth services, only if he **or she** is presently under the court's supervision after an adjudication under the provisions of subdivision (2) or (3) of subsection 1 of section 211.031;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(3) Place the child in a family home;

(4) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(5) Assess an amount of up to ten dollars to be paid by the child to the clerk of the court. Execution of any order entered by the court pursuant to this subsection, including a commitment to any state agency, may be suspended and the child placed on probation subject to such conditions as the court deems reasonable. After a hearing, probation may be revoked and the suspended order executed.

3. When a child is found by the court to come within the provisions of subdivision (3) of subsection 1 of section 211.031, the court shall so decree and make a finding of fact upon which it exercises its jurisdiction over the child, and the court may, by order duly entered, proceed as follows:

(1) Place the child under supervision in his or her own home or in custody of a relative or other suitable person after the court or a public agency or institution designated by the court conducts an investigation of the home, relative or person and finds such home, relative or person to be suitable and upon such conditions as the court may require; provided that, no child who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566, RSMo, including but not limited to rape, forcible sodomy, child molestation, and sexual abuse, and in which the victim was a child, shall be placed in any residence within one thousand feet of the residence of the abused child of that offense until the abused child reaches the age of eighteen, and provided further that the provisions of this subdivision regarding placement within one thousand feet of the abused child shall not apply when the abusing child and the abused child are siblings or children living in the same home;

(2) Commit the child to the custody of:

(a) A public agency or institution authorized by law to care for children or to place them in family homes;

(b) Any other institution or agency which is authorized or licensed by law to care for children or to place them in family homes;

(c) An association, school or institution willing to receive it in another state if the approval of the agency in that state which administers the laws relating to importation of children into the state has been secured; or

(d) The juvenile officer;

(4) Place the child in a family home;

(5) Cause the child to be examined and treated by a physician, psychiatrist or psychologist and when the health or condition of the child requires it, cause the child to be placed in a public or private hospital, clinic or institution for treatment and care; except that, nothing contained herein authorizes any form of compulsory medical, surgical, or psychiatric treatment of a child whose parents or guardian in good faith are providing other remedial treatment recognized or permitted under the laws of this state;

(6) Suspend or revoke a state or local license or authority of a child to operate a motor vehicle;

(7) Order the child to make restitution or reparation for the damage or loss caused by his **or her** offense. In determining the amount or extent of the damage, the court may order the juvenile officer to prepare a report and may receive other evidence necessary for such determination. The child and his **or her** attorney shall have access to any reports which may be prepared, and shall have the right to present evidence at any hearing held to ascertain the amount of damages. Any restitution or reparation ordered shall be reasonable in view of the child's ability to make payment or to perform the reparation. The court may require the clerk of the circuit court to act as receiving and disbursing agent for any payment ordered;

(8) Order the child to a term of community service under the supervision of the court or of an organization selected by the court. Every person, organization, and agency, and each employee thereof, charged with the supervision of a child under this subdivision, or who benefits from any services performed as a result of an order issued under this subdivision, shall be immune from any suit by the child ordered to perform services under this subdivision, or any person deriving a cause of action from such child, if such cause of action arises from the supervision of the child's performance of services under this subdivision and if such cause of action does not arise from an intentional tort. A child ordered to perform services under this subdivision shall not be deemed an employee within the meaning of the provisions of chapter 287, RSMo, nor shall the services of such child be deemed employment within the meaning of the provisions of chapter 288, RSMo. 4. Beginning January 1, 1996, the court may set forth in the order of commitment the minimum period during which the child shall remain in the custody of the division of youth services. No court order shall require a child to remain in the custody of the division of youth services for a period which exceeds the child's eighteenth birth date except upon petition filed by the division of youth services pursuant to subsection 1 of section 219.021,

RSMo. In any order of commitment of a child to the custody of the division of youth services, the division shall determine the appropriate program or placement pursuant to subsection 3 of section 219.021, RSMo. Beginning January 1, 1996, the department shall not discharge a child from the custody of the division of youth services before the child completes the length of stay determined by the court in the commitment order unless the committing court orders otherwise. The director of the division of youth services may at any time petition the court for a review of a child's length of stay commitment order, and the court may, upon a showing of good cause, order the early discharge of the child from the custody of the division of youth services. The division may discharge the child from the division of youth services without a further court order after the child completes the length of stay determined by the court or may retain the child for any period after the completion of the length of stay in accordance with the law.

5. When an assessment has been imposed under the provisions of subsection 2 or 3 of this section, the assessment shall be paid to the clerk of the court in the circuit where the assessment is imposed by court order, to be deposited in a fund established for the sole purpose of payment of judgments entered against children in accordance with section 211.185.

211.321. 1. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall not be open to inspection or their contents disclosed, except by order of the court to persons having a legitimate interest therein, unless a petition or motion to modify is sustained which charges the child with an offense which, if committed by an adult, would be a class A felony under the criminal code of Missouri, or capital murder, first degree murder, or second degree murder or except as provided in subsection 2 of this section. In addition, whenever a report is required under section 557.026, there shall also be included a complete list of certain violations of the juvenile code for which the defendant had been adjudicated a delinquent while a juvenile. This list shall be made available to the probation officer and shall be included in the presentence report. The violations to be included in the report are limited to the following: rape, sodomy, murder, kidnapping, robbery, arson, burglary or any acts involving the rendering or threat of serious bodily harm. The supreme court may promulgate rules to be followed by the juvenile courts in separating the records.

2. In all proceedings under subdivision (2) of subsection 1 of section 211.031, the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and shall be open to inspection only by order of the judge of the juvenile court or as otherwise provided by statute. In all proceedings under subdivision (3) of subsection 1 of section 211.031 the records of the juvenile court as well as all information obtained and social records prepared in the discharge of official duty for the court shall be kept confidential and may be open to inspection without court order only as follows:

(1) The juvenile officer is authorized at any time:

(a) To provide information to or discuss matters concerning the child, the violation of law or the case with the victim, witnesses, officials at the child's school, law enforcement officials, prosecuting attorneys, any person or agency having or proposed to have legal or actual care, custody or control of the child, or any person or agency providing or proposed to provide treatment of the child. Information received pursuant to this paragraph shall not be released to the general public, but shall be released only to the persons or agencies listed in this paragraph;

(b) To make public information concerning the offense, the substance of the petition, the status of proceedings in the juvenile court and any other information which does not specifically identify the child or the child's family;

(2) After a child has been adjudicated delinquent pursuant to subdivision (3) of subsection 1 of section 211.031, for an offense which would be a felony if committed by an adult, the records of the dispositional hearing and proceedings related thereto shall be open to the public to the same extent that records of criminal proceedings are open to the public. However, the social summaries, investigations or updates in the nature of presentence investigations, and status reports submitted to the court by any treating agency or individual after the dispositional order is entered shall be kept confidential and shall be opened to inspection only by order of the judge of the juvenile court;

(3) As otherwise provided by statute;

(4) In all other instances, only by order of the judge of the juvenile court.

3. Peace officers' records, if any are kept, of children shall be kept separate from the records of persons [seventeen] **eighteen** years of age or over and shall not be open to inspection or their contents disclosed, except by order of the court. This subsection does not apply to children who are transferred to courts of general jurisdiction as provided by section 211.071 or to juveniles convicted under the provisions of sections 578.421 to 578.437. This subsection does not apply to the inspection or disclosure of the contents of the records of peace officers for the purpose of pursuing a civil forfeiture action pursuant to the provisions of section 195.140.

4. Nothing in this section shall be construed to prevent the release of information and data to persons or organizations authorized by law to compile statistics relating to juveniles. The court shall adopt procedures to protect the confidentiality of children's names and identities.

5. The court may, either on its own motion or upon application by the child or his **or her** representative, or upon application by the juvenile officer, enter an order to destroy all social histories, records, and information, other than the official court file, and may enter an order to seal the official court file, as well as all peace officers' records, at any time after the child has reached his ~~[seventeenth]~~ **or her eighteenth** birthday if the court finds that it is in the best interest of the child that such action or any part thereof be taken, unless the jurisdiction of the court is continued beyond the child's ~~[seventeenth]~~ **eighteenth** birthday, in which event such action or any part thereof may be taken by the court at any time after the closing of the child's case.

6. Nothing in this section shall be construed to prevent the release of general information regarding the informal adjustment or formal adjudication of the disposition of a child's case to a victim or a member of the immediate family of a victim of any offense committed by the child. Such general information shall not be specific as to location and duration of treatment or detention or as to any terms of supervision.

7. Records of juvenile court proceedings as well as all information obtained and social records prepared in the discharge of official duty for the court shall be disclosed to the child fatality review panel reviewing the child's death pursuant to section 210.192 unless the juvenile court on its own motion, or upon application by the juvenile officer, enters an order to seal the records of the victim child.

211.421. 1. After any child has come under the care or control of the juvenile court as provided in this chapter, any person who thereafter encourages, aids, or causes the child to commit any act or engage in any conduct which would be injurious to the child's morals or health or who knowingly or negligently disobeys, violates or interferes with a lawful order of the court with relation to the child, is guilty of contempt of court, and shall be proceeded against as now provided by law and punished by imprisonment in the county jail for a term not exceeding six months or by a fine not exceeding five hundred dollars or by both such fine and imprisonment.

2. If it appears at a juvenile court hearing that any person ~~[seventeen]~~ **eighteen** years of age or over has violated section 568.045 or 568.050, RSMo, by endangering the welfare of a child, the judge of the juvenile court shall refer the information to the prosecuting or circuit attorney, as the case may be, for appropriate proceedings.

211.425. 1. Any person who has been adjudicated a delinquent by a juvenile court for committing or attempting to commit a sex-related offense which if committed by an adult would be considered a felony offense pursuant to chapter 566 including, but not limited to, rape, forcible sodomy, child molestation and sexual abuse, shall be considered a juvenile sex offender and shall be required to register as a juvenile sex offender by complying with the registration requirements provided for in this section, unless such juvenile adjudicated as a delinquent is fourteen years of age or older at the time of the offense and the offense adjudicated would be considered a felony under chapter 566 if committed by an adult, which is equal to or more severe than aggravated sexual abuse under 18 U.S.C. Section 2241, including any attempt or conspiracy to commit such offense, in which case, the juvenile shall be required to register as an adult sexual offender under sections 589.400 to 589.425. This requirement shall also apply to any person who is or has been adjudicated a juvenile delinquent in any other state or federal jurisdiction for committing, attempting to commit, or conspiring to commit offenses which would be proscribed herein.

2. Any state agency having supervision over a juvenile required to register as a juvenile sex offender or any court having jurisdiction over a juvenile required to register as a juvenile sex offender, or any person required to register as a juvenile sex offender, shall, within ten days of the juvenile offender moving into any county of this state, register with the juvenile office of the county. If such juvenile offender changes residence or address, the state agency, court or person shall inform the juvenile office within ten days of the new residence or address and shall also be required to register with the juvenile office of any new county of residence. Registration shall be accomplished by completing a registration form similar to the form provided for in section 589.407. Such form shall include, but is not limited to, the following:

(1) A statement in writing signed by the juvenile, giving the juvenile's name, address, Social Security number, phone number, school in which enrolled, place of employment, offense which requires registration, including the date, place, and a brief description of such offense, date and place of adjudication regarding such offense, and age and gender of the victim at the time of the offense; and

(2) The fingerprints and a photograph of the juvenile.

3. Juvenile offices shall maintain the registration forms of those juvenile offenders in their jurisdictions who register as required by this section. Information contained on the registration forms shall be kept confidential and may be released by juvenile offices to only those persons and agencies who are authorized to receive information from juvenile court records as provided by law, including, but not limited to, those specified in section 211.321. State agencies having custody of juveniles who fall within the registration requirements of this section

shall notify the appropriate juvenile offices when such juvenile offenders are being transferred to a location falling within the jurisdiction of such juvenile offices.

4. Any juvenile who is required to register pursuant to this section but fails to do so or who provides false information on the registration form is subject to disposition pursuant to this chapter. Any person [~~seventeen~~] **eighteen** years of age or over who commits such violation is guilty of a class A misdemeanor as provided for in section 211.431.

5. Any juvenile to whom the registration requirement of this section applies shall be informed by the official in charge of the juvenile's custody, upon the juvenile's discharge or release from such custody, of the requirement to register pursuant to this section. Such official shall obtain the address where such juvenile expects to register upon being discharged or released and shall report the juvenile's name and address to the juvenile office where the juvenile [~~will~~] **shall** be required to register. This requirement to register upon discharge or release from custody does not apply in situations where the juvenile is temporarily released under guard or direct supervision from a detention facility or similar custodial facility.

6. The requirement to register as a juvenile sex offender shall terminate upon the juvenile offender reaching age twenty-one, unless such juvenile offender is required to register as an adult offender pursuant to section 589.400.

211.431. Any person [~~seventeen~~] **eighteen** years of age or over who willfully violates, neglects or refuses to obey or perform any lawful order of the court, or who violates any provision of this chapter is guilty of a class A misdemeanor.

211.435. 1. There is hereby created in the state treasury the "Juvenile Justice Preservation Fund", which shall consist of moneys collected under subsection 2 of this section and sections 488.315 and 558.003, any gifts, bequests, and donations, and any other moneys appropriated by the general assembly. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, moneys in the fund shall be distributed to the judicial circuits of the state based upon the increased workload created by sections 211.021 to 211.425 solely for the administration of the juvenile justice system. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The provisions of this subsection shall expire on August 28, 2024.

2. For all traffic violations of any county ordinance or any violation of traffic laws of this state, including an infraction, in which a person has pled guilty, there shall be assessed as costs a surcharge in the amount of two dollars. No such surcharge shall be collected in any proceeding involving a violation of an ordinance or state law when the proceeding or defendant has been dismissed by the court or when costs are to be paid by the state, county or municipality. Such surcharge shall be collected and disbursed by the clerk of the court as provided by sections 488.010 to 488.020. The surcharge collected under this section shall be paid into the state treasury to the credit of the juvenile justice preservation fund created in this section. The provisions of this subsection shall expire if the provisions of subsection 1 of this section expire."; and

Further amend said bill, Page 9, Section 211.447, Line 218, by inserting after said section and line the following:

"221.044. No person under the age of [~~seventeen~~] **eighteen** years, except those transferred to the court of general jurisdiction under the provisions of section 211.071, shall be detained in a jail or other adult detention facility as that term is defined in section 211.151. A traffic court judge may request the juvenile court to order the commitment of a person under the age of [~~seventeen~~] **eighteen** to a juvenile detention facility.

488.315. 1. In addition to all other costs associated with civil actions, there shall be assessed and collected a surcharge of three dollars and fifty cents in all civil actions filed in the state. The clerk responsible for collecting court costs in civil cases shall collect and disburse such amounts as provided by sections 488.010 to 488.020. Such funds shall be payable to the juvenile justice preservation fund under subsection 1 of section 211.435.

2. The provisions of this section shall expire if the provisions of subsection 1 of section 211.435 expire.

558.003. The prosecuting attorney shall have discretion to charge an offender convicted of an offense in which the victim was a child a fine of up to five hundred dollars for each offense. Such fine shall be deposited in the juvenile justice preservation fund, created under section 211.435. The provisions of this section shall expire if the provisions of subsection 1 of section 211.435 expire.

Section 1. Expanding services from seventeen years of age to eighteen years of age is a new service and shall not be effective until an appropriation sufficient to fund the expanded service is provided therefor.

Section B. The repeal and reenactment of sections 211.021, 211.031, 211.032, 211.033, 211.041, 211.061, 211.071, 211.073, 211.081, 211.091, 211.101, 211.161, 211.181, 211.321, 211.421, 211.425, 211.431, and 221.044 of this act shall become effective on January 1, 2021."; and

"211.211. 1. A child is entitled to be represented by counsel in all proceedings under subdivision (2) or (3) of subsection 1 of section 211.031 and by a guardian ad litem in all proceedings under subdivision (1) of subsection 1 of section 211.031.

2. The court shall appoint counsel for a child prior to the filing of a petition if a request is made therefor to the court and the court finds that the child is the subject of a juvenile court proceeding and that the child making the request is indigent.

3. **(1)** When a petition has been filed under subdivision (2) or (3) of subsection 1 of section 211.031, the court shall appoint counsel for the child except if private counsel has entered his or her appearance on behalf of the child or if counsel has been waived in accordance with law; **except that, counsel shall not be waived for any proceeding specified under subsection 10 of this section.**

(2) If a child waives his or her right to counsel, such waiver shall be made in open court and be recorded and in writing. In determining whether a child has knowingly, intelligently, and voluntarily waived his or her right to counsel, the court shall look to the totality of the circumstances including, but not limited to, the child's age, intelligence, background, and experience generally and in the court system specifically; the child's emotional stability; and the complexity of the proceedings. 6. Counsel shall serve for all stages of the proceedings, including appeal, unless relieved by the court for good cause shown. If no appeal is taken, services of counsel are terminated following the entry of an order of disposition.

7. The child and his custodian may be represented by the same counsel except where a conflict of interest exists. Where it appears to the court that a conflict exists, it shall order that the child and his custodian be represented by separate counsel, and it shall appoint counsel if required by subsection 3 or 4 of this section.

8. When a petition has been filed, a child may waive his **or her** right to counsel only with the approval of the court **and if such waiver is not prohibited under subsection 10 of this section. If a juvenile waives his or her right to counsel for any proceeding except proceedings under subsection 10 of this section, the waiver shall only apply to that proceeding. In any subsequent proceeding, the child shall be informed of his or her right to counsel.**

9. Waiver of counsel by a child may be withdrawn at any stage of the proceeding, in which event the court shall appoint counsel for the child if required by subsection 3 of this section.

Representative Dogan offered **House Amendment No. 2.**

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 800, Page 9, Section 211.447, Line 218, by inserting immediately after said line the following:

"565.030. 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases.

2. Where murder in the first degree is submitted to the trier without a waiver of the death penalty, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after he finds the defendant to be a prior offender pursuant to chapter 558.

3. If murder in the first degree is submitted and the death penalty was not waived but the trier finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed as in all other criminal cases. The attorneys may then argue as in other criminal cases the issue of punishment, after which the trier shall assess and declare the punishment as in all other criminal cases.

4. If the trier at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the offense upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. If the trier is a jury it shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The trier shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

(1) If the trier finds by a preponderance of the evidence that the defendant is intellectually disabled; or

(2) If the trier does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or

(3) If the trier concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the trier; or

(4) If the trier decides under all of the circumstances not to assess and declare the punishment at death. If the trier is a jury it shall be so instructed.

If the trier assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. If the trier is a jury, it shall be instructed before the case is submitted that if it is unable to decide or agree upon the punishment, the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor ~~[or death]~~. The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree.

5. Upon written agreement of the parties and with leave of the court, the issue of the defendant's intellectual disability may be taken up by the court and decided prior to trial without prejudicing the defendant's right to have the issue submitted to the trier of fact as provided in subsection 4 of this section.

6. As used in this section, the terms "intellectual disability" or "intellectually disabled" refer to a condition involving substantial limitations in general functioning characterized by significantly subaverage intellectual functioning with continual extensive related deficits and limitations in two or more adaptive behaviors such as communication, self-care, home living, social skills, community use, self-direction, health and safety, functional academics, leisure and work, which conditions are manifested and documented before eighteen years of age.

7. The provisions of this section shall only govern offenses committed on or after August 28, 2001."; and

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

The just shall live by faith. (Romans 1:17)

Most Merciful God, we begin this day conscious of our own strengths and needs yet very aware of Your great power to sustain us in our endeavors. Keep us faithful in the performance of our duties, loyal to every high and lofty principle, responsive to the needs of our citizens, and, above all, receptive to the leading of Your living spirit.

We pray for our state and our leaders, that we may be delivered from malice, bitterness, and revenge. Strengthen within us all a true sense of justice, a proper regard for the rights of others, and a genuine spirit of goodness. Together may we walk with You, and with one another, as we go forward, with liberty, humility and justice for all.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

Speaker Richardson assumed the Chair.

9. (1) An individual may request expungement of his or her DNA sample and DNA profile through the court issuing the reversal or dismissal, or through the court granting an expungement of all official records under section 568.040. A certified copy of the court order establishing that such conviction has been reversed, guilty plea has been set aside, or expungement has been granted under section 568.040 shall be sent to the Missouri state highway patrol crime laboratory. Upon receipt of the court order, the laboratory will determine that the requesting individual has no other qualifying offense as a result of any separate plea or conviction and no other qualifying arrest prior to expungement.

(2) A person whose DNA record or DNA profile has been included in the state DNA database in accordance with this section and sections 650.050, 650.052, and 650.100 may request expungement on **one or more of the following** grounds [that the conviction has been reversed, the guilty plea on which the authority for including that person's DNA record or DNA profile was based has been set aside, or an expungement of all official records has been granted by the court under section 568.040]:

(a) The conviction on which the authority for including that person's DNA record or DNA profile was based on has been reversed;

(b) The guilty plea on which the authority for including that person's DNA record or DNA profile was based on has been set aside;

Within thirty days after the receipt of the court order, the Missouri state highway patrol shall notify the individual that it has expunged his or her DNA sample and DNA profile, or the basis for its determination that the person is otherwise obligated to submit a DNA sample.

(4) The Missouri state highway patrol is not required to destroy any item of physical evidence obtained from a DNA sample if evidence relating to another person would thereby be destroyed.

(5) Any identification, warrant, arrest, or evidentiary use of a DNA match derived from the database shall not be excluded or suppressed from evidence, nor shall any conviction be invalidated or reversed or plea set aside due to the failure to expunge or a delay in expunging DNA records.

[10. When a DNA sample is taken from an individual pursuant to subdivision (2) of subsection 1 of this section and the prosecutor declines prosecution and notifies the arresting agency of that decision, the arresting agency shall notify the Missouri state highway patrol crime laboratory within ninety days of receiving such notification. Within thirty days of being notified by the arresting agency that the prosecutor has declined prosecution, the Missouri state highway patrol crime laboratory shall determine whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken and retained. If the individual has no other qualifying offenses or arrests, the crime laboratory shall expunge all DNA records in the database taken at the arrest for which the prosecution was declined pertaining to the person and destroy the DNA sample of such person.

11. When a DNA sample is taken of an arrestee for any offense listed under subsection 1 of this section and charges are filed:

(1) If the charges are later withdrawn, the prosecutor shall notify the state highway patrol crime laboratory that such charges have been withdrawn;

(2) If the case is dismissed, the court shall notify the state highway patrol crime laboratory of such dismissal;

(3) If the court finds at the preliminary hearing that there is no probable cause that the defendant committed the offense, the court shall notify the state highway patrol crime laboratory of such finding;

(4) If the defendant is found not guilty, the court shall notify the state highway patrol crime laboratory of such verdict.

If the state highway patrol crime laboratory receives notice under this subsection, such crime laboratory shall determine, within thirty days, whether the individual has any other qualifying offenses or arrests that would require a DNA sample to be taken. 11. Nothing in section 67.300 or subsection 2 of section 190.109 shall be construed to authorize any municipality or county which is located within an ambulance district or a fire protection district that is authorized to provide ambulance service to operate an ambulance service without a franchise in an ambulance district or a fire protection district that is authorized to provide ambulance service which has enacted an ordinance making it unlawful to do so. 3. Application for training entity accreditation or certification shall be made upon such forms as prescribed by the department in rules adopted pursuant to sections 190.001 to 190.245. The application form shall contain such information as the department deems reasonably necessary to make a determination as to whether the training entity meets all requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

4. Upon receipt of such application for training entity accreditation or certification, the department shall determine whether the training entity, its instructors, facilities, equipment, curricula and medical oversight meet the requirements of sections 190.001 to 190.245 and rules promulgated pursuant to sections 190.001 to 190.245.

5. Upon finding these requirements satisfied, the department shall issue a training entity accreditation or certification in accordance with rules promulgated by the department pursuant to sections 190.001 to 190.245.

6. Subsequent to the issuance of a training entity accreditation or certification, the department shall cause a periodic review of the training entity to assure continued compliance with the requirements of sections 190.001 to 190.245 and all rules promulgated pursuant to sections 190.001 to 190.245.

7. No person or entity shall hold itself out or provide training required by this section without accreditation or certification by the department.

(2) For applications submitted after the recognition of EMS personnel licensure interstate compact under sections 190.900 to 190.939 takes effect, an applicant for initial licensure as an emergency medical technician in this state shall submit to a background check by the Missouri state highway patrol and the Federal Bureau of Investigation through a process approved by the department of health and senior services. Such processes may include the use of vendors or systems administered by the Missouri state highway patrol. The department may share the results of such a criminal background check with any emergency services licensing agency in any member state, as that term is defined under section 190.900, of the recognition of EMS personnel licensure interstate compact. The department shall not issue a license until the department receives the results of an applicant's criminal background check from the Missouri state highway patrol and the Federal Bureau of Investigation, but, notwithstanding this subsection, the department may issue a temporary license as provided under section 190.143. Any fees due for a criminal background check shall be paid by the applicant.

(3) The director may authorize investigations into criminal records in other states for any applicant.

2. The department shall issue a license to all levels of emergency medical technicians, for a period of five years, if the applicant meets the requirements established pursuant to sections 190.001 to 190.245 and the rules adopted by the department pursuant to sections 190.001 to 190.245. 4. All levels of emergency medical technicians may perform only that patient care which is:

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

Any ground or air ambulance service that adopts the authority and protocols provided for by this section shall have a memorandum of understanding with applicable local law enforcement agencies in order to achieve a collaborative and coordinated response to patients displaying symptoms of either a likelihood of serious harm to themselves or others or significant incapacitation by alcohol or drugs, which require a crisis intervention response. Restraint shall also be permitted through cooperation with on-scene law enforcement officers. All incidents involving patient restraint used under the authority of this section shall be reviewed by the ambulance service physician medical director.

4. Except as provided in subsection 3 of this section, an individual practicing in a remote state shall be subject to the remote state's authority and laws. A remote state may, in accordance with due process and that state's laws, restrict, suspend, or revoke an individual's privilege to practice in the remote state and may take any other necessary actions to protect the health and safety of its citizens. If a remote state takes action, it shall promptly notify the home state and the commission.

5. If an individual's license in any home state is restricted, suspended, or revoked, the individual shall not be eligible to practice in a remote state under the privilege to practice until the individual's home state license is restored.

6. If an individual's privilege to practice in any remote state is restricted, suspended, or revoked, the individual shall not be eligible to practice in any remote state until the individual's privilege to practice is restored.

190.912. Upon a member state's governor's declaration of a state of emergency or disaster that activates the Emergency Management Assistance Compact (EMAC), all relevant terms and provisions of EMAC shall apply, and to the extent any terms or provisions of this compact conflict with EMAC, the terms of EMAC shall prevail with respect to any individual practicing in the remote state in response to such declaration.

190.915. 1. Member states shall consider a veteran, active military service member, or member of the National Guard and Reserves separating from an active duty tour, or a spouse thereof, who holds a current, valid, and unrestricted NREMT certification at or above the level of the state license being sought as satisfying the minimum training and examination requirements for such licensure.

2. Member states shall expedite the process of licensure applications submitted by veterans, active military service members, or members of the National Guard and Reserves separating from an active duty tour, or their spouses.

4. A remote state may take adverse action on an individual's privilege to practice within that state.

5. Any member state may take adverse action against an individual's privilege to practice in that state based on the factual findings of another member state, so long as each state follows its own procedures for imposing such adverse action.

6. A home state's EMS authority shall coordinate investigative activities, share information via the coordinated database, and take appropriate action with respect to reported conduct in a remote state as it would if such conduct had occurred within the home state. In such cases, the home state's law shall control in determining the appropriate adverse action.

7. Nothing in this compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain nonpublic if required by the member state's laws. Member states shall require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

190.921. A member state's EMS authority, in addition to any other powers granted under state law, is authorized under this compact to:

(1) Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the remote state by any court of competent jurisdiction according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state's EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence is located; and

(2) Issue cease and desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.

(2) Venue is proper and judicial proceedings by or against the commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

2. Each member state shall have and be limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. Any vacancy occurring in the commission shall be filled in accordance with the laws of the member state in which the vacancy exists. In the event that more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state shall determine which entity shall be responsible for assigning the delegate.

(1) Each delegate shall be entitled to one vote with regard to the promulgation of rules and creation of bylaws, and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

(2) The commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws.

(3) All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in section 190.930.

(g) Disclosure of information of a personal nature if disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) Disclosure of investigatory records compiled for law enforcement purposes;

(i) Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with responsibility of investigation or determination of compliance issues pursuant to the compact; or

(j) Matters specifically exempted from disclosure by federal or member state statute.

(5) If a meeting or portion of a meeting is closed under this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

3. The commission shall, by a majority vote of the delegates, prescribe bylaws and rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact including, but not limited to:

As soon as practicable, the commission shall make public a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed;
- (4) Establishing the titles, duties and authority, and reasonable procedures for the election of the officers of the commission;
- (5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws shall exclusively govern the personnel policies and programs of the commission;
- (6) Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees;
- (7) Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations;
- (8) The commission shall publish its bylaws and file a copy thereof, and a copy of any amendment thereto, with the appropriate agency or officer in each of the member states, if any;
- (9) The commission shall maintain its financial records in accordance with the bylaws; and
- (10) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

4. The commission shall have the following powers:

- (1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules shall have the force and effect of law and shall be binding on all member states;

- (7) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed; provided that, at all times the commission shall strive to avoid any appearance of impropriety;
- (8) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;
- (9) To establish a budget and make expenditures;
- (10) To borrow money;

(11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(12) To provide and receive information from, and to cooperate with, law enforcement agencies;

(13) To adopt and use an official seal; and

(14) To perform such other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of EMS personnel licensure and practice.

5. (1) The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

(3) The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

6. (1) The members, officers, executive director, employees, and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim, damage to or loss of property, personal injury, or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing in this subdivision shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional, willful, or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional, willful, or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided that, the actual or alleged act, error, or omission did not result from the intentional, willful, or wanton misconduct of the person.

190.927. 1. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

2. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

(1) Identifying information;

(2) Licensure data;

(3) Significant investigatory information;

(4) Adverse actions against an individual's license;

(5) An indicator that an individual's privilege to practice is restricted, suspended, or revoked;

(6) Nonconfidential information related to alternative program participation;
(7) Any denial of application for licensure and the reasons for such denial; and
(8) Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

3. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

4. Member states contributing information to the coordinated database may designate information that shall not be shared with the public without the express permission of the contributing state.

5. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated database.

190.930. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any member state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule or rules shall be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each member state's EMS authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting at which the rule shall be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person; and

(4) The manner in which interested parties may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments that shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons;

(2) A governmental subdivision or agency; or

(3) An association having at least twenty-five members.

8. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(1) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(2) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(3) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(4) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing; provided that, the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

- (1) Meet an imminent threat to public health, safety, or welfare;
- (2) Prevent a loss of commission or member state funds;
- (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
- (4) Protect public health and safety.

13. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

190.933. 1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceedings in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

4. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

- (1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and
- (2) Provide remedial training and specific technical assistance regarding the default.

5. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

6. Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

7. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

8. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact unless agreed upon in writing between the commission and the defaulting state.

9. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

10. Upon a request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

11. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

12. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

13. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. 4. Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

5. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

3. The petition shall name as defendants all law enforcement agencies, courts, prosecuting or circuit attorneys, municipal prosecuting attorneys, central state repositories of criminal records, or others who the petitioner has reason to believe may possess the records subject to expungement for each of the offenses, violations, and infractions listed in the petition. The court's order of expungement shall not affect any person or entity not named as a defendant in the action.

4. The petition shall include the following information:

- (1) The petitioner's:
 - (a) Full name;
 - (b) Sex;
 - (c) Race;
 - (d) Driver's license number, if applicable; and
 - (e) Current address;
- (2) Each offense, violation, or infraction for which the petitioner is requesting expungement;
- (3) The approximate date the petitioner was charged for each offense, violation, or infraction; and

if any of the offenses, violations, or infractions occurred in a municipality, the name of the municipality for each offense, violation, or infraction; and

5. The clerk of the court shall give notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petition. If the prosecuting attorney, circuit attorney, or municipal prosecuting attorney objects to the petition for expungement, he or she shall do so in writing within thirty days after receipt of service. Unless otherwise agreed upon by the parties, the court shall hold a hearing within sixty days after any written objection is filed, giving reasonable notice of the hearing to the petitioner. If no objection has been filed within thirty days after receipt of service, the court may set a hearing on the matter and shall give reasonable notice of the hearing to each entity named in the petition. At any hearing, the court may accept evidence and hear testimony on, and may consider, the following criteria for each of the offenses, violations, or infractions listed in the petition for expungement:

- (1) It has been at least seven years if the offense is a felony, or at least three years if the offense is a misdemeanor, municipal offense, or infraction, from the date the petitioner completed any authorized disposition imposed under section 557.011 for each offense, violation, or infraction listed in the petition;
- (2) The person has not been found guilty of any other misdemeanor or felony, not including violations of the traffic regulations provided under chapters 304 and 307, during the time period specified for the underlying offense, violation, or infraction in subdivision (1) of this subsection;

- (6) The expungement is consistent with the public welfare and the interests of justice warrant the expungement.

A pleading by the petitioner that such petitioner meets the requirements of subdivisions (5) and (6) of this subsection shall create a rebuttable presumption that the expungement is warranted so long as the criteria contained in subdivisions (1) to (4) of this subsection are otherwise satisfied. The burden shall shift to the prosecuting attorney, circuit attorney, or municipal prosecuting attorney to rebut the presumption. A victim of an offense, violation, or infraction listed in the petition shall have an opportunity to be heard at any hearing held under this section, and the court may make a determination based solely on such victim's testimony.

6. A petition to expunge records related to an arrest for an eligible offense, violation, or infraction may be made in accordance with the provisions of this section to a court of competent jurisdiction in the county where the petitioner was arrested no earlier than three years from the date of arrest; provided that, during such time, the petitioner has not been charged and the petitioner has not been found guilty of any misdemeanor or felony offense.

7. If the court determines that such person meets all the criteria set forth in subsection 5 of this section for each of the offenses, violations, or infractions listed in the petition for expungement, the court shall enter an order of expungement. In all cases under this section, the court shall issue an order of expungement or dismissal within six months of the filing of the petition. A copy of the order of expungement shall be provided to the petitioner and each entity possessing records subject to the order, and, upon receipt of the order, each entity shall close any record in its possession relating to any offense, violation, or infraction listed in the petition, in the manner established by section 610.120. The records and files maintained in any administrative or court proceeding in a municipal, associate, or circuit court for any offense, infraction, or violation ordered expunged under this section shall be confidential and only available to the parties or by order of the court for good cause shown. The central repository shall request the Federal Bureau of Investigation to expunge the records from its files.

8. The order shall not limit any of the petitioner's rights that were restricted as a collateral consequence of such person's criminal record, and such rights shall be restored upon issuance of the order of expungement. Except as otherwise provided under this section, the effect of such order shall be to restore such person to the status he or she occupied prior to such arrests, pleas, trials, or convictions as if such events had never taken place. No person as to whom such order has been entered shall be held thereafter under any provision of law to be guilty of perjury or otherwise giving a false statement by reason of his or her failure to recite or acknowledge such arrests, pleas, trials, convictions, or expungement in response to an inquiry made of him or her and no such inquiry shall be made for information relating to an expungement, except the petitioner shall disclose the expunged offense, violation, or infraction to any court when asked or upon being charged with any subsequent offense, violation, or infraction. The expunged offense, violation, or infraction may be considered a prior offense in determining a sentence to be imposed for any subsequent offense that the person is found guilty of committing.

9. Notwithstanding the provisions of subsection 8 of this section to the contrary, a person granted an expungement shall disclose any expunged offense, violation, or infraction when the disclosure of such information is necessary to complete any application for:

- (1) A license, certificate, or permit issued by this state to practice such individual's profession;
- (2) Any license issued under chapter 313 or permit issued under chapter 571;
- (3) Paid or unpaid employment with an entity licensed under chapter 313, any state-operated lottery, or any emergency services provider, including any law enforcement agency;
- (4) Employment with any federally insured bank or savings institution or credit union or an affiliate of such institution or credit union for the purposes of compliance with 12 U.S.C. Section 1829 and 12 U.S.C. Section 1785;
- (5) Employment with any entity engaged in the business of insurance or any insurer for the purpose of complying with 18 U.S.C. Section 1033, 18 U.S.C. Section 1034, or other similar law which requires an employer engaged in the business of insurance to exclude applicants with certain criminal convictions from employment; or
- (6) Employment with any employer that is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

An employer shall notify an applicant of the requirements under subdivisions (4) to (6) of this subsection. Notwithstanding any provision of law to the contrary, an expunged offense, violation, or infraction shall not be grounds for automatic disqualification of an applicant, but may be a factor for denying employment, or a professional license, certificate, or permit; except that, an offense, violation, or infraction expunged under the provisions of this section may be grounds for automatic disqualification if the application is for employment under subdivisions (4) to (6) of this subsection.

10. A person who has been granted an expungement of records pertaining to a misdemeanor or felony offense, an ordinance violation, or an infraction may answer "no" to an employer's inquiry into whether the person has ever been convicted of a crime if, after the granting of the expungement, the person has no public record of a misdemeanor or felony offense, an ordinance violation, or an infraction. The person, however, shall answer such an inquiry affirmatively and disclose his or her criminal convictions, including any offense or violation expunged under this section or similar law, if the employer is required to exclude applicants with certain criminal convictions from employment due to federal or state law, including corresponding rules and regulations.

11. If the court determines that the petitioner has not met the criteria for any of the offenses, violations, or infractions listed in the petition for expungement or the petitioner has knowingly provided false information in the petition, the court shall enter an order dismissing the petition. Any person whose petition for expungement has been dismissed by the court for failure to meet the criteria set forth in subsection 5 of this section may not refile another petition until a year has passed since the date of filing for the previous petition.

12. A person may be granted more than one expungement under this section provided that during his or her lifetime, the total number of offenses, violations, or infractions for which orders of expungement are granted to the person shall not exceed the following limits:

- (1) Not more than two misdemeanor offenses or ordinance violations that have an authorized term of imprisonment; and
- (2) Not more than one felony offense.

A person may be granted expungement under this section for any number of infractions. Nothing in this section shall prevent the court from maintaining records to ensure that an individual has not exceeded the limitations of this subsection. Nothing in this section shall be construed to limit or impair in any way the subsequent use of any record expunged under this section of any arrests or findings of guilt by a law enforcement agency, criminal justice agency,

prosecuting attorney, circuit attorney, or municipal prosecuting attorney, including its use as a prior offense, violation, or infraction.

13. The court shall make available a form for pro se petitioners seeking expungement, which shall include the following statement: "I declare under penalty of perjury that the statements made herein are true and correct to the best of my knowledge, information, and belief."

14. Nothing in this section shall be construed to limit or restrict the availability of expungement to any person under any other law."; and

Further amend the title and enacting clause accordingly.

"354.603. 1. A health carrier shall maintain a network that is sufficient in number and types of providers to assure that all services to enrollees shall be accessible without unreasonable delay. In the case of emergency services, enrollees shall have access twenty-four hours per day, seven days per week. The health carrier's medical director shall be responsible for the sufficiency and supervision of the health carrier's network. Sufficiency shall be determined by the director in accordance with the requirements of this section and by reference to any reasonable criteria, including but not limited to provider-enrollee ratios by specialty, primary care provider-enrollee ratios, geographic accessibility, reasonable distance accessibility criteria for pharmacy and other services, waiting times for appointments with participating providers, hours of operation, and the volume of technological and specialty services available to serve the needs of enrollees requiring technologically advanced or specialty care.

(1) In any case where the health carrier has an insufficient number or type of participating providers to provide a covered benefit, the health carrier shall ensure that the enrollee obtains the covered benefit at no greater cost than if the benefit was obtained from a participating provider, or shall make other arrangements acceptable to the director.

(2) The health carrier shall establish and maintain adequate arrangements to ensure reasonable proximity of participating providers, including local pharmacists, to the business or personal residence of enrollees. In determining whether a health carrier has complied with this provision, the director shall give due consideration to the relative availability of health care providers in the service area under, especially rural areas, consideration.

(3) A health carrier shall monitor, on an ongoing basis, the ability, clinical capacity, and legal authority of its providers to furnish all contracted benefits to enrollees. The provisions of this subdivision shall not be construed to require any health care provider to submit copies of such health care provider's income tax returns to a health carrier. A health carrier may require a health care provider to obtain audited financial statements if such health care provider received ten percent or more of the total medical expenditures made by the health carrier.

(4) A health carrier shall make its entire network available to all enrollees unless a contract holder has agreed in writing to a different or reduced network.

2. A health carrier shall file with the director, in a manner and form defined by rule of the department of insurance, financial institutions and professional registration, an access plan meeting the requirements of sections 354.600 to 354.636 for each of the managed care plans that the health carrier offers in this state. The health carrier may request the director to deem sections of the access plan as proprietary or competitive information that shall not be made public. For the purposes of this section, information is proprietary or competitive if revealing the information will cause the health carrier's competitors to obtain valuable business information. The health carrier shall provide such plans, absent any information deemed by the director to be proprietary, to any interested party upon request. The health carrier shall prepare an access plan prior to offering a new managed care plan, and shall update an existing access plan whenever it makes any change as defined by the director to an existing managed care plan. The director shall approve or disapprove the access plan, or any subsequent alterations to the access plan, within sixty days of filing. The access plan shall describe or contain at a minimum the following:

- (1) The health carrier's network;
- (2) The health carrier's procedures for making referrals within and outside its network;
- (3) The health carrier's process for monitoring and assuring on an ongoing basis the sufficiency of the network to meet the health care needs of enrollees of the managed care plan;
- (4) The health carrier's methods for assessing the health care needs of enrollees and their satisfaction with services;
- (5) The health carrier's method of informing enrollees of the plan's services and features, including but not limited to the plan's grievance procedures, its process for choosing and changing providers, and its procedures for providing and approving emergency and specialty care;
- (6) The health carrier's system for ensuring the coordination and continuity of care for enrollees referred to specialty physicians, for enrollees using ancillary services, including social services and other community resources, and for ensuring appropriate discharge planning;
- (7) The health carrier's process for enabling enrollees to change primary care professionals;
- (8) The health carrier's proposed plan for providing continuity of care in the event of contract termination between the health carrier and any of its participating providers, in the event of a reduction in service area or in the event of the health carrier's insolvency or other inability to continue operations. The description shall explain how enrollees shall be notified of the contract termination, reduction in service area or the health carrier's insolvency or other modification or cessation of operations, and transferred to other health care professionals in a timely manner; and

(9) Any other information required by the director to determine compliance with the provisions of sections 354.600 to 354.636.

3. In reviewing an access plan filed pursuant to subsection 2 of this section, the director shall deem a managed care plan's network to be adequate if it meets one or more of the following criteria:

- (1) The managed care plan is a Medicare + Choice coordinated care plan offered by the health carrier pursuant to a contract with the federal Centers for Medicare and Medicaid Services;
- (2) The managed care plan is being offered by a health carrier that has been accredited by the National Committee for Quality Assurance at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed;
- (3) The managed care plan's network has been accredited by the Joint Commission on the Accreditation of Health Organizations for Network Adequacy, and such accreditation is in effect at the time the access plan is filed. If the accreditation applies to only a portion of the managed care plan's network, only the accredited portion will be deemed adequate; ~~or~~
- (4) The managed care plan is being offered by a health carrier that has been accredited by the Utilization Review Accreditation Commission at a level of "accredited" or better, and such accreditation is in effect at the time the access plan is filed; **or**
- (5) **The managed care plan is being offered by a health carrier that has been accredited by the Accreditation Association for Ambulatory Health Care, and such accreditation is in effect at the time the access plan is filed.**"; and

All claims shall be paid within thirty days of the receipt by the insurer of all documents reasonably needed to determine the claim.

3. Nothing in this section shall preclude an insurer from voluntarily issuing an instrument of payment in the single name of the provider.

4. **Except as provided in subsection 5 of this section**, this section shall not require any insurer, health services corporation, health maintenance corporation or preferred provider organization which directly contracts with certain members of a class of providers for the delivery of health care services to issue payment as provided pursuant to this section to those members of the class which do not have a contract with the insurer.

5. (1) Within forty-five processing days, as defined in 376.383, of receiving the health care professional's claim, the health carrier shall offer to pay the health care professional a reasonable reimbursement for unanticipated out-of-network care based on the health care professional's services. If the health care professional participates in one or more of the carrier's commercial networks, the offer of reimbursement for unanticipated out-of-network care shall be the amount from the network which has the highest reimbursement.

(2) If the health care professional declines the health carrier's initial offer of reimbursement, the health carrier and health care professional shall have sixty days to negotiate in good faith to attempt to determine the reimbursement for the unanticipated out-of-network care.

(3) If the health carrier and health care professional do not agree to a reimbursement amount by the end of the sixty day negotiation period, the dispute shall be resolved through an arbitration process as specified in subsection 4 of this section.

(4) To initiate arbitration proceedings, either the health carrier or health care professional must provide written notification to the director and the other party within 120 days of the end of the negotiation period, indicating their intent to arbitrate the matter and notifying the director of the billed amount and the date and amount of the final offer by each party. Bills may be combined for purposes of arbitration, but only to the extent the bills represent similar circumstances and services provided by the same health care professional, and the parties attempted to resolve the dispute in accordance with subdivisions (2) through (4) of this subsection.

(5) No health care professional shall send a bill to the patient for any difference between the reimbursement rate as determined under this subsection and the health care professional's billed charge.

3. When unanticipated out-of-network care is provided, the health care professional may bill a patient for no more than the cost-sharing requirements described under this section.

(1) Cost-sharing requirements shall be based on the reimbursement amount as determined under subsection 2 of this section.

(2) The patient's health carrier shall inform the health care professional of its enrollee's cost-sharing requirements within forty-five processing days of receiving a claim from the health care professional for services provided.

(3) The in-network deductible and out-of-pocket maximum cost-sharing requirements shall apply to the claim for the unanticipated out-of-network care.

6. The arbitrator shall determine a dollar amount due under subsection 2 of this section between one hundred twenty percent of the Medicare allowed amount and the seventieth percentile of the usual and customary rate for the unanticipated out-of-network care, as determined by benchmarks from independent nonprofit organizations that are not affiliated with insurance carriers or provider organizations.

7. When determining a reasonable reimbursement rate, the arbitrator shall consider the following factors if the health care professional believes the payment offered for the unanticipated out-of-network care does not properly recognize:

- (1) The health care professional's training, education, or experience;
- (2) The nature of the service provided;
- (3) The health care professional's usual charge for comparable services provided;
- (4) The circumstances and complexity of the particular case, including the time and place the services were provided; and
- (5) The average contracted rate for comparable services provided in the same geographic area.

8. The enrollee shall not be required to participate in the arbitration process. The health care professional and health carrier shall execute a nondisclosure agreement prior to engaging in an arbitration under this section.

9. This section shall take effect on January 1, 2019.

A physical therapist or physical therapist assistant whose right to practice has been affected under this subdivision shall, at reasonable intervals, be afforded an opportunity to demonstrate that the physical therapist or physical therapist assistant can resume the competent practice as a physical therapist or physical therapist assistant with reasonable skill and safety to patients;

 - (9) Require the physical therapist or physical therapist assistant to attend such continuing educational courses and pass such examinations as the board may direct.
4. In any order of revocation, the board may provide that the physical therapist or physical therapist assistant shall not apply for reinstatement of the physical therapist's or physical therapist assistant's license for a period of time ranging from two to seven years following the date of the order of revocation. All stay orders shall toll this time period.
5. Before restoring to good standing a license issued under this chapter which has been in a revoked, suspended, or inactive state for any cause for more than two years, the board may require the applicant to attend such continuing medical education courses and pass such examinations as the board may direct.
6. In any investigation, hearing or other proceeding to determine a physical therapist's, physical therapist assistant's or applicant's fitness to practice, any record relating to any patient of the physical therapist, physical therapist assistant, or applicant shall be discoverable by the board and admissible into evidence, regardless of any statutory or common law privilege which such physical therapist, physical therapist assistant, applicant, record custodian, or patient might otherwise invoke. In addition, no such physical therapist, physical therapist assistant, applicant, or record custodian may withhold records or testimony bearing upon a physical therapist's, physical therapist assistant's, or applicant's fitness to practice on the grounds of privilege between such physical therapist, physical therapist assistant, applicant, or record custodian and a patient."; and"; and

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, THURSDAY, MAY 10, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

He that dwelleth in the secret place of the Most High shall abide under the shadow of the Almighty. (Psalm 91:1)

Great God of Grace and Goodness, we thank You for this quiet moment of prayer. When facing the serious duties that confront us and seeking to carry the responsibilities committed to our care, we can look from the visible to the invisible, from the temporal to the eternal, and in so doing gain courage for these minutes, wisdom for these hours, and strength for these final days. In Your presence may we receive the resources which make us suitable for our tasks, give us steadfast devotion for what is right, and keep us dedicated to the purpose for which this state was established.

Among the confusion and chaos of these times may we know that Your truth is eternal, and may we here determine that we will walk with You and work for You in building a state where righteousness, justice and peace shall prevail forever.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the seventieth day was approved as printed by the following vote:

Within the limits of the amounts appropriated therefor, the coordinating board for higher education shall award annually up to twenty-five grants to survivors of qualifying military members to attend institutions of postsecondary education in this state, which shall continue to be awarded annually to eligible recipients as long as the recipient achieves and maintains a cumulative grade point average of at least two and one-half on a four-point scale, or its equivalent. If the waiting list of eligible survivors exceeds fifty, the coordinating board may petition the

If a grant recipient at any time withdraws from the institution of postsecondary education so that under the rules and regulations of that institution he or she is entitled to a refund of any tuition, fees, room and board, books, or other charges, the institution shall pay the portion of the refund to which he or she is entitled attributable to the grant for that semester or similar grading period to the board.

9. If a survivor is granted financial assistance under any other student aid program, public or private, the full amount of such aid shall be reported to the board by the institution and the eligible survivor.

Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017, or Schedule II - hydrocodone.

8. A collaborating physician **or supervising physician** shall not enter into a collaborative practice arrangement **or supervision agreement** with more than ~~three~~ **six** full-time equivalent advanced practice registered nurses, **full-time equivalent licensed physician assistants, or full-time equivalent assistant physicians, or any combination thereof**. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008, **or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of this section.**

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the

collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

12. Physician assistants shall file with the board a copy of their supervising physician form.

13. No physician shall be designated to serve as supervising physician **or collaborating physician** for more than ~~three~~ **six** full-time equivalent licensed physician assistants, **full-time equivalent advanced practice registered nurses, or full-time equivalent assistant physicians, or any combination thereof.** This limitation shall not apply to physician assistant agreements of hospital employees providing inpatient care service in hospitals as defined in chapter 197, **or to a certified registered nurse anesthetist providing anesthesia services under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed as set out in subsection 7 of section 334.104.**

The rules adopted by the director shall assure that:

(b) The quantity, location, and specialty distribution of health care providers is adequate; and

(c) Administrative or clinical protocols do not serve to reduce access to medically necessary treatment for any insured;

(4) Coverage for treatment for chemical dependency shall comply with sections 376.779, 376.810 to 376.814, and 376.825 to 376.836 and for the purposes of this subdivision the term "health insurance policy" as used in sections 376.779, 376.810 to 376.814, and 376.825 to 376.836, the term "health insurance policy" shall include group coverage.

4. Notwithstanding any other provision of law to the contrary, all health insurance policies that cover state employees, including the Missouri consolidated health care plan, shall include coverage for mental illness. Multiyear group policies need not comply until the expiration of their current multiyear term unless the policyholder elects to comply before that time.

The director shall promulgate rules establishing a procedure and appropriate standards for making such a demonstration. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void."; and

Immediately upon receipt of such notification, the coroner or the coroner's deputy shall make the determination if further investigation is necessary, based on information provided by the individual contacting the coroner, and immediately advise such individual of the coroner's intentions.

House Amendment No. 4

AMEND Senate Substitute for Senate Committee Substitute for Senate Bill No. 549, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"135.352. 1. A taxpayer owning an interest in a qualified Missouri project shall, subject to the limitations provided under the provisions of subsection 3 of this section, be allowed a state tax credit, whether or not allowed a federal tax credit, to be termed the Missouri low-income housing tax credit, if the commission issues an eligibility statement for that project.

2. For qualified Missouri projects placed in service after January 1, 1997, the Missouri low-income housing tax credit available to a project shall be such amount as the commission shall determine is necessary to ensure the feasibility of the project, up to an amount equal to the federal low-income housing tax credit for a qualified Missouri project, for a federal tax period, and such amount shall be subtracted from the amount of state tax otherwise due for the same tax period.

3. No more than six million dollars in tax credits shall be authorized each fiscal year for projects financed through tax-exempt bond issuance.

4. The Missouri low-income housing tax credit shall be taken against the taxes and in the order specified pursuant to section 32.115. The credit authorized by this section shall not be refundable. Any amount of credit that exceeds the tax due for a taxpayer's taxable year may be carried back to any of the taxpayer's three prior taxable years or carried forward to any of the taxpayer's five subsequent taxable years.

5. All or any portion of Missouri tax credits issued in accordance with the provisions of sections 135.350 to 135.362 may be allocated to parties who are eligible pursuant to the provisions of subsection 1 of this section. Beginning January 1, 1995, for qualified projects which began on or after January 1, 1994, an owner of a qualified Missouri project shall certify to the director the amount of credit allocated to each taxpayer. The owner of the project shall provide to the director appropriate information so that the low-income housing tax credit can be properly allocated.

6. In the event that recapture of Missouri low-income housing tax credits is required pursuant to subsection 2 of section 135.355, any statement submitted to the director as provided in this section shall include the proportion of the state credit required to be recaptured, the identity of each taxpayer subject to the recapture and the amount of credit previously allocated to such taxpayer.

7. Notwithstanding any provision of law to the contrary, the value of any tax credit authorized under this section shall be ninety percent of the value determined by the commission under subsection 2 of this section for qualified projects located in municipalities unless the applicable municipality agrees by council vote to remit to the department of revenue one percent of the value of the tax credit determined under subsection 2 of this section for qualified projects located within their boundaries to be credited to general revenue. Thereupon, the value of the tax credit shall equal the amount determined by the commission under subsection 2 of this section.

8. The director of the department may promulgate rules and regulations necessary to administer the provisions of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

253.550. 1. Any taxpayer incurring costs and expenses for the rehabilitation of eligible property, which is a certified historic structure or structure in a certified historic district, may, subject to the provisions of this section and section 253.559, receive a credit against the taxes imposed pursuant to chapters 143 and 148, except for sections 143.191 to 143.265, on such taxpayer in an amount equal to twenty-five percent of the total costs and expenses of rehabilitation incurred after January 1, 1998, which shall include, but not be limited to, qualified rehabilitation expenditures as defined under section 47(c)(2)(A) of the Internal Revenue Code of 1986, as amended, and the related regulations thereunder, provided the rehabilitation costs associated with rehabilitation and the expenses exceed fifty percent of the total basis in the property and the rehabilitation meets standards consistent with the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources.

2. During the period beginning on January 1, 2010, but ending on or after June 30, 2010, the department of economic development shall not approve applications for tax credits under the provisions of subsections 3 and 8 of section 253.559 which, in the aggregate, exceed seventy million dollars, increased by any amount of tax credits for which approval shall be rescinded under the provisions of section 253.559. 5. Notwithstanding any provision of law to the contrary, the value of any tax credit authorized under this section shall be ninety percent of the value determined under subsection 1 of this section for eligible property located in municipalities unless the applicable municipality agrees by council vote to remit to the department of revenue one percent of the value of the tax credit determined under subsection 1 of this section for eligible property located within their boundaries to be credited to general revenue. Only one such adjustment shall be made for each instance in which the provisions of this subdivision apply. The director of the department of economic development shall publish such adjusted amount.**

3. For all applications for tax credits approved on or after January 1, 2010, no more than two hundred fifty thousand dollars in tax credits may be issued for eligible costs and expenses incurred in the rehabilitation of an eligible property which is a nonincome producing single-family, owner-occupied residential property and is either a certified historic structure or a structure in a certified historic district.

4. The limitations on tax credit authorization provided under the provisions of subsections 2 and 3 of this section shall not apply to:

(1) Any application submitted by a taxpayer, which has received approval from the department prior to January 1, 2010; or

(2) Any taxpayer applying for tax credits, provided under this section, which, on or before January 1, 2010, has filed an application with the department evidencing that such taxpayer:

(a) Has incurred costs and expenses for an eligible property which exceed the lesser of five percent of the total project costs or one million dollars and received an approved Part I from the Secretary of the United States Department of Interior; or

(b) Has received certification, by the state historic preservation officer, that the rehabilitation plan meets the standards consistent with the standards of the Secretary of the United States Department of the Interior, and the rehabilitation costs and expenses associated with such rehabilitation shall exceed fifty percent of the total basis in the property.

253.559. 1. To obtain approval for tax credits allowed under sections 253.545 to 253.559, a taxpayer shall submit an application for tax credits to the department of economic development. Each application for approval, including any applications received for supplemental allocations of tax credits as provided under subsection [8] 10 of this section, shall be prioritized for review and approval, in the order of the date on which the application was

postmarked, with the oldest postmarked date receiving priority. Applications postmarked on the same day shall go through a lottery process to determine the order in which such applications shall be reviewed.

2. Each application shall be reviewed by the department of economic development for approval. In order to receive approval, an application, other than applications submitted under the provisions of subsection [8] 10 of this section, shall include:

(1) Proof of ownership or site control. Proof of ownership shall include evidence that the taxpayer is the fee simple owner of the eligible property, such as a warranty deed or a closing statement. Proof of site control may be evidenced by a leasehold interest or an option to acquire such an interest. If the taxpayer is in the process of acquiring fee simple ownership, proof of site control shall include an executed sales contract or an executed option to purchase the eligible property;

(2) Floor plans of the existing structure, architectural plans, and, where applicable, plans of the proposed alterations to the structure, as well as proposed additions;

(3) The estimated cost of rehabilitation, the anticipated total costs of the project, the actual basis of the property, as shown by proof of actual acquisition costs, the anticipated total labor costs, the estimated project start date, and the estimated project completion date;

(4) Proof that the property is an eligible property and a certified historic structure or a structure in a certified historic district; ~~and~~

(5) **A copy of all land use and building approvals reasonably necessary for the commencement of the project; and**

(6) Any other information which the department of economic development may reasonably require to review the project for approval.

Only the property for which a property address is provided in the application shall be reviewed for approval. Once selected for review, a taxpayer shall not be permitted to request the review of another property for approval in the place of the property contained in such application. Any disapproved application shall be removed from the review process. If an application is removed from the review process, the department of economic development shall notify the taxpayer in writing of the decision to remove such application. Disapproved applications shall lose priority in the review process. A disapproved application, which is removed from the review process, may be resubmitted, but shall be deemed to be a new submission for purposes of the priority procedures described in this section.

3. **In evaluating an application for tax credits submitted under this section, the department of economic development shall also consider:**

(1) **The amount of projected net fiscal benefit of the project to the state and local municipality, and the period in which the state and municipality would realize such net fiscal benefit;**

(2) **The overall size and quality of the proposed project, including the estimated number of new jobs to be created by the project, the potential multiplier effect of the project, and similar factors;**

(3) **The level of economic distress in the area; and**

(4) **Input from the local elected officials and local municipality in which the proposed project is located as to the importance of the proposed project to the municipality.**

4. If the department of economic development deems the application sufficient, the taxpayer shall be notified in writing of the approval for an amount of tax credits equal to the amount provided under section 253.550 less any amount of tax credits previously approved. Such approvals shall be granted to applications in the order of priority established under this section and shall require full compliance thereafter with all other requirements of law as a condition to any claim for such credits. **If the department of economic development disapproves an application, the taxpayer shall be notified in writing of the reasons for such disapproval. A disapproved application may be resubmitted.**

~~[4-]~~ 5. Following approval of an application, the identity of the taxpayer contained in such application shall not be modified except:

(1) The taxpayer may add partners, members, or shareholders as part of the ownership structure, so long as the principal remains the same, provided however, that subsequent to the commencement of renovation and the expenditure of at least ten percent of the proposed rehabilitation budget, removal of the principal for failure to perform duties and the appointment of a new principal thereafter shall not constitute a change of the principal; or

(2) Where the ownership of the project is changed due to a foreclosure, deed in lieu of a foreclosure or voluntary conveyance, or a transfer in bankruptcy.

~~[5-]~~ 6. In the event that the department of economic development grants approval for tax credits equal to the total amount available under subsection 2 of section 253.550, or sufficient that when totaled with all other

approvals, the amount available under subsection 2 of section 253.550 is exhausted, all taxpayers with applications then awaiting approval or thereafter submitted for approval shall be notified by the department of economic development that no additional approvals shall be granted during the fiscal year and shall be notified of the priority given to such taxpayer's application then awaiting approval. Such applications shall be kept on file by the department of economic development and shall be considered for approval for tax credits in the order established in this section in the event that additional credits become available due to the rescission of approvals or when a new fiscal year's allocation of credits becomes available for approval.

7. All taxpayers with applications receiving approval on or after July 1, 2019, shall submit within sixty days following the award of credits evidence of the capacity of the applicant to finance the costs and expenses for the rehabilitation of the eligible property in the form of a line of credit or letter of commitment subject to the lender's termination for a material adverse change impacting the extension of credit. If the department of economic development determines that a taxpayer has failed to comply with the requirements under this subsection, then the department shall notify the applicant of such failure and the applicant shall have a thirty day period from the date of such notice to submit additional evidence to remedy the failure.

[6-] **8.** All taxpayers with applications receiving approval on or after the effective date of this act shall commence rehabilitation within ~~[two years]~~ **nine months** of the date of issuance of the letter from the department of economic development granting the approval for tax credits. "Commencement of rehabilitation" shall mean that as of the date in which actual physical work, contemplated by the architectural plans submitted with the application, has begun, the taxpayer has incurred no less than ten percent of the estimated costs of rehabilitation provided in the application. Taxpayers with approval of a project shall submit evidence of compliance with the provisions of this subsection. If the department of economic development determines that a taxpayer has failed to comply with the requirements provided under this section, the approval for the amount of tax credits for such taxpayer shall be rescinded and such amount of tax credits shall then be included in the total amount of tax credits, provided under subsection 2 of section 253.550, from which approvals may be granted. Any taxpayer whose approval shall be subject to rescission shall be notified of such from the department of economic development and, upon receipt of such notice, may submit a new application for the project.

[7-] **9.** To claim the credit authorized under sections 253.550 to 253.559, a taxpayer with approval shall apply for final approval and issuance of tax credits from the department of economic development which, in consultation with the department of natural resources, shall determine the final amount of eligible rehabilitation costs and expenses and whether the completed rehabilitation meets the standards of the Secretary of the United States Department of the Interior for rehabilitation as determined by the state historic preservation officer of the Missouri department of natural resources. For financial institutions credits authorized pursuant to sections 253.550 to 253.561 shall be deemed to be economic development credits for purposes of section 148.064. The approval of all applications and the issuing of certificates of eligible credits to taxpayers shall be performed by the department of economic development. The department of economic development shall inform a taxpayer of final approval by letter and shall issue, to the taxpayer, tax credit certificates. The taxpayer shall attach the certificate to all Missouri income tax returns on which the credit is claimed.

[8-] **10.** Except as expressly provided in this subsection, tax credit certificates shall be issued in the final year that costs and expenses of rehabilitation of the project are incurred, or within the twelve-month period immediately following the conclusion of such rehabilitation. In the event the amount of eligible rehabilitation costs and expenses incurred by a taxpayer would result in the issuance of an amount of tax credits in excess of the amount provided under such taxpayer's approval granted under subsection [3] **4** of this section, such taxpayer may apply to the department for issuance of tax credits in an amount equal to such excess. Applications for issuance of tax credits in excess of the amount provided under a taxpayer's application shall be made on a form prescribed by the department. Such applications shall be subject to all provisions regarding priority provided under subsection 1 of this section.

[9-] **11.** The department of economic development shall determine, on an annual basis, the overall economic impact to the state from the rehabilitation of eligible property."; and

Further amend said bill, Page 8, Section 620.809, Line 241, by inserting immediately after all of said section and line the following:

"620.1900. 1. The department of economic development may charge a fee to the recipient of any tax credits issued by the department, in an amount up to two and one-half percent of the amount of tax credits issued, **or for tax credits issued under sections 253.545 to 253.559 in an amount equal to four percent of the amount of tax credits issued.** The fee shall be paid by the recipient upon the issuance of the tax credits. However, no fee shall

be charged for the tax credits issued under section 135.460, or section 208.770, or under sections 32.100 to 32.125, if issued for community services, crime prevention, education, job training, or physical revitalization.

3. There is hereby created in the state treasury the "Economic Development Advancement Fund", which shall consist of money collected under this section. The state treasurer shall be custodian of the fund and shall approve disbursements from the fund in accordance with sections 30.170 and 30.180. Upon appropriation, money in the fund shall be used solely for the administration of this section. Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund. The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. Such fund shall consist of any fees charged under subsection 1 of this section, any gifts, contributions, grants, or bequests received from federal, private, or other sources, fees or administrative charges from private activity bond allocations, moneys transferred or paid to the department in return for goods or services provided by the department, and any appropriations to the fund.

5. At least fifty percent of the fees and other moneys deposited in the fund shall be appropriated for marketing, technical assistance, and training, contracts for specialized economic development services, and new initiatives and pilot programming to address economic trends. For eligible projects, the director of the department of economic development, with notice to the directors of the departments of natural resources and revenue, and subject to the other provisions of sections 447.700 to 447.718, may not create a new enterprise zone but may decide that a prospective operator of a facility being remedied and renovated pursuant to sections 447.700 to 447.718 may receive the tax credits and exemptions pursuant to sections 135.100 to 135.150 and sections 135.200 to 135.257. The tax credits allowed pursuant to this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. **No tax credit authorized under this subsection shall be issued after August 28, 2018.** For purposes of this subsection:

(1) For receipt of the ad valorem tax abatement pursuant to section 135.215, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs. The city, or county if the eligible project is not located in a city, must provide ad valorem tax abatement of at least fifty percent for a period not less than ten years and not more than twenty-five years;

(2) For receipt of the income tax exemption pursuant to section 135.220 and tax credit for new or expanded business facilities pursuant to sections 135.100 to 135.150, and 135.225, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof. For purposes of sections 447.700 to 447.718, the tax credits described in section 135.225 are modified as follows: the tax credit shall be four hundred dollars per employee per year, an additional four hundred dollars per year for each employee exceeding the minimum employment thresholds of ten and twenty-five jobs for new and existing businesses, respectively, an additional four hundred dollars per year for each person who is a person difficult to employ as defined by section 135.240, and investment tax credits at the same amounts and levels as provided in subdivision (4) of subsection 1 of section 135.225;

(3) For eligibility to receive the income tax refund pursuant to section 135.245, the eligible project must create at least ten new jobs or retain businesses which supply at least twenty-five existing jobs, or combination thereof, and otherwise comply with the provisions of section 135.245 for application and use of the refund and the eligibility requirements of this section;

(4) The eligible project operates in compliance with applicable environmental laws and regulations, including permitting and registration requirements, of this state as well as the federal and local requirements;

(5) The eligible project operator shall file such reports as may be required by the director of economic development or the director's designee;

(6) The taxpayer may claim the state tax credits authorized by this subsection and the state income exemption for a period not in excess of ten consecutive tax years. For the purpose of this section, "taxpayer" means an individual proprietorship, partnership or corporation described in section 143.441 or 143.471 who operates an eligible project. The director shall determine the number of years the taxpayer may claim the state tax credits and the state income exemption based on the projected net state economic benefits attributed to the eligible project;

(7) For the purpose of meeting the new job requirement prescribed in subdivisions (1), (2) and (3) of this subsection, it shall be required that at least ten new jobs be created and maintained during the taxpayer's tax period for which the credits are earned, in the case of an eligible project that does not replace a similar facility in Missouri. "New job" means a person who was not previously employed by the taxpayer or related taxpayer within the twelve-month period immediately preceding the time the person was employed by that taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned. For the purposes of this section, "related taxpayer" has the same meaning as defined in subdivision (10) of section 135.100;

(8) For the purpose of meeting the existing job retention requirement, if the eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, it shall be required that at least twenty-five existing jobs be retained at, and in connection with the eligible project, on a full-time basis during the taxpayer's tax period for which the credits are earned. "Retained job" means a person who was previously employed by the taxpayer or related taxpayer, at a facility similar to the eligible project that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, within the tax period immediately preceding the time the person was employed by the taxpayer to work at, or in connection with, the eligible project on a full-time basis. "Full-time basis" means the employee works an average of at least thirty-five hours per week during the taxpayer's tax period for which the tax credits are earned;

(9) In the case where an eligible project replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, the owner and operator of the eligible project shall provide the director with a written statement explaining the reason for discontinuing operations at the closed facility. The statement shall include a comparison of the activities performed at the closed facility prior to the date the facility ceased operating, to the activities performed at the eligible project, and a detailed account describing the need and rationale for relocating to the eligible project. If the director finds the relocation to the eligible project significantly impaired the economic stability of the area in which the closed facility was located, and that such move was detrimental to the overall economic development efforts of the state, the director may deny the taxpayer's request to claim tax benefits;

(10) Notwithstanding any provision of law to the contrary, for the purpose of this section, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment used at the eligible project during any tax year shall be determined by dividing by twelve, in the case of jobs, the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month of the tax year. If the eligible project is in operation for less than the entire tax year, the number of new jobs created and maintained, the number of existing jobs retained, and the value of new qualified investment created at the eligible project during any tax year shall be determined by dividing the sum of the number of individuals employed at the eligible project, or in the case of new qualified investment, the value of new qualified investment used at the eligible project, on the last business day of each full calendar month during the portion of the tax year during which the eligible project was in operation, by the number of full calendar months during such period;

(11) For the purpose of this section, "new qualified investment" means new business facility investment as defined and as determined in subdivision (8) of section 135.100 which is used at and in connection with the eligible project. New qualified investment shall not include small tools, supplies and inventory. "Small tools" means tools that are portable and can be hand held.

2. The determination of the director of economic development pursuant to subsection 1 of this section shall not affect requirements for the prospective purchaser to obtain the approval of the granting of real property tax abatement by the municipal or county government where the eligible project is located.

3. (1) The director of the department of economic development, with the approval of the director of the department of natural resources, may, in addition to the tax credits allowed in subsection 1 of this section, grant a remediation tax credit to the applicant for up to one hundred percent of the costs of materials, supplies, equipment, labor, professional engineering, consulting and architectural fees, permitting fees and expenses, demolition, asbestos abatement, and direct utility charges for performing the voluntary remediation activities for the preexisting hazardous substance contamination and releases, including, but not limited to, the costs of performing operation and maintenance of the remediation equipment at the property beyond the year in which the systems and equipment are built and installed at the eligible project and the costs of performing the voluntary remediation activities over a period not in excess of four tax years following the taxpayer's tax year in which the system and equipment were first put into use at the eligible project, provided the remediation activities are the subject of a plan submitted to, and approved by, the director of natural resources pursuant to sections 260.565 to 260.575. The tax credit may also include up to one hundred percent of the costs of demolition that are not directly part of the remediation activities, provided that the demolition is on the property where the voluntary remediation activities are occurring, the demolition is necessary to accomplish the planned use of the facility where the remediation activities are occurring, and the demolition is part of a redevelopment plan approved by the municipal or county government and the department of economic development. The demolition may occur on an adjacent property if the project is located in a municipality which has a population less than twenty thousand and the above conditions are otherwise met. The adjacent property shall independently qualify as abandoned or underutilized. The amount of the credit available for demolition not associated with remediation cannot exceed the total amount of credits approved for remediation including demolition required for remediation.

(2) The amount of remediation tax credits issued shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development.

(3) The director may, with the approval of the director of natural resources, extend the tax credits allowed for performing voluntary remediation maintenance activities, in increments of three-year periods, not to exceed five consecutive three-year periods. The tax credits allowed in this subsection shall be used to offset the tax imposed by chapter 143, excluding withholding tax imposed by sections 143.191 to 143.265, or the tax otherwise imposed by chapter 147, or the tax otherwise imposed by chapter 148. The remediation tax credit may be taken in the same tax year in which the tax credits are received or may be taken over a period not to exceed twenty years.

(4) The project facility shall be projected to create at least ten new jobs or at least twenty-five retained jobs, or a combination thereof, as determined by the department of economic development, to be eligible for tax credits pursuant to this section.

(5) No more than seventy-five percent of earned remediation tax credits may be issued when the remediation costs were paid, and the remaining percentage may be issued when the department of natural resources issues a letter of completion letter or covenant not to sue following completion of the voluntary remediation activities. It shall not include any costs associated with ongoing operational environmental compliance of the facility or remediation costs arising out of spills, leaks, or other releases arising out of the ongoing business operations of the facility. In the event the department of natural resources issues a letter of completion for a portion of a property, an impacted media such as soil or groundwater, or for a site or a portion of a site improvement, a prorated amount of the remaining percentage may be released based on the percentage of the total site receiving a letter of completion.

4. In the exercise of the sound discretion of the director of the department of economic development or the director's designee, the tax credits and exemptions described in this section may be terminated, suspended or revoked if the eligible project fails to continue to meet the conditions set forth in this section. In making such a determination, the director shall consider the severity of the condition violation, actions taken to correct the violation, the frequency of any condition violations and whether the actions exhibit a pattern of conduct by the eligible facility owner and operator. The director shall also consider changes in general economic conditions and the recommendation of the director of the department of natural resources, or his or her designee, concerning the severity, scope, nature, frequency and extent of any violations of the environmental compliance conditions. The taxpayer or person claiming the tax credits or exemptions may appeal the decision regarding termination, suspension or revocation of any tax credit or exemption in accordance with the procedures outlined in subsections 4 and 5 of section 135.250. The director of the department of economic development shall notify the directors of the

departments of natural resources and revenue of the termination, suspension or revocation of any tax credits as determined in this section or pursuant to the provisions of section 447.716.

5. Notwithstanding any provision of law to the contrary, no taxpayer shall earn the tax credits, exemptions or refund otherwise allowed in subdivisions (2), (3) and (4) of subsection 1 of this section and the tax credits otherwise allowed in section 135.110, or the tax credits, exemptions and refund otherwise allowed in sections 135.215, 135.220, 135.225 and 135.245, respectively, for the same facility for the same tax period.

6. The total amount of the tax credits allowed in subsection 1 of this section may not exceed the greater of:

(1) That portion of the taxpayer's income attributed to the eligible project; or
 (2) One hundred percent of the total business' income tax if the eligible facility does not replace a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the tax credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; fifty percent of the total business' income tax if the eligible facility replaces a similar facility that closed elsewhere in Missouri prior to the end of the taxpayer's tax period in which the credits are earned, and further provided the taxpayer does not operate any other facilities besides the eligible project in Missouri; or twenty-five percent of the total business income if the taxpayer operates, in addition to the eligible facility, any other facilities in Missouri. In no case shall a taxpayer operating more than one eligible project in Missouri be allowed to offset more than twenty-five percent of the taxpayer's business income in any tax period. That portion of the taxpayer's income attributed to the eligible project as referenced in subdivision (1) of this subsection, for which the credits allowed in sections 135.110 and 135.225 and subsection 3 of this section may apply, shall be determined in the same manner as prescribed in subdivision (5) of section 135.100. That portion of the taxpayer's franchise tax attributed to the eligible project for which the remediation tax credit may offset, shall be determined in the same manner as prescribed in paragraph (a) of subdivision (5) of section 135.100.

7. Taxpayers claiming the state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use. Otherwise, the taxpayer's right to claim such state tax benefits shall be forfeited. Unused business facility and enterprise zone tax credits shall not be carried forward but shall be initially claimed for the tax period during which the eligible project was first capable of being used, and during any applicable subsequent tax periods.

8. Taxpayers claiming the remediation tax credit allowed in subsection 3 of this section shall be required to file all applicable tax credit applications, forms and schedules prescribed by the director during the taxpayer's tax period immediately after the tax period in which the eligible project was first put into use, or during the taxpayer's tax period immediately after the tax period in which the voluntary remediation activities were performed.

9. The recipient of remediation tax credits, for the purpose of this subsection referred to as assignor, may assign, sell or transfer, in whole or in part, the remediation tax credit allowed in subsection 3 of this section to any other person, for the purpose of this subsection referred to as assignee. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address and the assignee's tax period and the amount of tax credits to be transferred. The number of tax periods during which the assignee may subsequently claim the tax credits shall not exceed twenty tax periods, less the number of tax periods the assignor previously claimed the credits before the transfer occurred.

10. In the case where an operator and assignor of an eligible project has been certified to claim state tax benefits allowed in subdivisions (2) and (3) of subsection 1 of this section, and sells or otherwise transfers title of the eligible project to another taxpayer or assignee who continues the same or substantially similar operations at the eligible project, the director shall allow the assignee to claim the credits for a period of time to be determined by the director; except that, the total number of tax periods the tax credits may be earned by the assignor and the assignee shall not exceed ten. To perfect the transfer, the assignor shall provide written notice to the director of the assignor's intent to transfer the tax credits to the assignee, the date the transfer is effective, the assignee's name, address, and the assignee's tax period, and the amount of tax credits to be transferred.

11. For the purpose of the state tax benefits described in this section, in the case of a corporation described in section 143.471 or partnership, in computing Missouri's tax liability, such state benefits shall be allowed to the following:

- (1) The shareholders of the corporation described in section 143.471;
- (2) The partners of the partnership.

The credit provided in this subsection shall be apportioned to the entities described in subdivisions (1) and (2) of this subsection in proportion to their share of ownership on the last day of the taxpayer's tax period.

12. Notwithstanding any provision of law to the contrary, in any county ~~[of the first classification]~~ that has a charter form of government and that has a population of over nine hundred thousand inhabitants, all demolition costs incurred during the redevelopment of any former automobile manufacturing plant shall be allowable costs eligible for tax credits under sections 447.700 to 447.718 so long as the redevelopment of such former automobile manufacturing plant shall be projected to create at least two hundred fifty new jobs or at least three hundred retained jobs, or a combination thereof, as determined by the department of economic development. The amount of allowable costs eligible for tax credits shall be limited to the least amount necessary to cause the project to occur, as determined by the director of the department of economic development, provided that no tax credit shall be issued under this subsection until July 1, 2017. For purposes of this subsection, "former automobile manufacturing plant" means a redevelopment area that qualifies as an eligible project under section 447.700, that consists of at least one hundred acres, and that was used primarily for the manufacture of automobiles but, after 2007, ceased such manufacturing."; and

(8) "Qualified low-income community investment", any capital or equity investment in, or loan to, any qualified active low-income community business. With respect to any one qualified active low-income community business, the maximum amount of qualified low-income community investments made in such business, on a collective basis with all of its affiliates, that may be used from the calculation of any numerator described in subparagraph a. of paragraph (b) of subdivision (1) of this subsection shall be ten million dollars whether issued to one or several qualified community development entities;

(9) "Tax credit", a credit against the tax otherwise due under chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or otherwise due under section 375.916 or chapter 147, 148, or 153;

(10) "Taxpayer", any individual or entity subject to the tax imposed in chapter 143, excluding withholding tax imposed in sections 143.191 to 143.265, or the tax imposed in section 375.916 or chapter 147, 148, or 153.

2. A taxpayer that makes a qualified equity investment earns a vested right to tax credits under this section. On each credit allowance date of such qualified equity investment the taxpayer, or subsequent holder of the qualified equity investment, shall be entitled to a tax credit during the taxable year including such credit allowance date. The tax credit amount shall be equal to the applicable percentage of the adjusted purchase price paid to the issuer of such qualified equity investment. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the tax credit is claimed. No tax credit claimed under this section shall be refundable or transferable. Tax credits earned by a partnership, limited liability company, S corporation, or other pass-through entity may be allocated to the partners, members, or shareholders of such entity for their direct use in accordance with the provisions of any agreement among such partners, members, or shareholders. Any amount of tax credit that the taxpayer is prohibited by this section from claiming in a taxable year may be carried forward to any of the taxpayer's five subsequent taxable years. The department of economic development shall limit the monetary amount of qualified equity investments permitted under this section to a level necessary to limit tax credit utilization at no more than twenty-five million dollars of tax credits in any fiscal year. Such limitation on qualified equity investments shall be based on the anticipated utilization of credits without regard to the potential for taxpayers to carry forward tax credits to later tax years.

3. The issuer of the qualified equity investment shall certify to the department of economic development the anticipated dollar amount of such investments to be made in this state during the first twelve-month period following the initial credit allowance date. If on the second credit allowance date, the actual dollar amount of such investments is different than the amount estimated, the department of economic development shall adjust the credits arising on the second allowance date to account for such difference.

4. The department of economic development shall recapture the tax credit allowed under this section with respect to such qualified equity investment under this section if:

(1) Any amount of the federal tax credit available with respect to a qualified equity investment that is eligible for a tax credit under this section is recaptured under Section 45D of the Internal Revenue Code of 1986, as amended; or

(2) The issuer redeems or makes principal repayment with respect to a qualified equity investment prior to the seventh anniversary of the issuance of such qualified equity investment. Any tax credit that is subject to recapture shall be recaptured from the taxpayer that claimed the tax credit on a return.

5. The department of economic development shall promulgate rules to implement the provisions of this section, including recapture provisions on a scaled-proportional basis, and to administer the

allocation of tax credits issued for qualified equity investments, which shall be conducted on a first come, first serve basis. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after September 4, 2007, shall be invalid and void.

6. For fiscal years following fiscal year 2010, qualified equity investments shall not be made under this section unless reauthorization is made pursuant to this subsection. For all fiscal years following fiscal year 2010, unless the general assembly adopts a concurrent resolution granting authority to the department of economic development to approve qualified equity investments for the Missouri new markets development program and clearly describing the amount of tax credits available for the next fiscal year, or otherwise complies with the provisions of this subsection, no qualified equity investments may be permitted to be made under this section. The amount of available tax credits contained in such a resolution shall not exceed the limitation provided under subsection 2 of this section. In any year in which the provisions of this section shall sunset pursuant to subsection 7 of this section, reauthorization shall be made by general law and not by concurrent resolution. Nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to the expiration of authority to make qualified equity investments from claiming tax credits relating to such qualified equity investment for each applicable credit allowance date.

7. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under this section shall automatically sunset six years after September 4, 2007, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of this section; and

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. However, nothing in this subsection shall preclude a taxpayer who makes a qualified equity investment prior to sunset of this section under the provisions of section 23.253 from claiming tax credits relating to such qualified equity investment for each credit allowance date.]

[135.682. 1. The director of the department of economic development or the director's designee shall issue letter rulings regarding the tax credit program authorized under section 135.680, subject to the terms and conditions set forth in this section. The director of the department of economic development may impose additional terms and conditions consistent with this section to requests for letter rulings by regulation promulgated under chapter 536. For the purposes of this section, the term "letter ruling" means a written interpretation of law to a specific set of facts provided by the applicant requesting a letter ruling.

2. The director or director's designee shall respond to a request for a letter ruling within sixty days of receipt of such request. The applicant may provide a draft letter ruling for the department's consideration. The applicant may withdraw the request for a letter ruling, in writing, prior to the issuance of the letter ruling. The director or the director's designee may refuse to issue a letter ruling for good cause, but must list the specific reasons for refusing to issue the letter ruling. Good cause includes, but is not limited to:

(1) The applicant requests the director to determine whether a statute is constitutional or a regulation is lawful;

(2) The request involves a hypothetical situation or alternative plans;

(3) The facts or issues presented in the request are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue a letter ruling; and

(4) The issue is currently being considered in a rulemaking procedure, contested case, or other agency or judicial proceeding that may definitely resolve the issue.

3. Letter rulings shall bind the director and the director's agents and their successors until such time as the taxpayer or its shareholders, members, or partners, as applicable, claim all of such tax credits on a Missouri tax return, subject to the terms and conditions set forth in properly published regulations. The letter ruling shall apply only to the applicant.

~~4. Letter rulings issued under the authority of this section shall not be a rule as defined in section 536.010 in that it is an interpretation issued by the department with respect to a specific set of facts and intended to apply only to that specific set of facts, and therefore shall not be subject to the rulemaking requirements of chapter 536.~~

~~5. Information in letter ruling requests as described in section 620.014 shall be closed to the public. Copies of letter rulings shall be available to the public provided that the applicant identifying information and otherwise protected information is redacted from the letter ruling as provided in subsection 4 of section 610.024.]"; and~~

The amount of tax credits awarded to a qualified company under this subsection shall not exceed the projected net fiscal benefit to the state, as determined by the department, and shall not exceed the least amount necessary to obtain the qualified company's commitment to initiate the project. In determining the amount of tax credits to award to a qualified company under this subsection, the department shall consider the factors provided under subsection 2 of this section.

6. No taxpayer shall be eligible to receive tax credits under this section in any tax year immediately following a tax year in which such taxpayer received tax credits under the provisions of this section.

3. Tax credits issued pursuant to this section may be refundable in an amount not to exceed two thousand five hundred dollars per tax year.

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits.

10. In no event shall the aggregate amount of all tax credits allowed pursuant to this section exceed ~~[one]~~ **two** hundred thousand dollars in any given fiscal year. The tax credits issued pursuant to this section shall be on a first-come, first-served filing basis."; and

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SEVENTY-SECOND DAY, FRIDAY, MAY 11, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

I had fainted, unless I had believed to see the goodness of the Lord in the land of the living. (Psalm 27:13)

Eternal God, whose strength secures those who trust in You and whose love gives understanding to those who walk in Your way, among the responsibilities we face, help us to look up and to see the shining truth of Your eternal presence. Forgive us when we forget that above our pride and prejudices You are calling us to higher principles; underneath our weaknesses and imperfections, You are offering us the strength of Your spirit; and around our failures and frustrations, You are calling us to wider fields of human service.

Make our state worthy of Your blessing and willing to be a channel through which the spirit of democracy may flow. Grant us grace to heal the broken relationships of our people and to give light to those who look to us for leadership.

Finally, bless all mothers, living and deceased, on this Mother's Day weekend.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Andrew Jorgensen.

The Journal of the seventy-first day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-THIRD DAY, MONDAY, APRIL 30, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Representative Hannah Kelly.

Heavenly Father,

Thank You for the opportunity to serve our people in this place. Give us guidance and wisdom for the decisions ahead of us, faith to walk forward and not look to the past, and strength to complete the task You have called us to well. Help us to seek justice, love mercy, and walk humbly with You, as Your word reminds us is what You expect.

Thank You for Your blessings and mercy on each of our lives. In Jesus' name, I pray.

And the House says, "Amen!"

Any forms utilized by the family support division for assessing eligibility under this chapter shall be as simple as practicable;

(19) Subject to appropriations necessary to recruit and train such staff, the family support division shall provide one or more full-time, permanent eligibility specialists to process applications for MO HealthNet benefits at the site of a health care provider, if the health care provider requests the placement of such eligibility specialists and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment of such eligibility specialists. (20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy. **Subject to appropriations, pregnant women receiving substance abuse treatment within sixty days of giving birth shall be eligible for MO HealthNet benefits for no more than twelve additional months as long as the woman remains adherent with treatment. No later than fifteen months after receiving any necessary waiver, the department of mental health and the department of social services shall report to the house of representatives budget committee and the senate appropriations committee on the compliance with federal cost neutrality requirements;**

(21) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1;

After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. - (4) Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the commission;

- (2) The commission shall maintain its financial records in accordance with the bylaws; and

- (3) The commission shall meet and take such actions as are consistent with the provisions of this compact and the bylaws.

6. The commission shall have the following powers:

- (1) The authority to promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rule shall have the force and effect of law and shall be binding in all compact states;

- (2) To bring and prosecute legal proceedings or actions in the name of the commission, provided that the standing of any state psychology regulatory authority or other regulatory body responsible for psychology licensure to sue or be sued under applicable law shall not be affected;

- (4) To borrow, accept or contract for services of personnel, including, but not limited to, employees of a compact state;

- (5) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of the compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

- (6) To accept any and all appropriate donations and grants of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same; provided that at all times the commission shall strive to avoid any appearance of impropriety or conflict of interest;

- (8) To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, real, personal or mixed; provided that at all times the commission shall strive to avoid any appearance of impropriety;

- (9) To establish a budget and make expenditures;
- (10) To borrow money;
- (11) To appoint committees, including advisory committees comprised of members, state regulators, state legislators or their representatives, and consumer representatives, and such other interested persons as may be designated in this compact and the bylaws;

(b) One ex officio, nonvoting member from the recognized membership organization composed of state and provincial psychology regulatory authorities.

(3) The ex officio member shall have served as staff or member on a state psychology regulatory authority and will be selected by its respective organization.

(4) The commission may remove any member of the executive board as provided in bylaws.

(5) The executive board shall meet at least annually.

8. (1) The commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.

(2) The commission may accept any and all appropriate revenue sources, donations and grants of money, equipment, supplies, materials and services.

(3) The commission may levy on and collect an annual assessment from each compact state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff which shall be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission which shall promulgate a rule binding upon all compact states.

(4) The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the compact states, except by and with the authority of the compact state.

(5) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

9. (1) The members, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or

responsibilities; provided that nothing in this subsection shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional or willful or wanton misconduct of that person.

(2) The commission shall defend any member, officer, executive director, employee or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error or omission did not result from that person's intentional or willful or wanton misconduct.

(3) The commission shall indemnify and hold harmless any member, officer, executive director, employee or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional or willful or wanton misconduct of that person.

337.150. 1. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

2. If a majority of the legislatures of the compact states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compact state.

3. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

4. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

(1) On the website of the commission; and

(2) On the website of each compact states' psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

5. The notice of proposed rulemaking shall include:

(1) The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

(2) The text of the proposed rule or amendment and the reason for the proposed rule;

(3) A request for comments on the proposed rule from any interested person;

(4) The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

6. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

7. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

(1) At least twenty-five persons who submit comments independently of each other;

(2) A governmental subdivision or agency; or

(3) A duly appointed person in an association that has at least twenty-five members.

8. (1) If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

(2) All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

(3) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

(4) No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subdivision shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

(5) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

9. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

10. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

11. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

12. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that shall be adopted immediately in order to:

- (1) Meet an imminent threat to public health, safety, or welfare;
- (2) Prevent a loss of commission or compact state funds;
- (3) Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
- (4) Protect public health and safety.

13. (1) The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

(2) A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

337.155. 1. (1) The executive, legislative and judicial branches of state government in each compact state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as statutory law.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the commission.

(3) The commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.

2. (1) If the commission determines that a compact state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

- (a) Provide written notice to the defaulting state and other compact states of the nature of the default, the proposed means of remedying the default or any other action to be taken by the commission; and
- (b) Provide remedial training and specific technical assistance regarding the default.

(2) If a state in default fails to remedy the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compact states, and all rights, privileges and benefits conferred by this compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(3) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the compact states.

(4) A compact state which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.

(5) The commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. (1) Upon request by a compact state, the commission shall attempt to resolve disputes related to the compact which arise among compact states and between compact and noncompact states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

4. (1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the compact has its principal offices against a compact state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

337.160. 1. The compact shall come into effect on the date on which the compact is enacted into law in the seventh compact state. The provisions which become effective at that time shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

2. Any state which joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule which has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

3. (1) Any compact state may withdraw from this compact by enacting a statute repealing the same.

(2) A compact state's withdrawal shall not take effect until six months after enactment of the repealing statute.

(3) Withdrawal shall not affect the continuing requirement of the withdrawing state's psychology regulatory authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

4. Nothing contained in this compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a compact state and a noncompact state which does not conflict with the provisions of this compact.

5. This compact may be amended by the compact states. No amendment to this compact shall become effective and binding upon any compact state until it is enacted into the law of all compact states.

337.165. This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any state member thereto, the compact shall remain in full force and effect as to the remaining compact states."; and

Sections 337.100, 337.105, 337.110, 337.115, 337.120, 337.125, 337.130, 337.135, 337.140, 337.145, 337.150, 337.155, 337.160, and 337.165 of this act shall become effective upon notification by the commission to the revisor of statutes that seven states have adopted the psychology interjurisdictional compact."; and

SENSITIVE CONTENT WARNING

This report contains content of a sensitive and sexual nature. The House Special Investigative Committee on Oversight has kept descriptions of an adult nature and coarse language in order to provide an unfiltered record of witness testimony. In some cases, the identities of witnesses and sensitive information have been redacted from the record to protect privacy.

ADDITIONAL FINDINGS OF THE COMMITTEE

1. On Thursday, April 12, 2018, Greitens posted a public statement to Facebook in which he claimed that video of an interview taken by the Circuit Attorney's office "undermined the narrative" and "directly contradicted allegations in the House report." Specifically, Greitens claimed Witness 1 "never once mentions any coercion" in the videotaped interview.¹ However, Witness 1 described the same facts regarding the morning of March 21, 2015 in her interview with the Circuit Attorney's office as she did with this Committee. For example, compare:

Circuit Attorney Testimony	Committee Testimony
And I was like, "I'm leaving and went to go upstairs, and he took me in his arms and was like, no, no ... you can't leave like this. You can't leave. Come here. And lays me down on the ground where I'm laying on his, like, basement floor in the fetal position." ²	I was like, "No, I'm leaving, I'm leaving." And I start walking out – or going to go up the stairs, and he grabs me and like – like in a bear hug and was like, "Shh, shh, it's okay, calm down, calm down, and like lays me down on this ground in the basement." ³
I'm crying, like, hysterically at this point. And he was like, shush, it's okay. It's okay, It's okay." ⁴	I was laying next to him just crying, like uncontrollably crying. And he was like, Shh, shh, it's okay, it's okay." ⁵
[H]e proceeds to undo his pants and take his [penis] out of his underwear or whatever. And like, put it near my face." ⁶	He starts undoing his pants, and he takes his penis out and put it, like near where my face is." ⁷
I gave him a blow job at this point." ⁸	So I gave him oral sex at this point." ⁹
I just felt like, I'm going to do this and he'll be satisfied that he had his little whore, and I'm going to leave and I'll never see him again, was what was going through my mind at this point..." ¹⁰	I'm like – so this guy literally just wants me for this, and this is all he wants, and then he'll let me – because at this point, too, I also know I have to be back at work, and he's not going to let me leave, because he's obviously still horny." ¹¹

Circuit Attorney Testimony	Committee Testimony
“And at this point, just really coaxing me like a wounded little animal on the ground[.]” ¹²	“Coerced, maybe. I felt as though that would allow me to leave.” ¹⁴ And “It’s a hard question [on consent] because I did it – it felt like consent, but no, I didn’t want to do it.” ¹⁵
[T]hen he says, I’m going to put a blindfold on you. He puts the blindfold on me. And at this point there’s, like, really no talking. I really was standing there, like, I have no clue what the hell is going on. I’m probably just as much turned on as I am fearful as I am curious. You know, I don’t even know. We hadn’t kissed or anything. ¹³	[H]e said, Follow me downstairs, I’m going to show you how to do a proper pull-up. So I did what he said. And at this point, I was intrigued, definitely, because I thought for sure he really has feelings for me. ¹⁶ I honestly was, like, in shock, because I was – I was intrigued, but I’m also – how – I’m not even talking to him. I’m not – we’re not doing anything I want to do right now, but I’m intrigued enough and I’m letting him and I trust him – I don’t know. No, I’m not talking at all at this point. ¹⁷

2. Witness 1 testified to additional feelings in her Circuit Attorney interview, stating that, while performing oral sex on the morning of March 21, 2015 that she was thinking “the whole time – at this point, I hate him in my mind. I think he’s disgusting. I hate him. I can’t believe I’m down here.”¹⁸ She further stated, “I just felt super degraded, really disgusting.”¹⁹

3. In his Thursday, April 12 statement, Greitens further noted that Witness 1 told the Circuit Attorney that she did not tell her friends about the slap until after a false report about the location of such an incident had been made in the media.²⁰ However, the testimony to the Committee corroborates that Witness 1 did not tell her friends about the slap until later.

- a. Witness 1 did not claim to the Committee that she had told either of the friends who testified to the Committee about the slap contemporaneous to the event. She was never asked that question, but instead to identify people with whom she had spoken about her relationship with Eric Greitens in general.²¹
- b. Neither of Witness 1’s friends who testified before the Committee claimed that she told them about the slap in 2015. Witness 2 testified she learned of the slap “maybe a month or so ago when we had met up for dinner[.]”²² Likewise, Witness 4 stated she learned of it “recently” after she “specifically called” Witness 1 to ask about it, and that, Witness 1 told her “that was true and that she was embarrassed.”²³

4. Witness 1’s testimony on the slapping incident did not change. Compare:

Circuit Attorney Testimony	Committee Testimony
[H]e said, I want to see you ... she's gone Friday to Friday. On Saturday night ... I went over to his house ... And then we went upstairs into his ... spare bedroom and were making out. And then he asked me if I had slept with anyone ... And I said, yes, I have, with my husband. Because at some point I had ... And he slapped me across the face. And not like playful like. ... And then as far as I remember, we talked about that. Because I asked him if he was maybe screwed up from being in the war? Like what – that was so bizarre to me that he would think that that was okay. ²⁴	[H]is wife would be out-of-town for a week. ... And so on that Saturday, I went over to his house. [H]e has a spare bedroom upstairs and took me up there, and we were, like, making out at this point. ... And he looks at me and asked me ... have you been intimate with anybody? ... And I said, Well, I slept with my husband ... and he slapped me across the face, just like hard to where I was like, What, Eric, what in the heck? ... And he just said, No, Like, that was – you're mine. ... And I said, I think you're screwed up from being in the Navy. ... That was just so bizarre to me. ²⁵

5. The Committee does not find anything in the Circuit Attorney interview that causes it to change its statement regarding Witness 1's credibility.

6. Greitens' claims about the content of the Circuit Attorney interview mischaracterize the actual testimony received and reviewed by this Committee.

7. On Wednesday, April 11, 2018, Eric Greitens stated this Committee's work was "based on the testimony of someone who said, under oath, that they may have been remembering this through a dream."²⁶ The Committee finds that Greitens' statement mischaracterizes the purported testimony cited by his counsel in the pending criminal case in the City of St. Louis. In a recent motion, Greitens' counsel cited Witness 1's answer to the specific question of whether she saw what she believed to be a phone on the morning of March 21, 2015. According to the motion of Greitens' counsel, Witness 1 answered, "... I haven't talked about it because I don't know if it's because I'm remembering it through a dream or I – I'm not sure, but yes, I feel like I saw it after that happened, but I haven't spoken about it because of that."²⁷

8. Witness 1's answer to a specific question whether she saw a phone does not bear on her testimony about other events. To the contrary, her reluctance to state under oath that she specifically remembers seeing the phone adds to her credibility. Further, this is consistent with Witness 1's testimony to the Committee. When asked by the Committee if she remembered the first time she saw Greitens' phone she said "I don't know. That's a good question. I'm not sure."²⁸

9. Greitens further stated, "Soon after this story broke, for example, the people who are attacking me now falsely claim that I slapped a woman while my wife was giving birth. It was absolutely untrue and slanderous and incredibly hurtful. It has also been 100 percent disproven, because it was impossible."²⁹ However, Witness 1 never claimed to the Committee or to anyone else of which we are aware that he slapped her at such time. Instead, she testified that Greitens slapped her in an upstairs bedroom while his wife was out-of-town.³⁰

²⁴ Tr. CA at 26:18 to 27:12.

²⁵ Tr. W1 at 39:14 to 40:21.

²⁶ See Tr. Greitens Statement on Committee Report #1 at 2:22-25.

²⁷ See Committee Report #1 at ¶32, citing Exhibits 23 and 24. The Committee included purported quotes of Witness 1 from her deposition in the criminal case on the theory, explained in note 36, that counsel had an obligation not to mislead the court. The Committee further notes the ellipsis placed in front of the quote from Greitens' lawyers' brief makes it impossible for the Committee to determine her full answer to the question in the absence of the full transcript. Further, Greitens' claims about a recent video disclosed by the Circuit Attorney are demonstrably false. As a result, the Committee will no longer provide such deference to cherry-picked evidence.

²⁸ Tr. W1 at 99:10-12

²⁹ See Ex. 25.

³⁰ Tr. W1 at 39:13 to 40:21; see also Tr. CA at 26:16 to 27:16.

10. On or about Wednesday, April 11, 2018, Greitens sponsored advertisements on Facebook promoting his response to the House report, repeating his assertions that the Committee's work is a "political witch-hunt" and Witness 1's alleged "dream" statement.³¹

11. On the afternoon of April 16, after learning that the Committee was in possession of the video interview of Witness 1, counsel for Greitens requested leave from the Circuit Court of the City of St. Louis to provide information to the Committee relating to said video interview. In an order that afternoon, the Court granted such leave "limited to the contents of the videotape interview of [W]itness [1]".

12. On April 17, at 12:07am, counsel for Greitens emailed the Committee a letter containing purported excerpts of testimony from the nearly ten-hour deposition of Witness 1 taken in the Circuit Court case. The Committee subsequently subpoenaed Greitens' counsel, the Circuit Attorney's office, and counsel for Witness 1 seeking the deposition video and transcript. The Circuit Attorney's office and counsel for Witness 1 informed the Committee that they supported the subpoena and desired to disclose said documents to the Committee. Defense counsel sought more time to respond.

13. On April 24, the Committee filed a Request that the Circuit Court in St. Louis City instruct the Circuit Attorney and defense counsel to comply with the Committee's duly-issued subpoena. The Request indicated that "the Circuit Attorney and counsel for Witness 1 [we]re prepared to honor the subpoena." Subsequent to the filing of the request, defense counsel refused to join the Circuit Attorney and counsel for Witness 1 and instead requested more time as well as a briefing schedule on the Request.

14. This Committee's charge is to determine the truth. Having claimed that the deposition testimony is helpful to Greitens, it is incumbent upon his counsel to comply with the Committee's duly-issued subpoena and to expeditiously provide it with the entire deposition transcript.

JOURNAL OF THE HOUSE

Second Regular Session, 99th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, TUESDAY, MAY 1, 2018

The House met pursuant to adjournment.

Speaker Pro Tem Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Let integrity and uprightness preserve me; for I wait on Thee. (Psalm 25:21)

O Loving God, who is a strong tower of defense to all who keep faith and trust with You, we Your children come before You in gratitude for Your steadfast love and Your enduring truth. In You alone is our hope and in You alone is the strength of our state.

In our restlessness, may we know the peace of Your presence; in our fears, the faithfulness of your spirit; and in our uncertainties, the certainty of Your love. May our little efforts for good be supported by the greatness of Your power and the goodness of Your grace in the people's house.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Leo Moffatt, Parker Howell, Brynn Hubbard, Sophia Ardekani, Bella Campbell, and Kelsey Lightle.

The Journal of the sixty-third day was approved as printed by the following vote:

"304.822. 1. As used in this section, the following terms mean:

(1) "Electronic message", a self-contained piece of digital communication that is designed or intended to be transmitted via an electronic wireless communication device, which includes, but is not limited to, electronic mail, a text message, an instant message, or a command or request to access an internet site;

(2) "Electronic wireless communication device", includes, but is not limited to, a cell phone, personal digital assistant, electronic device with mobile data access, laptop computer, pager, broadband personal communication device, electronic game, or portable computing device. An "electronic wireless communication device" shall not include:

(a) A global navigation satellite system receiver used for positioning, emergency notification, or navigation purposes; and

(b) Two-way or citizen band radio services;

(3) "Hands-free electronic wireless communication device", a wireless communication device that has an internal feature or function, or that is equipped with an attachment or addition, regardless of whether permanently part of such mobile electronic device, by which a user engages with the device without the use of either hand; provided, however, this definition shall not preclude the use of either hand merely to activate, deactivate, or initiate a function of the device;

(4) "Highway", any public thoroughfare for vehicles, including state roads, county roads, public streets, avenues, boulevards, parkways, or alleys in any municipality;

(5) "Operating", physically driving or operating a motor vehicle on a highway, including operation while temporarily stationary because of traffic, a traffic light or stop sign, or otherwise. A person is not "operating" a motor vehicle for purposes of this section when the vehicle has pulled over to the side of, or off, a highway and has stopped in a location where it can safely remain stationary.

2. Except as otherwise provided in this section, no person shall operate a noncommercial motor vehicle, as such term is defined in section 302.700, upon the highways of this state while using any hand-held electronic wireless communication device. Prohibited uses shall include, but not be limited to: reading, composing, viewing, or posting any electronic message; initiating, receiving, or conducting a conversation; or manually typing data into any electronic wireless communication device.

3. Except as otherwise provided in this section, no person shall operate a commercial motor vehicle, as that term is defined in section 302.700, while using a hand-held mobile telephone.

4. Except as otherwise provided in this section, no person shall operate a commercial motor vehicle, as that term is defined in section 302.700, while using an electronic wireless communication device to send, read, or write a text message or electronic message.

5. The provisions of subsections 2 to 4 of this section shall not apply to a person operating:

(1) An authorized emergency vehicle as defined in section 304.022;
(2) A motor vehicle that is responding to another motor vehicle's request for roadside assistance upon the highways of this state when such response is conducted in the course and scope of a commercial activity; or

(3) A motor vehicle while using a hand-held electronic wireless communication device to:

(a) Contact emergency services; or
(b) Relay information between a transit or for-hire motor vehicle operator and that operator's dispatcher when the device is affixed to the motor vehicle.

6. Nothing contained in subsection 2 of this section shall be construed or interpreted to prohibit a person operating a noncommercial motor vehicle, as such term is defined in section 302.700, on the highways of this state from using a hands-free electronic wireless communication device when the operator is not holding the hands-free electronic wireless communication device in the operator's hand or hands, except the operator shall not have his or her attention diverted from the lawful operation of the noncommercial motor vehicle. The provisions of subsection 2 shall not prohibit the use of either hand merely to activate, deactivate, or initiate a function of a hands-free electronic wireless communication device while operating a noncommercial motor vehicle.

7. A violation of this section shall be deemed an infraction punishable by a fifty-dollar fine. A violation of this section while operating a motor vehicle in a work zone, as defined in section 304.580; when highway workers, as defined in section 304.580, are present; or in areas designated as a school zone that are visibly marked by traffic control devices shall be deemed an infraction punishable by a one hundred-dollar fine. A violation of subsection 2 of this section shall not be deemed a moving violation for purposes of point assessment under section 302.302; however, a violation of subsection 3 or 4 of this section shall be deemed a serious traffic violation, as defined in 302.700, for purposes of commercial driver's license disqualification under section 302.755.

8. The provisions of this section shall not preclude the adoption of any law, ordinance, order, rule, or regulation not in conflict with this section, or at least as strict as this section by any county, municipality, or other political subdivision.

9. Notwithstanding any provision in this section to the contrary, no person less than eighteen years of age, or with an instruction permit or intermediate license regardless of age, shall use an electronic wireless communication device, regardless of whether such device is hands-free, while operating a motor vehicle on the highways of this state, except to contact emergency services.

~~[304.820. 1. Except as otherwise provided in this section, no person twenty-one years of age or younger operating a moving motor vehicle upon the highways of this state shall, by means of a hand-held electronic wireless communications device, send, read, or write a text message or electronic message.~~

~~2. Except as otherwise provided in this section, no person shall operate a commercial motor vehicle while using a hand-held mobile telephone.~~

Such specific powers shall not be considered as a limitation upon any power necessary or appropriate to carry out the purposes and intent of sections 190.300 to 190.329.

4. (1) Notwithstanding the provisions of subsections 1 and 2 of this section to the contrary, the county commission may elect to appoint the members of the board to administer the funds and oversee the provision of central dispatching for emergency services in the counties, municipalities, and other political subdivisions which have contracted for such service upon the request of the municipalities and other political subdivisions. Upon appointment of the initial members of the board, the commission shall relinquish all powers and duties to the board and no longer exercise the duties prescribed in this chapter with regard to the provision of central dispatching service and such duties shall be exercised by the board.

190.328. 1. Beginning in 1997, within the area from which voters and the commission have approved the provision of central dispatching for emergency services by a public agency for an area containing third or fourth class cities in counties of the third classification with a population of at least thirty-two thousand but no greater than forty thousand that border a county of the first classification but do not border the Mississippi River, the initial board shall consist of two members from each township within such area and one at-large member who shall serve as the initial chairperson of such board.

Such board shall consist of two members elected from each of the townships within such area and one member elected at large who shall serve as the chairperson of the board.

3. Of those initially elected to the board as provided in this section, four from the townships shall be elected to a term of two years, and four from the townships and the at-large member shall be elected to a term of four years. Upon the expiration of these initial terms, all members shall thereafter be elected to terms of four years; **provided that, if a board established in this section consolidates with a board established under section 190.327 or 190.335, under the provisions of section 190.470, the term of office for the existing board members shall end on the thirtieth day following the appointment of the initial board of directors for the consolidated district.**

190.329. 1. Except in areas from which voters and the commission have approved the provision of central dispatching for emergency services by a public agency for an area containing third or fourth class cities located in counties of the third classification with a population of at least thirty-two thousand but no greater than forty

thousand that border a county of the first classification but do not border the Mississippi River, the initial board shall consist of seven members appointed without regard for political party who shall be selected from and shall represent the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from any one commission district of the county.

2. Beginning in 1992, three members shall be elected from each commission district and one member shall be elected at large, with such at-large member to be a voting member and chairman of the board. Of those first elected, four members from commission districts shall be elected for terms of two years and two members from commission districts and the member at large shall be elected for terms of four years. Any vacancy on the board shall be filled in the same manner as the initial appointment was made. Four members shall constitute a quorum. **If a board established in section 190.327 consolidates with a board established under section 190.327, 190.328, or 190.335, under the provisions of section 190.470, the term of office for the existing board members shall end on the thirtieth day following the appointment of the initial board of directors for the consolidated district.**

3. Upon approval by the county commission for the election of board members to be held on general municipal election day, pursuant to subsection 2 of section 190.327, the terms of those board members then holding office shall be reduced by seven months. After a board member's term has been reduced, all following terms for that position shall be for four years, **except as otherwise provided under subsection 2 of this section**.

190.334. The state auditor shall have the authority to conduct performance and fiscal audits of any board, dispatch center, joint emergency communications entity, or trust fund established under section 190.327, 190.328, 190.329, 190.335, 190.420, 190.455, 190.460, **190.465, 190.470**, or 650.325.

190.335. 1. In lieu of the tax levy authorized under section 190.305 for emergency telephone services, the county commission of any county may impose a county sales tax for the provision of central dispatching of fire protection, including law enforcement agencies, emergency ambulance service or any other emergency services, including emergency telephone services, which shall be collectively referred to herein as "emergency services", and which may also include the purchase and maintenance of communications and emergency equipment, including the operational costs associated therein, in accordance with the provisions of this section.

2. Such county commission may, by a majority vote of its members, submit to the voters of the county, at a public election, a proposal to authorize the county commission to impose a tax under the provisions of this section. If the residents of the county present a petition signed by a number of residents equal to ten percent of those in the county who voted in the most recent gubernatorial election, then the commission shall submit such a proposal to the voters of the county.

3. The ballot of submission shall be in substantially the following form:

Shall the county of (insert name of county) impose a county sales tax of (insert rate of percent) percent for the purpose of providing central dispatching of fire protection, emergency ambulance service, including emergency telephone services, and other emergency services?

☐ YES

☐ NO

If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the ordinance shall be in effect as provided herein. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the county commission shall have no power to impose the tax authorized by this section unless and until the county commission shall again have submitted another proposal to authorize the county commission to impose the tax under the provisions of this section, and such proposal is approved by a majority of the qualified voters voting thereon.

4. The sales tax may be imposed at a rate not to exceed one percent on the receipts from the sale at retail of all tangible personal property or taxable services at retail within any county adopting such tax, if such property and services are subject to taxation by the state of Missouri under the provisions of sections 144.010 to 144.525. The sales tax shall not be collected prior to thirty-six months before operation of the central dispatching of emergency services.

5. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed under this section.

6. Any tax imposed pursuant to section 190.305 shall terminate at the end of the tax year in which the tax imposed pursuant to this section for emergency services is certified by the board to be fully operational. Any revenues collected from the tax authorized under section 190.305 shall be credited for the purposes for which they were intended.

7. At least once each calendar year, the board shall establish a tax rate, not to exceed the amount authorized, that together with any surplus revenues carried forward will produce sufficient revenues to fund the expenditures authorized by this act. Amounts collected in excess of that necessary within a given year shall be carried forward to subsequent years. The board shall make its determination of such tax rate each year no later than September first and shall fix the new rate which shall be collected as provided in this act. Immediately upon making its determination and fixing the rate, the board shall publish in its minutes the new rate, and it shall notify every retailer by mail of the new rate.

8. Immediately upon the affirmative vote of voters of such a county on the ballot proposal to establish a county sales tax pursuant to the provisions of this section, the county commission shall appoint the initial members of a board to administer the funds and oversee the provision of emergency services in the county. Beginning with the general election in 1994, all board members shall be elected according to this section and other applicable laws of this state. At the time of the appointment of the initial members of the board, the commission shall relinquish and no longer exercise the duties prescribed in this chapter with regard to the provision of emergency services and such duties shall be exercised by the board.

9. The initial board shall consist of seven members appointed without regard to political affiliation, who shall be selected from, and who shall represent, the fire protection districts, ambulance districts, sheriff's department, municipalities, any other emergency services and the general public. This initial board shall serve until its successor board is duly elected and installed in office. The commission shall ensure geographic representation of the county by appointing no more than four members from each district of the county commission.

10. Beginning in 1994, three members shall be elected from each district of the county commission and one member shall be elected at large, such member to be the chairman of the board. Of those first elected, four members from districts of the county commission shall be elected for terms of two years and two members from districts of the county commission and the member at large shall be elected for terms of four years. In 1996, and thereafter, all terms of office shall be four years; **provided that, if a board established under this section consolidates with a board established under this section, section 190.327, or section 190.328, under the provisions of section 190.470, the term of office for the existing board members shall end on the thirtieth day following the appointment of the initial board of directors for the consolidated district.** Notwithstanding any other provision of law, if there is no candidate for an open position on the board, then no election shall be held for that position and it shall be considered vacant, to be filled pursuant to the provisions of section 190.339, and, if there is only one candidate for each open position, no election shall be held and the candidate or candidates shall assume office at the same time and in the same manner as if elected.

11. Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the first classification with more than two hundred forty thousand three hundred but fewer than two hundred forty thousand four hundred inhabitants or in any county of the third classification with a township form of government and with more than twenty-eight thousand but fewer than thirty-one thousand inhabitants, any emergency telephone service 911 board appointed by the county under section 190.309 which is in existence on the date the voters approve a sales tax under this section shall continue to exist and shall have the powers set forth under section 190.339. Such boards which existed prior to August 25, 2010, shall not be considered a body corporate and a political subdivision of the state for any purpose, unless and until an order is entered upon an unanimous vote of the commissioners of the county in which such board is established reclassifying such board as a corporate body and political subdivision of the state. The order shall approve the transfer of the assets and liabilities related to the operation of the emergency **telephone** service 911 system to the new entity created by the reclassification of the board.

12. (1) Notwithstanding the provisions of subsections 8 to 10 of this section to the contrary, in any county of the second classification with more than fifty-four thousand two hundred but fewer than fifty-four thousand three hundred inhabitants or any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants that has approved a sales tax under this section, the county commission shall appoint the members of the board to administer the funds and oversee the provision of emergency services in the county.

(2) The board shall consist of seven members appointed without regard to political affiliation. Except as provided in subdivision (4) of this subsection, each member shall be one of the following:

- (c) The county sheriff, or a designee;
- (d) The head of any of the police departments in the county, or a designee; and
- (e) The head of any of the county's emergency management organizations, or a designee.

(3) Upon the appointment of the board under this subsection, the board shall have the power provided in section 190.339 and shall exercise all powers and duties exercised by the county commission under this chapter, and the commission shall relinquish all powers and duties relating to the provision of emergency services under this chapter to the board.

(4) In any county of the first classification with more than fifty thousand but fewer than seventy thousand inhabitants, each of the entities listed in subdivision (2) of this subsection shall be represented on the board by at least one member.

(5) In any county with more than fifty thousand but fewer than seventy thousand inhabitants and with a county seat with more than two thousand one hundred but fewer than two thousand four hundred inhabitants, the entities listed in subdivision (2) of this subsection shall be represented by one member, and two members shall be residents of the county not affiliated with any of the entities listed in subdivision (2) of this subsection and shall be known as public members.

by wireless service providers] **190.460** shall be remitted to the director of the department of revenue.

2. The director of the department of revenue shall deposit such payments into the [wireless service-provider enhanced] Missouri 911 service **trust** fund. Moneys in the fund shall be used for the purpose of reimbursing expenditures actually incurred in the implementation and operation of the [wireless service provider-enhanced] Missouri 911 [system] systems and for the answering and dispatching of emergency calls as determined to be appropriate by the governing body of the county or city imposing the fee.

3. Any unexpended balance in the fund shall be exempt from the provisions of section 33.080, relating to the transfer of unexpended balances to the general revenue fund, and shall remain in the fund. Any interest earned on the moneys in the fund shall be deposited into the fund.

4. The moneys in the trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of moneys in the trust fund which were collected in each county, city not within a county, or home rule city with more than fifteen thousand but fewer than seventeen thousand inhabitants and partially located in any county of the third classification without a township form of government and with more than thirty-seven thousand but fewer than forty-one thousand inhabitants under sections 190.400 to 190.460, and the records shall be open to the inspection of officers of a participating county or city and the public.

190.455. 1. Except as provided under subsections 9 and 10 of this section, in lieu of the tax levy authorized under section 190.305 or 190.325, or the sales tax imposed under section 190.292 or 190.335, the governing body of any county, city not within a county, or home rule city with more than fifteen thousand but fewer than seventeen thousand inhabitants and partially located in any county of the third classification without a township form of government and with more than thirty-seven thousand but fewer than forty-one thousand inhabitants may impose, by order or ordinance, a monthly fee on subscribers of any communications service that has been enabled to contact 911. The monthly fee authorized in this section shall not exceed one dollar and fifty cents and shall be assessed to the subscriber of the communications service, regardless of technology, based upon the number of active telephone numbers, or their functional equivalents or successors, assigned by the provider and capable of simultaneously contacting the public safety answering point; provided that, for multiline telephone systems and for facilities provisioned with capacity greater than a voice-capable grade channel or its equivalent, regardless of technology, the charge shall be assessed on the number of voice-capable grade channels as provisioned by the provider that allow simultaneous contact with the public safety answering point. Only one fee may be assessed per active telephone number, or its functional equivalent or successor, used to provide a communications service. No fee imposed under this section shall be imposed on more than one hundred voice-grade channels or their equivalent per person per location. Notwithstanding any provision of this section to the contrary, the monthly fee shall not be assessed on the provision of broadband internet access service. The fee shall be imposed solely for the purpose of funding 911 service in such county or city. The monthly fee authorized in this section shall be limited to one fee per device. The fee authorized in this section shall be in addition to all other taxes and fees imposed by law and may be stated separately from all other charges and taxes. The fee shall be the liability of the subscriber, not the provider, except that the provider shall be liable to remit all fees that the provider collects under this section.

2. No such order or ordinance adopted under this section shall become effective unless the governing body of the county or city submits to the voters residing within the county or city at a state general, primary, or special election a proposal to authorize the governing body to impose a fee under this section. The question submitted shall be in substantially the following form:

"Shall (insert name of county or city) impose a monthly fee of (insert amount) on a subscriber of any communications service that has been enabled to contact 911 for the purpose of funding 911 service in the (county or city)?"

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, the fee shall become effective on the first day of the second calendar quarter after the director of revenue receives notification of adoption of the fee. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, the fee shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. Except as modified in this section, all provisions of sections 32.085 and 32.087 and subsection 7 of section 144.190 shall apply to the fee imposed under this section.

4. All revenue collected under this section by the director of the department of revenue on behalf of the county or city, except for two percent to be withheld by the provider for the cost of administering the collection and remittance of the fee, and one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in the Missouri 911 service trust fund created under section 190.420. The director of the department of revenue shall remit such funds to the county or city on a monthly basis. The governing body of any such county or city shall control such funds remitted to the county or city unless the county or city has established an elected board for the purpose of administering such funds. In the event that any county or city has established a board under any other provision of state law for the purpose of administering funds for 911 service, such existing board may continue to perform such functions after the county or city has adopted the monthly fee under this section.

5. Nothing in this section imposes any obligation upon a provider of a communications service to take any legal action to enforce the collection of the tax imposed in this section. The tax shall be collected in compliance, as applicable, with the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

6. Notwithstanding any other provision of law to the contrary, proprietary information submitted under this section shall only be subject to subpoena or lawful court order. Information collected under this section shall only be released or published in aggregate amounts that do not identify or allow identification of numbers of subscribers or revenues attributable to an individual communications service provider.

7. Notwithstanding any other provision of law to the contrary, in no event shall any communications service provider, its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons, be liable for any form of civil damages or criminal liability that directly or indirectly results from, or is caused by:

(1) An act or omission in the development, design, installation, operation, maintenance, performance, or provision of service to a public safety answering point or to subscribers that use such service, whether providing such service is required by law or is voluntary; or

(2) The release of subscriber information to any governmental entity under this section unless such act, release of subscriber information, or omission constitutes gross negligence, recklessness, or intentional misconduct.

Nothing in this section is intended to void or otherwise override any contractual obligation pertaining to equipment or services sold to a public safety answering point by a communications service provider. No cause of action shall lie in any court of law against any provider of communications service, commercial mobile service, or other communications-related service, or its officers, employees, assignees, agents, vendors, or anyone acting on behalf of such persons, for providing call location information concerning the user of any such service in an emergency situation to a law enforcement official or agency in order to respond to a call for emergency service by a subscriber, customer, or user of such service or for providing caller location information or doing a ping locate in an emergency situation that involves danger of death or serious physical injury to any person where disclosure of communications relating to the emergency is required without delay, whether such provision of information is required by law or voluntary.

8. The fee imposed under this section shall not be imposed on customers who pay for service prospectively, including customers of prepaid wireless telecommunications service.

9. No county or city shall submit a proposal to the voters under this section for a fee of more than one dollar until the county or city receives approval for the fee amount from the Missouri 911 service board established under section 650.325. Once a fee of more than one dollar has been approved by the Missouri 911 service board and the voters, the county or city shall not subsequently increase the fee until the increased fee

amount has been approved by the Missouri 911 service board and the voters under this section. Any county or city seeking to impose or increase a fee of more than one dollar shall submit to the Missouri 911 service board information to justify the fee amount. The information to be provided shall include, but not be limited to, the following:

- (1) Estimated costs of services to be provided;
- (2) Estimated revenue from all sources intended to financially support the proposed 911 service;
- (3) Prior revenue amounts and sources of financial support for the previously funded 911 or emergency dispatch service;
- (4) Efforts to secure revenue to support the proposed 911 service other than the proposed fee under this section;
- (5) Current level of 911 service provided and the proposed level of 911 service to be provided;
- (6) Any previous efforts regarding the consolidation of 911 services and any currently proposed efforts regarding the consolidation of 911 services; and
- (7) Expected level of training of personnel and expected number of telecommunications per shift.

10. The fee imposed under this section shall not be imposed in conjunction with any tax imposed under section 190.292, 190.305, 190.325, or 190.335. No county or city shall simultaneously impose more than one tax authorized in this section or section 190.292, 190.305, 190.325, or 190.335. No fee imposed under this section shall be imposed on more than one hundred exchange access facilities or their equivalent per person per location.

11. No county shall submit a proposal to the voters of the county under this section or section 190.335 until either:

(1) All providers of emergency telephone service as defined in section 190.300 and public safety answering point operations within the county are consolidated into one public agency as defined in section 190.300 that provides emergency telephone service for the county;

(2) The county develops a plan for consolidation of emergency telephone service, as defined in section 190.300, and public safety answering point operations within the county are consolidated into one public agency, as defined in section 190.300, that provides emergency telephone service for the county; or

(3) The county develops a plan for consolidation of emergency telephone service, as defined in section 190.300, and public safety answering point operations within the county that includes either consolidation or entering into a shared services agreement for such services, which shall be implemented on approval of the fee by the voters.

12. Any plan developed under subdivision (2) or (3) of subsection 11 of this section shall be filed with the Missouri 911 service board under subsection 4 of section 650.330. Any plan that is filed under this subsection shall provide for the establishment of a joint emergency communications board as described in section 70.260. The director of the department of revenue shall not remit any funds as provided under this section until the department receives notification from the Missouri 911 service board that the county has filed a plan that is ready for implementation. If, after one year following the enactment of the fee described in subsection 1 of this section, the county has not complied with the plan that the county submitted under subdivision (2) or (3) of subsection 11 of this section, but the county has substantially complied with the plan, the Missouri 911 service board may grant the county an extension of up to six months to comply with its plan. Not more than one extension may be granted to a county. The authority to impose the fee granted to the county in subsection 1 of this section shall be null and void if after one year following the enactment of the fee described in subsection 1 of this section the county has not complied with the plan and has not been granted an extension by the Missouri 911 service board, or if the six-month extension expires and the county has not complied with the plan.

13. Each county that does not have a public agency, as defined in section 190.300, that provides emergency telephone service as defined in section 190.300 for the county shall either:

(1) Enter into a shared services agreement for providing emergency telephone services with a public agency that provides emergency telephone service, if such an agreement is feasible; or

(2) Form with one or more counties an emergency telephone services district in conjunction with any county with a public agency that provides emergency telephone service within the county. If such a district is formed under this subdivision, the governing body of such district shall be the county commissioners of each county within the district, and each county within such district shall submit to the voters of the county a proposal to impose the fee under this section.

14. A county operating joint or shared emergency telephone service, as defined in section 190.300, may submit to the voters of the county a proposal to impose the fee to support joint operations and further consolidation under this section.

15. All 911 fees shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 to 124, as amended.

16. Nothing in subsections 11, 12, 13, and 14 of this section shall apply to a county with a charter form of government where all public safety answering points within the county utilize a common 911 communication service as implemented by the appropriate local and county agencies prior to August 28, 2018.

17. Any home rule city with more than four hundred thousand inhabitants and located in more than one county shall establish an agreement with the counties in which it is located regarding the allocation of anticipated revenue created upon passage of a ballot action submitted to the voters as provided for in 190.292, 190.305, 190.325, 190.335 & 190.455 as well as revenue provided based upon 190.460 and the divided cost related to regional 911 services. The allocation and actual expenses of the regional 911 service shall be determined based upon the percentage of residents of each county who also reside in the home rule city compared with those who reside in the county but who do not reside in the home rule city. The agreement between the counties and the home rule city may either be between the individual counties and the home rule city or jointly between all entities. The agreement to divide cost and revenue as required in this section shall not take effect until passage of a ballot proposition as defined in 190.292, 190.305, 190.325, 190.335 or 190.455. The population shall be determined based upon the most recent decennial census. This subsection shall not apply to a county of the first classification without a charter form of government with a population of at least ninety-eight thousand but fewer than one hundred five thousand inhabitants.

190.460. 1. As used in this section, the following terms mean:

- (1) "Board", the Missouri 911 service board established under section 650.325;
- (2) "Consumer", a person who purchases prepaid wireless telecommunications service in a retail transaction;
- (3) "Department", the department of revenue;
- (4) "Prepaid wireless service provider", a provider that provides prepaid wireless service to an end user;
- (5) "Prepaid wireless telecommunications service", a wireless telecommunications service that allows a caller to dial 911 to access the 911 system and which service shall be paid for in advance and is sold in predetermined units or dollars of which the number declines with use in a known amount;
- (6) "Retail transaction", the purchase of prepaid wireless telecommunications service from a seller for any purpose other than resale. The purchase of more than one item that provides prepaid wireless telecommunication service, when such items are sold separately, constitutes more than one retail transaction;
- (7) "Seller", a person who sells prepaid wireless telecommunications service to another person;
- (8) "Wireless telecommunications service", commercial mobile radio service as defined by 47 CFR 20.3, as amended.

2. (1) Beginning January 1, 2019, there is hereby imposed a prepaid wireless emergency telephone service charge on each retail transaction. The amount of such charge shall be equal to three percent of each retail transaction. However, if a minimal amount of prepaid wireless telecommunications service is sold with a prepaid wireless device for a single nonitemized price, the seller may elect not to apply such service charge to such transaction. For purposes of this subdivision, an amount of service denominated as ten or fewer minutes, or five dollars or less, is minimal.

(2) The prepaid wireless emergency telephone service charge shall be collected by the seller from the consumer with respect to each retail transaction occurring in this state. The amount of the prepaid wireless emergency telephone service charge shall be either separately stated on an invoice, receipt, or other similar document that is provided to the consumer by the seller or otherwise disclosed to the consumer.

(3) For purposes of this subsection, a retail transaction that is effected in person by a consumer at a business location of the seller shall be treated as occurring in this state if that business location is in this state, and any other retail transaction shall be treated as occurring in this state if the retail transaction is treated as occurring in this state under state law.

(4) The prepaid wireless emergency telephone service charge is the liability of the consumer and not of the seller or of any provider; except that, the seller shall be liable to remit all charges that the seller is deemed to collect if the amount of the charge has not been separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller.

(5) The amount of the prepaid wireless emergency telephone service charge that is collected by a seller from a consumer, if such amount is separately stated on an invoice, receipt, or other similar document provided to the consumer by the seller, shall not be included in the base for measuring any tax, fee, surcharge, or other charge that is imposed by this state, any political subdivision of this state, or any intergovernmental agency.

3. (1) Prepaid wireless emergency telephone service charges collected by sellers shall be remitted to the department at the times and in the manner provided by state law with respect to sales and use taxes. The department shall establish registration and payment procedures that substantially coincide with the registration and payment procedures that apply under state law.

(2) Beginning on January 1, 2019, and ending on January 31, 2019, when a consumer purchases prepaid wireless telecommunications service in a retail transaction from a seller under this section, the seller shall be allowed to retain one hundred percent of the prepaid wireless emergency telephone service charges that are collected by the seller from the consumer. Beginning on February 1, 2019, a seller shall be permitted to deduct and retain three percent of prepaid wireless emergency telephone service charges that are collected by the seller from consumers.

(3) The department shall establish procedures by which a seller of prepaid wireless telecommunications service may document that a sale is not a retail transaction, which procedures shall substantially coincide with the procedures for documenting sale for resale transactions for sales and use purposes under state law.

(4) The department shall deposit all remitted prepaid wireless emergency telephone service charges into the general revenue fund for the department's use until eight hundred thousand one hundred fifty dollars is collected to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges. From then onward, the department shall deposit all remitted prepaid wireless emergency telephone service charges into the Missouri 911 service trust fund created under section 190.420 within thirty days of receipt for use by the board. After the initial eight hundred thousand one hundred fifty dollars is collected, the department may deduct an amount not to exceed one percent of collected charges to be retained by the department to reimburse its direct costs of administering the collection and remittance of prepaid wireless emergency telephone service charges.

(5) The board shall set a rate between twenty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties without a charter form of government, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to such counties in direct proportion to the amount of charges collected in each county. The board shall set a rate between sixty-five and seventy-five percent of the prepaid wireless emergency telephone service charges deposited in the Missouri 911 service trust fund collected in counties with a charter form of government and any city not within a county, less the deductions authorized in subdivision (4) of this subsection, that shall be remitted to each such county or city not within a county in direct proportion to the amount of charges collected in each such county or city not within a county. The initial percentage rate set by the board for counties with and without a charter form of government and any city not within a county may be adjusted after three years, and thereafter the rate may be adjusted every two years; however, at no point shall the board set rates that fall below twenty-five percent for counties without a charter form of government and sixty-five percent for counties with a charter form of government and any city not within a county.

(6) Any amounts received by a county or city under subdivision (5) of this subsection shall be used only for purposes authorized in sections 190.305 and 190.335.

4. (1) A seller that is not a provider shall be entitled to the immunity and liability protections under section 190.455, notwithstanding any requirement in state law regarding compliance with Federal Communications Commission Order 05-116.

(2) A provider shall be entitled to the immunity and liability protections under section 190.455.

(3) In addition to the protection from liability provided in subdivisions (1) and (2) of this subsection, each provider and seller and its officers, employees, assigns, agents, vendors, or anyone acting on behalf of such persons shall be entitled to the further protection from liability, if any, that is provided to providers and sellers of wireless telecommunications service that is not prepaid wireless telecommunications service under section 190.455.

5. The prepaid wireless emergency telephone service charge imposed by this section shall be in addition to any other tax, fee, surcharge, or other charge imposed by this state, any political subdivision of this state, or any intergovernmental agency for 911 funding purposes.

190.465. 1. In order to provide the best possible 911 technology and service to all areas of the state in the most efficient and economical manner possible, it is the public policy of this state to encourage the consolidation of emergency communications operations.

2. Any county, city, or 911 or emergency services board established under chapter 190 or section 321.243 may contract and cooperate with any other county, city, or 911 or emergency services board established under chapter 190 or section 321.243 as provided in sections 70.210 to 70.320. Any contracting counties or boards may seek assistance and advice from the Missouri 911 service board established in section 650.325 regarding the terms of the joint contract and the administration and operation of the contracting counties, cities, and boards.

3. If two or more counties, cities, 911 districts, or existing emergency communications entities desire to consolidate their emergency communications operations, a joint emergency communications entity may be established by the parties through an agreement identifying the conditions and provisions of the consolidation and the operation of the joint entity. This agreement may include the establishment of a joint governing body that may be comprised of the boards of the entities forming the agreement currently authorized by statute or an elected or appointed joint board authorized under section 70.260; provided that, the representation on the joint board of each of the entities forming the agreement shall be equal. If the entities entering into an agreement under this subsection decide that any 911 service center responsible for the answering of 911 calls and the dispatch of assistance shall be physically located in a county other than a county with the lowest average county wage from the set of counties where the entities entering into an agreement under this subsection are located in whole or part, such entities shall provide a written reason for this decision to the Missouri 911 service board and such document shall be considered a public record under chapter 610. The county average wage comparison shall be conducted using the information from the Missouri department of economic development, which calculates such county average wages under section 135.950.

4. After August 28, 2018, no public safety answering point operation may be established as a result of its separation from an existing public safety answering point operation without a study by, and the approval of, the Missouri 911 service board.

5. No provision of this section shall be construed to prohibit or discourage in any manner the formation of multiagency or multijurisdictional public safety answering point operations.

190.470. 1. As an alternative to the procedure provided in section 190.465, two or more 911 central dispatch centers that are organized under sections 190.327 to 190.329 or section 190.335 and funded by public taxes may consolidate into one 911 central dispatch center by following the procedures set forth in this section.

2. If the consolidation of existing 911 central dispatch centers is desired, a number of voters residing in the existing 911 central dispatch centers' service areas equal to ten percent of the votes cast for governor in those service areas in the preceding gubernatorial election may file with the county clerk in which the territory or greater part of the proposed consolidated 911 central dispatch center service area will be situated a petition requesting consolidation of two or more 911 central dispatch centers.

3. The petition shall be in the following form:

"We, the undersigned voters residing in the service areas for the following 911 central dispatch centers, do hereby petition that the following existing 911 central dispatch centers be consolidated into one 911 central dispatch center."

4. An alternative procedure of consolidation may be followed if each of the boards of directors of the existing 911 central dispatch centers passes a resolution in the following form:

"The board of directors of the 911 central dispatch center resolves that the and 911 central dispatch centers be consolidated into one 911 central dispatch center."

5. Upon the filing of a petition or resolution with the county clerk from each of the service areas of the 911 central dispatch centers to be consolidated, the clerk shall present the petition or resolution to the commissioners of the county commission having jurisdiction, who shall order the submission of the question to voters within the affected 911 central dispatch center service areas. The filing of a petition shall be no later than twelve months after any original voter's signature contained therein.

6. The notice of election shall contain the names of the existing 911 central dispatch centers to be included in the consolidated 911 central dispatch center.

7. The question shall be submitted in substantially the following form:

"Shall the existing 911 central dispatch centers be consolidated into one 911 central dispatch center?"

8. If the question of consolidation of the 911 central dispatch centers receives a majority of the votes cast in each service area, the county commissions having joint jurisdiction shall each enter an order declaring the proposition passed.

9. Within thirty days after the 911 central dispatch center has been declared consolidated, the respective county commissions having jurisdiction shall jointly meet to appoint a new seven-person board consisting of the agencies and professions listed in subsection 9 of section 190.335, and shall ensure geographic representation by appointing no more than four members from any one county having jurisdiction within the consolidated area for the newly consolidated 911 central dispatch center.

10. Within thirty days after the appointment of the initial board of directors of the newly consolidated 911 central dispatch center, the board of directors shall meet at a time and place designated by the county commissions. At the first meeting, the newly appointed board of directors shall choose a name for the consolidated 911 central dispatch center and shall notify the clerks of the county commission of each county within which the newly consolidated 911 central dispatch center's service area now subsumes.

11. Starting with the April election in the year after the appointment of the initial board of directors, one member shall be subject to running at large as chair for a four-year term. Four members shall be selected by lot to run for two-year terms, and two members shall be selected by lot to run for four-year terms. Thereafter, all terms shall be four-year terms.

12. On the thirtieth day following the appointment of the initial board of directors, the existing 911 central dispatch centers shall cease to exist and the consolidated 911 central dispatch center shall assume all of the powers and duties exercised by the 911 central dispatch centers. All assets and obligations of the existing 911 central dispatch centers shall become the assets and obligations of the newly consolidated 911 central dispatch center.

13. In any county that has a single board established under chapter 190 or under section 321.243, if a consolidation under this section only affects existing 911 central dispatch centers located wholly within such county, the existing board shall vote as to whether the existing board shall continue to exist. Upon a majority vote for approval of the existing board continuing to exist, subsections 9 to 12 of this section shall not apply, and the existing board shall continue to exist and have the powers set forth under the applicable section or sections within chapter 190 or under section 321.243. Upon a majority vote in disapproval of the existing board continuing to exist, all applicable subsections of this section shall apply to the consolidation. A tied vote shall be considered a disapproval of the existing board continuing to exist.

190.475. The director of the department of revenue shall maintain a centralized database, which shall be made available to the Missouri 911 service board established under section 650.325, specifying the current monthly fee or tax imposed by each county or city under section 190.292, 190.305, 190.325, 190.335, or 190.455. The database shall be updated no less than sixty days prior to the effective date of the establishment or modification of any monthly fee or tax listed in the database."; and

For redevelopment projects or redevelopment plans approved after December 23, 1997, if a retail establishment relocates within one year from one facility to another facility within the same county and the governing body of the municipality finds that the relocation is a direct beneficiary of tax increment financing, then for purposes of this definition, the economic activity taxes generated by the retail establishment shall equal the total additional revenues from economic activity taxes which are imposed by a municipality or other taxing district over the amount of economic activity taxes generated by the retail establishment in the calendar year prior to its relocation to the redevelopment area;

~~[(5) "Economic development area", any area or portion of an area located within the territorial limits of a municipality, which does not meet the requirements of subdivisions (1) and (3) of this section, and in which the governing body of the municipality finds that redevelopment will not be solely used for development of commercial businesses which unfairly compete in the local economy and is in the public interest because it will:~~

~~[(13)]~~ **(11)** "Redevelopment plan", the comprehensive program of a municipality for redevelopment intended by the payment of redevelopment costs to reduce or eliminate those conditions, the existence of which qualified the redevelopment area as a blighted area, ~~[conservation area, economic development area, or combination thereof,]~~ and to thereby enhance the tax bases of the taxing districts which extend into the redevelopment area. No redevelopment plan shall be adopted by a municipality without findings that:

(1) The redevelopment area on the whole is a blighted area~~[, a conservation area, or an economic development area,]~~ and has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of tax increment financing. Such a

finding shall include, but not be limited to, a **study conducted by a third party which includes a** detailed description of the factors that qualify the redevelopment area or project pursuant to this subdivision and an affidavit, signed by the developer or developers and submitted with the redevelopment plan, attesting that the provisions of this subdivision have been met;

(2) The redevelopment plan conforms to the comprehensive plan for the development of the municipality as a whole;

(3) The estimated dates, which shall not be more than twenty-three years from the adoption of the ordinance approving a redevelopment project within a redevelopment area, of completion of any redevelopment project and retirement of obligations incurred to finance redevelopment project costs have been stated, provided that no ordinance approving a redevelopment project shall be adopted later than ten years from the adoption of the ordinance approving the redevelopment plan under which such project is authorized and provided that no property for a redevelopment project shall be acquired by eminent domain later than five years from the adoption of the ordinance approving such redevelopment project;

(4) A plan has been developed for relocation assistance for businesses and residences;

(5) A cost-benefit analysis showing the economic impact of the plan on each taxing district which is at least partially within the boundaries of the redevelopment area. The analysis shall show the impact on the economy if the project is not built, and is built pursuant to the redevelopment plan under consideration. The cost-benefit analysis shall include a fiscal impact study on every affected political subdivision, and sufficient information from the developer for the commission established in section 99.820 to evaluate whether the project as proposed is financially feasible;

(6) A finding that the plan does not include the initial development or redevelopment of any gambling establishment, provided however, that this subdivision shall be applicable only to a redevelopment plan adopted for a redevelopment area designated by ordinance after December 23, 1997.

2. By the last day of February each year, each commission shall report to the director of economic development the name, address, phone number and primary line of business of any business which relocates to the district. The director of the department of economic development shall compile and report the same to the governor, the speaker of the house and the president pro tempore of the senate on the last day of April each year.

99.825. 1. (1) Prior to the adoption of an ordinance proposing the designation of a redevelopment area, or approving a redevelopment plan or redevelopment project, the commission shall fix a time and place for a public hearing as required in subsection 4 of section 99.820 and notify each taxing district located wholly or partially within the boundaries of the proposed redevelopment area, plan or project.

(2) At the public hearing any interested person or affected taxing district may file with the commission written objections to, or comments on, and may be heard orally in respect to, any issues embodied in the notice. The commission shall hear and consider all protests, objections, comments and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing; provided, if the commission is created under ~~subsection 3 of~~ section 99.820, the hearing shall not be continued for more than thirty days beyond the date on which it is originally opened unless such longer period is requested by the chief elected official of the municipality creating the commission and approved by a majority of the commission.

(3) Prior to the conclusion of the hearing, changes may be made in the redevelopment plan, redevelopment project, or redevelopment area, provided that each affected taxing district is given written notice of such changes at least seven days prior to the conclusion of the hearing. After the public hearing but prior to the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, changes may be made to the redevelopment plan, redevelopment projects or redevelopment areas without a further hearing, if such changes do not enlarge the exterior boundaries of the redevelopment area or areas, and do not substantially affect the general land uses established in the redevelopment plan or substantially change the nature of the redevelopment projects, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the area of the proposed redevelopment not less than ten days prior to the adoption of the changes by ordinance.

(4) After the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, no ordinance shall be adopted altering the exterior boundaries, affecting the general land uses established pursuant to the redevelopment plan or changing the nature of the redevelopment project without complying with the procedures provided in this section pertaining to the initial approval of a redevelopment plan or redevelopment project and designation of a redevelopment area.

(5) Within ten days of the adoption of an ordinance approving a redevelopment plan or redevelopment project, or designating a redevelopment area, the commission created under section 99.820

shall notify each board or body that oversees a taxing district that is partially or wholly located within the redevelopment area of the approval of the ordinance.

(6) Hearings with regard to a redevelopment project, redevelopment area, or redevelopment plan may be held simultaneously.

(7) Notwithstanding any other provision of law to the contrary, in addition to a public hearing, the governing body of a city, town, or village shall, for a thirty-day period, establish a forum for the public to comment on the proposed district. The forum may be digital, physical, or both. Comments shall be recorded and delivered to the governing body before the governing body votes on the proposed district.

(8) A city, town, or village shall post the following information on its official internet website accessible by the public and, during the thirty-day comment period, on conspicuous signs located throughout the redevelopment area:

(a) The boundaries of the proposed district by street location, or other readily identifiable means if no street location exists, and a map illustrating the proposed boundaries;

(b) The date, time, and place of the public hearing;

(c) A statement that a copy of the petition is available for review at the office of the municipal clerk during regular business hours; and

(d) A statement that all interested persons shall be given an opportunity to be heard at the public hearing.

If a city, town, or village does not have an official internet website, it shall make the above information reasonably available in its most prominent building of governance.

2. If, after concluding the hearing required under this section, the commission makes a recommendation under section 99.820 in opposition to a proposed redevelopment plan, redevelopment project, or designation of a redevelopment area, or any amendments thereto, a municipality desiring to approve such project, plan, designation, or amendments shall do so only upon a two-thirds majority vote of the governing body of such municipality. For plans, projects, designations, or amendments approved by a municipality over the recommendation in opposition by the commission formed under ~~[subsection 3 of]~~ section 99.820, the economic activity taxes and payments in lieu of taxes generated by such plan, project, designation, or amendment shall be restricted to paying only those redevelopment project costs contained in subparagraphs b. and c. of paragraph (c) of subdivision (15) of section 99.805 per redevelopment project.

~~[3. Tax incremental financing projects within an economic development area shall apply to and fund only the following infrastructure projects: highways, roads, streets, bridges, sewers, traffic control systems and devices, water distribution and supply systems, curbing, sidewalks and any other similar public improvements, but in no case shall it include buildings.]~~

99.843. Notwithstanding the provisions of sections 99.800 to 99.865 to the contrary, no new tax increment financing project shall be authorized in any greenfield area, as such term is defined in section 99.805~~], that is located within a city not within a county or any county subject to the authority of the East West Gateway Council of Governments. Municipalities not subject to the authority of the East West Gateway Council of Governments may authorize tax increment finance projects in greenfield areas].~~

99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the “Special Allocation Fund” of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district’s levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district’s levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district’s actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor’s book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, “levies upon taxable real property in such redevelopment project by taxing districts” shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants’ and manufacturers’ inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998;

(4) The board or body that oversees a taxing district, as that term is defined under section 99.805, may elect to have fifty percent of the property or sales taxes levied by such district excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority no later than sixty days after the project or plan is adopted or approved by ordinance. The vote may occur before the ordinance is adopted. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue, the county collector, and every other taxing district in the redevelopment area. If the resolution passes, subdivision (2) of this subsection shall not apply to fifty percent of the tax levied by the taxing district, and fifty percent of the revenue from such tax shall be allocated to the district and shall not be allocated to redevelopment costs and obligations; and

(5) A school board of a school district may elect to have fifty percent of the portion of property tax revenue allocated to the school district by a county or municipality excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority no later than sixty days after the project or plan is adopted or approved by ordinance. The vote may occur before the ordinance is adopted. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue, the county collector, and every other taxing district in the redevelopment area. If the resolution passes, subdivision (2) of this subsection shall not apply to fifty percent of the percentage of property tax revenue equal to the average percentage of property

tax revenue allocated to the school district over the preceding five years, and such percentage of revenue attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property within the redevelopment project area shall be allocated to the school district and shall not be allocated to redevelopment costs and obligations.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. 12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971."; and

House Amendment No. 14

AMEND House Committee Substitute for Senate Substitute for Senate Bill No. 870, Page 1, Section A, Line 8, by inserting after all of said line the following:

"99.845. 1. A municipality, either at the time a redevelopment project is approved or, in the event a municipality has undertaken acts establishing a redevelopment plan and redevelopment project and has designated a redevelopment area after the passage and approval of sections 99.800 to 99.865 but prior to August 13, 1982, which acts are in conformance with the procedures of sections 99.800 to 99.865, may adopt tax increment allocation financing by passing an ordinance providing that after the total equalized assessed valuation of the taxable real property in a redevelopment project exceeds the certified total initial equalized assessed valuation of the taxable real property in the redevelopment project, the ad valorem taxes, and payments in lieu of taxes, if any, arising from the levies upon taxable real property in such redevelopment project by taxing districts and tax rates determined in the manner provided in subsection 2 of section 99.855 each year after the effective date of the ordinance until redevelopment costs have been paid shall be divided as follows:

(1) That portion of taxes, penalties and interest levied upon each taxable lot, block, tract, or parcel of real property which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid by the county collector to the respective affected taxing districts in the manner required by law in the absence of the adoption of tax increment allocation financing;

(2) (a) Payments in lieu of taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the area selected for the redevelopment project and any applicable penalty and interest over and above the initial equalized assessed value of each such unit of property in the area selected for the redevelopment project shall be allocated to and, when collected, shall be paid to the municipal treasurer who shall deposit such payment in lieu of taxes into a special fund called the “Special Allocation Fund” of the municipality for the purpose of paying redevelopment costs and obligations incurred in the payment thereof. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district’s levy rate for ad valorem tax on real property, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district’s levy rate shall not be considered payments in lieu of taxes subject to deposit into a special allocation fund without the consent of such taxing district. Revenues will be considered directly attributable to the newly voter-approved incremental increase to the extent that they are generated from the difference between the taxing district’s actual levy rate currently imposed and the maximum voter-approved levy rate at the time that the redevelopment project was adopted. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. No part of the current equalized assessed valuation of each lot, block, tract, or parcel of property in the area selected for the redevelopment project attributable to any increase above the total initial equalized assessed value of such properties shall be used in calculating the general state school aid formula provided for in section 163.031 until such time as all redevelopment costs have been paid as provided for in this section and section 99.850.

(b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to Article VI, Section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes.

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor’s book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to Article VI, Section 26(b) of the Missouri Constitution;

(3) For purposes of this section, “levies upon taxable real property in such redevelopment project by taxing districts” shall not include the blind pension fund tax levied under the authority of Article III, Section 38(b) of the Missouri Constitution, or the merchants’ and manufacturers’ inventory replacement tax levied under the authority of subsection 2 of Section 6 of Article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998;

(4) The board or body that oversees a taxing district, as that term is defined under section 99.805, may elect to have fifty percent of the property or sales taxes levied by such district excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority no later than sixty days after the project or plan is adopted or approved by ordinance. The vote may occur before the ordinance is adopted. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue, the county collector, and every other taxing district in the redevelopment area. If the resolution passes, subdivision (2) of this subsection shall not apply to fifty percent of the tax levied by the taxing district, and fifty percent of the revenue from such tax shall be allocated to the district and shall not be allocated to redevelopment costs and obligations; and

(5) A school board of a school district may elect to have fifty percent of the portion of property tax revenue allocated to the school district by a county or municipality excluded from a tax increment allocation financing project or plan by passing a resolution by two-thirds majority no later than sixty days after the project or plan is adopted or approved by ordinance. The vote may occur before the ordinance is adopted. At least ten days prior to the vote on the resolution, the board shall post notice of and hold a public hearing. If the resolution passes, the board shall notify the director of revenue, the county collector, and every other taxing district in the redevelopment area. If the resolution passes, subdivision (2) of this subsection shall not apply to fifty percent of the percentage of property tax revenue equal to the average percentage of property

tax revenue allocated to the school district over the preceding five years, and such percentage of revenue attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property within the redevelopment project area shall be allocated to the school district and shall not be allocated to redevelopment costs and obligations.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district, licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales under and pursuant to section 67.700 or 650.399 for the purpose of emergency communication systems, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Beginning August 28, 2014, if the voters in a taxing district vote to approve an increase in such taxing district's sales tax or use tax, other than the renewal of an expiring sales or use tax, any additional revenues generated within an existing redevelopment project area that are directly attributable to the newly voter-approved incremental increase in such taxing district's levy rate shall not be considered economic activity taxes subject to deposit into a special allocation fund without the consent of such taxing district.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to the following:

(1) Blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(a) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(b) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand;

(2) Blighted areas consisting solely of the site of a former automobile manufacturing plant located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants. For the purposes of this section, "former automobile manufacturing plant" means a redevelopment area containing a minimum of one hundred acres, and such redevelopment area was previously used primarily for the manufacture of automobiles but ceased such manufacturing after the 2007 calendar year; or

(3) Blighted areas consisting solely of the site of a former insurance company national service center containing a minimum of one hundred acres located in any county with a charter form of government and with more than nine hundred fifty thousand inhabitants.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsection 4 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by

the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

- (a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

- (x) The average hourly wage to be paid to all current and new employees at the project site, broken down by full-time, part-time, and temporary positions;
- (y) For project sites located in a metropolitan statistical area, as defined by the federal Office of Management and Budget, the average hourly wage paid to nonmanagerial employees in this state for the industries involved at the project, as established by the United States Bureau of Labor Statistics;

(ee) A statement as to whether or not the project involves the relocation of work from another address and if so, the number of jobs to be relocated and the address from which they are to be relocated;

(ff) A list of competing businesses in the county containing the development area and in each contiguous county;

(gg) A market study for the development area;

(hh) A certification by the chief officer of the applicant as to the accuracy of the development plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars; provided, however, that such thirty-two million dollar cap shall not apply to redevelopment plans or projects initially listed by name in the applicable appropriations bill after August 28, 2015, which involve either:

(a) A former automobile manufacturing plant; or

(b) The retention of a federal employer employing over two thousand geospatial intelligence jobs.

At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (a) of this subdivision exceed four million dollars in the aggregate. At no time shall the annual amount of the new state revenues for disbursements from the Missouri supplemental tax increment financing fund for redevelopment plans and projects eligible under the provisions of paragraph (b) of this subdivision exceed twelve million dollars in the aggregate. To the extent a redevelopment plan or project independently meets the eligibility criteria set forth in both paragraphs (a) and (b) of this subdivision, then at no such time shall the annual amount of new state revenues for disbursements from the Missouri supplemental tax increment financing fund for such eligible redevelopment plan or project exceed twelve million dollars in the aggregate;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsection 4 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

15. Notwithstanding any other provision of the law to the contrary, the adoption of any tax increment financing authorized under sections 99.800 to 99.865 shall not supersede, alter, or reduce in any way a property tax levied under section 205.971."; and
